IFC Orders Crackdown On Fraternity Vandals

By SCOTTY PEAVLER
Staff Reporter

Vandalism to fraternity houses has been labeled a serious problem and the Inter-Fraternity Council has called a crackdown to ward-off further possible destruction.

David Ballard, IFC president, termed recent vandalism to Greek houses a "very real and pressing problem."

Ballard's statement followed a meeting of the IFC in which a stricter policy against vandalism was set up.

Under the new policy all reports of vandalism to fraternity houses will be investigated by an IFC committee. The committee in turn will issue a report of their investigation listing the legality

of the alleged vandalism and the estimated cost of repair.

If those responsible for the damage are not discovered, the cost of repair will be shared equally by all fraternities, Ballard said.

However, if the guilty party or parties are found out, the IFC will recommend punitive action for the offender to the university administration.

According to Ballard, offenders found guilty will be either assessed for the repair costs, placed on social probation or expelled from the university.

In summing up the IFC's stand, Ballard said:

"I feel that vandalism here at Marshall is a very real and pressing problem which warrants immediate attention.

Governor's Clean-Up Drive Year-Around Campus Job

By **SUSAN ATKINSON**
Editor-in-Chief

The College and University Committee for Governor Barron's Community Clean-Up Program decided at a meeting last week to start the clean-up drive at the various schools during September and to make the campaign a year-around project for the school.

The delegation also decided at the Charleston meeting to leave the arrangements for the local campaign up to the various college and university committees. The representatives decided that the local committees should meet this month and draw up the plans so that the campaign could start with the fall term.

Governor Barron spoke to the group and said, "We are a proud people and a proud state." He said this program was set up as a means of passing a master plan on to the people so that they will respond.

Why clean up West Virginia? Governor Barron listed these reasons: (1) Because of pride in the state; (2) Because every time a person picks up, instead of throwing down, he is taking part in state government; and (3) Because if the state is to grow, the people must work and build together.

The basic purpose of the West Virginia Community Clean-Up Program includes the safeguarding of health, the improvement of property, the creating of ideals of good citizenship, etc. Its purpose is also "to install a spirit of pride in West Virginia through working together for the life of the community and the state of

West Virginia . . . and to create conditions to attract industry, new citizens, and tourists.

The clean-up campaign officially opened Monday with parades and other activities in different state cities. "Mr. Clean", the detergent king, is visiting in West Virginia in connection with this program.

Marshall ROTC Will Adopt New Flight Training Program

The Military Science department has announced that a new Army flight training program will be offered at the University. The announcement was made Tuesday by Lt. Col. Thomas M. Ariail, professor of military science.

The new program will give junior and senior cadets actual flying instruction. Upon completion of the course the cadets will be awarded a private pilot's certificate and Army aviator's wings.

Area pilots will instruct the cadets in flying, which will include 40 to 46 hours of actual flying time.

Capt. Robert Zargan, assistant professor of military science, said the program is a result of Marshall gaining university status because "mostly universities and

larger schools" are selected by the government for such programs.

The government will invite bids from private flying schools in the area on fees for the course, according to Captain Zargan.

At noon, the Battle Group will be inspected and then pass in review on the field opposite Old Main.

Musical Has Guns, Songs

Guns, romance and some of Irving Berlin's most popular songs are the main elements of "Annie Get Your Gun," the musical comedy that will be presented by the Music and Speech Departments at 8 p.m., Wednesday, Thursday, and Friday in Old Main Auditorium.

A fourth performance will be given Saturday for parents attending the annual Parent's Weekend program.

Annie discovers the vital truth that holds not only in her own case but for all girls at all times, that "a man never trifles with gals who carry rifles," as stated by the words in Berlin's song, "You Can't Get A Man With a Gun"—she and her sweetheart, freed from competition with each other, are able to find happiness.

Wanda Paul, Huntington sophomore and John Bressler, Huntington junior, will have the leading

roles of the rival sure-shots, singing together the two Irving Berlin duets that have been well-known ever since "Annie" launched its three-year New York run in 1946—the comically brash "Anything You Can Do, I Can Do Better" and the wistfully tender "They Say It's Wonderful." They will also sing, with two other members of the cast, the now-classic quartet in praise of the

world of entertainment, "There's No Business Like Show Business."

Miss Paul will also sing "Doin' What Comes Natur'ly," the optimistic "I Got the Sun in the Morning," "Moonshine Lullaby," and the rhythmically uninhibited "I'm An Indian, Too". Mr. Bressler will sing two romantic solos written for his role, "The Girl That I Marry" and "My Defenses Are Down."

OLD GRADS NEVER DIE

In just a matter of weeks many of you will be graduating—especially seniors.

You are of course eager to go out in the great world where opportunities are limitless and deans nonexistent. At the same time your hearts are heavy at the thought of losing touch with so many classmates you have come to know and love.

