Honor System Plan Clarified

The Parthenon

MARSHALL COLLEGE STUDENT NEWSPAPER

VOL. 59 HUNTINGTON, W. VA. WEDNESDAY, JAN. 13, 1960 NO. 33

Cagers Defeated; VPI Winner 79-72

By RON HUTCHISON
Sports Editor

Marshall in its roughest game of the season, dropped a heart-breaker Monday night to the VPI Gobblers 79-72.

Shooting a blazing 50% in the first half, the Big Green built up a thirteen point lead at the midway mark. Marshall led at half-time 42-29. The Big Green apparently lost its shooting eye early in the second half for Coach Jule Rivlin's charges could hit only on 26% of its shots. This gave the Big Green an overall average of 38%.

Leading the Big Green scorers was team captain John Milhoan with 22 tallies. It was Milhoan, Herm Conner and Lou Mott that bore the brunt of the Marshall attack early in the contest. Mott ended the game with 16 points and Conner had 14.

The other two starters for Marshall Tex Williams and Bob Burgess each added 10 markers. Burgess was particularly outstanding on defense as he pulled down 12 rebounds and blocked several shots. Burgess now has a total of 154 rebounds.

The game, rough and tumble from the start, followed the pattern of the first game the two teams played earlier this season at Logan. Marshall went out in front by a big margin at the half, only to see it dwindle away late in the game. The only difference was that Marshall won the first game 85-80.

Marshall, now with a 6-4 record, resumes MAC competition tonight against the Ohio U. Bobcats at the Fieldhouse.

UHSP To Meet On Feb. 25-26

More than 300 high school students are expected to attend the 26th annual congress of United High School Press of West Virginia at Marshall College Feb. 25-26.

Two other groups will meet at the same time. There will be the 22nd annual convention of the West Virginia Journalism Teachers Association and the ninth annual meeting of the United High School Yearbook Association of West Virginia.

UHSP was organized by Prof. W. Page Pitt, Department of Journalism chairman, in February, 1927, and annual meetings have been held except during World War II. The Department of Journalism also organized the Teachers Association in 1931, and this was followed by formation of the Yearbook Association in 1952.

President Eisenhower's press secretary, James Hagerty, was the principal speaker last year.

While final plans have not been completed, principal speakers this year will be top newspapermen in the U. S. Activities for the high school students and their teachers will include entertainment (in the form of movies and a dance), a banquet at the Prichard Hotel, a series of panel discussions on the problems faced by high school journalists, and a buffet supper.

New Program OK'd; Course Carries Credit

By RALPH TURNER
Staff Reporter

A "Course for credit" program, to go into effect second semester, has been approved by the Faculty Committee on Academic Planning and Standards.

The plan permits certain students with superior scholastic records to take one course each semester without receiving a grade. But they will receive credit. A grade of Cr. will be given, however the student will have the option of changing to take the course for credit until a certain time during the semester.

According to Dr. J. Frank Barlett, dean of the College of Arts and Sciences, the primary purpose of the plan is to encourage intellectual exploration among students. It provides an opportunity for a student to sign up for a course in which he has gained some interest, but which is not required in his curriculum without the necessity of receiving a grade.

Dean Barlett said, "Each student who is eligible for the 'course for credit' is urged to take full advantage of the opportunity to register for additional work.

The requirements for eligibility are:

1. The student must have made the dean's list in two semesters preceding registration to enroll in the course for credit.
2. Such students may register for one course in each of two semesters.
3. Registration in a course for credit must be approved by the instructor of the course as well as by the dean of the college.
4. A student in a course for credit is expected to do all of the work required of other students.
5. The work of a student must meet the satisfaction of the instructor of the course.
6. The credit earned in this course will not be a part of the hours required for the degree for which the student is a candidate.
7. Students in Teachers College will be limited to a maximum of 20 hours including the course for credit.
8. For the present only juniors and seniors may register for this course.
9. Students who wish to register for courses having pre-requisites without having the earlier course may do so by joint action of the instructor and the dean.

The Shock Is Too Great

UPON THE