It is my pleasant task today to assure you that graduation need not mean losing touch with classmates; all you have to do is join the Alumni Association and every year you will receive a bright, newsy, chatty bulletin, chock full of information about all your old buddies.

It was her second in four months.....

Oh, what a red-letter day it is at my house, the day the Alumni Bulletin arrives! I cancel all my engagements, take the phone off the hook, dismiss my chiropractor, put the ocelot outside, and settle down for an evening of pure pleasure with the Bulletin and (need I add?) a good supply of Marlboro Cigarettes.

Whenever I am having fun, a Marlboro makes the fun even more fun. That filter, that flavor, that pack or box never fails to heighten my pleasure whether I am watching the television or playing buck euchre or knitting an afghan or reading Mad or enjoying any other fun-filled pursuit you might name—except, of course, spearfishing. But then, how much spearfishing does one do in Clovis, New Mexico, where I live?

But I digress. Let us return to my Alumni Bulletin and let me quote for you the interesting tidings about all my old friends and classmates:

Well, fellow alums, it certainly has been a wing-dinger of a year for all us old grads! Remember Mildred Cheddar and Harry Camembert, those crazy kids who always held hands in Econ II? Well, they're married now and living in Clovis, New Mexico, where Harry rents spearfishing equipment and Mildred has just given birth to a lovely 28-pound daughter, her second in four months. Nice going, Mildred and Harry!

Remember Jethro Brie, the man we voted most likely to succeed? Well, old Jethro is still gathering laurels! Last week he was voted "Motorman of the Year" by his fellow workers in the Duluth streetcar system. "I owe it all to my brakeman," said Jethro in a characteristically modest acceptance speech. Same old Jethro!

Probably the most glamorous time of all us alums was had by Francis Macomber last year. He went on a big game hunting safari all the way to Africa! We received many interesting post cards from Francis until he was, alas, accidentally shot and killed by his wife and white hunter. Tough luck, Francis!

Wilma "Deadeye" Macomber, widow of the late beloved Francis Macomber, was married yesterday to Fred "Sureshot" Quimby, white hunter, in a simple double-ring ceremony in Nairobi. Good luck, Wilma and Fred!

Well, alums, that just about wraps it up for this year. Keep 'em flying!

Moody Looks At Hoop Prospects

Big Green Seen Strong MAC Contender

By BRUCE MOODY

Although it seems to be the wrong season to be thinking of basketball, many people have already cast their attention on next year's talented basketball team.

Last season's basketball team, helmed by Coach Jule Rivlin, made a tremendous comeback to rise from seventh place in the Mid-American Conference to a fourth place position at the end of the season.

The greatest effort by Marshall U's Big Green was their dramatic last game performance against Cincinnati University, which later went on to win the NCAA crown. In the game against Cincinnati, Marshall showed shooting and rebounding ability equal to the best team in the nation.

Next year, with the exception of "Chuck" Gordon, Tex Williams, Lou Mott, and myself, Coach Rivlin will have the same crew back. Among those who saw plenty of action last year will be: 6-foot, 8-inch Captain Bob Burgess, 6-foot, 6-inch Phil Carter, 6-foot, 4-inch, Mick Sydenstricker, 6-foot, 6-inch Dick Wildt, 6-foot, 3-inch Jim Gallion and 6-foot, 3-inch Charlie Moore.

Also returning and looking forward to more action will be 6-foot, 4-inch Dave Pugh, 6-foot, 1-inch Harry Roberts, 5-foot, 11-inch Corky Layman and 5-foot, 8-inch Steve Feola.

In addition to this height will be 6-foot, 4-inch Willie Tucker, 6-foot, 3-inch Jerry Morrison, 6-foot, 6-inch Larry Williams and 6-foot, 2-inch Chet Hildebrant, all of whom should see considerable action.

If there is any weak spot in the Marshall lineup next year it can be expected to be primarily in the back court. With the loss of Mott and Gordon, Coach Rivlin will be searching for a new "middle man" to handle the fast break.

The addition of two sophomores, Jody Sword and Butch Clark could possibly help make up the loss of Mott and Gordon.

Probably the strongest phase of next year's team will be in the rebounding department. The return of three frontline starters, all 6-foot, 4 inches and over,

could supply Marshall with the necessary rebounding and scoring power to clinch the Mid-American Conference. Captain Burgess from Blair, W. Va., Carter a forward from Clarksburg, W. Va., and Sydenstricker, a forward from Russell, Ky., will probably share the greatest part of the rebounding and scoring for Marshall.

Burgess, last year's number one rebounder and scorer on Marshall's team, was also the second best rebounder in the conference. This factor, along with the experience gained by Carter and Sydenstricker as sophomores last season, will be a primary asset to Marshall next year. In addition to this trio, there will also be plenty of help from Moore, Gallion, Wildt and Morrison.

Looks 'Em Over

BRUCE MOODY, New York senior and one of the top Big Green basketball players last season, took time out to preview the 1961-62 basketball team. The prospects? "Very good," says Bruce.

LUCKY STRIKE PRESENTS:

DEAR DR. FROOD:

DR. FROOD'S THOUGHT FOR THE DAY: BEWARE OF SUBLIMINAL ADVERTISING!

LUCKY STRIKE LUCKY STRIKE LUCKY STRIKE LUCKY STRIKE LUCKY STRIKE LUCKY STRIKE LUCKY STRIKE LUCKY STRIKE LUCKY STRIKE

Dear Dr. Frood: I've been reading a great deal about automated teaching devices. How long will it be before they come up with machines to replace professors?

Professor

DEAR PROFESSOR: Just as soon as they get one that can rap the knuckles of a sleeping student, give humiliating answers to foolish questions and spring surprise tests whenever it happens to be in a bad mood.

Dear Dr. Frood: My problem is fat, stubby fingers. As a result, I am exceedingly awkward with my hands. My manual dexterity is so poor, in fact, that I can't even get a Lucky pack open. What can I do?

Fingers

DEAR FINGERS: Simply strap ordinary sewing needles along both of your index fingers. Now cup the Lucky pack in your hands, grasp the little red tab in your teeth, and yank. Next, place the pack on a flat surface and secure it between two unabridged dictionaries. Then, with the right-hand needle, carefully, carefully carve a one-inch-square opening at the top right-hand corner. Finally, place the points of the needles firmly against the sides of a Lucky and lift. That's all there is to it. A word of warning though: Try to be careful when shaking hands.

THE HANDWRITING IS ON THE WALL, says Dr. Frood. Or, more exactly, on the blackboard. It's appearing on college blackboards everywhere: "College students smoke more Luckies than any other regular." Why is this statement showing up on college blackboards? Because I am paying agents to put it there. For you must remember that Luckies are the cigarette with taste—the emphatic toasted taste. Try a pack of Luckies today.

Dear Dr. Frood: In the four years I've been at this college I've done some pretty horrible things. I am guilty, for instance, of [redacted] into and around the home of Professor [redacted]. I'm also ashamed of [redacted] the Board of Regents, and completely [redacted] the campus policeman's [redacted]. But the worst thing I did was [redacted] [redacted] after hiding all night in the [redacted]. Can I, in good conscience, even accept a diploma from dear old [redacted]?

DEAR [redacted]: You can if you send \$500 in unmarked bills to Dr. Frood, Box 2990, Grand Central Station, New York 17, N. Y. If you don't, I'll print your letter without the little black lines.

Dear Dr. Frood: Don't you think it's wrong for a boy and girl to marry while they're still in school?

Soc. Major

DEAR SOC.: Yes, they should at least wait until recess.

CHANGE TO LUCKIES and get some taste for a change!

Et Cetera Deserves Special Praise

Et Cetera, the campus literary magazine, made its long-awaited debut this week—and it was worth waiting for.

The staff of the magazine and contributors deserve a pat on the back for the unique layout and interesting literary contents.

Rule Johnson, Ironton junior, is editor-in-chief.

The cartoon by Ann Kellerman, Huntington junior, needs

a little more interpretation in order to fully appreciate it. And we understand that one story was left out because of objections.

Since we have not read the

disputed story, The Parthenon takes no position except to point out that some recent literary efforts might make the disputed story look lily white.

Our congratulations to Et Cetera for a job well done.

Blood Donor Turnout Lagging; 40 Rejected

Competition for the second Blood Drive of the year lagged Wednesday when the total number of volunteers registering numbered 157.

Forty persons were rejected by examining physicians, Drs. R. Sloan and I. I. Hirschman. Each donor is given a blood test and routine physical inquiry, and such ailments as colds and weight loss are causes for disqualification.

Forty-seven Red Cross volunteers were present to serve at the desks and assist with the dona-

tion of blood. Nineteen women from Sigma Kappa sorority served refreshments and aided in the donor room.

No figures were available Wednesday afternoon to determine the winners of trophies in social competition or the winner of the ROTC Battle Group companies. Sigma Alpha Epsilon led the fraternities in donations at the end of the first semester blood drive. The Pershing Rifles were the leading company for the ROTC Battle Group last semester.

Trophies will be awarded when the final results are tabulated.

'STATUS PINS'

by **BEAUJEWELS**

Are you a whale or a duck? Don't know? Then you're unaware of the new fad sweeping the country. "Status Pins" are the rage. Wear a "Whale" pin to inform one and all that you are in the enviable position of "going steady." If you're unattached, but interested, then advertise for a beau by wearing a "Duck" pin. It's a "whale" of a value, and you can't "duck" the price, only \$1.00 plus tax. In gold or silver finish.
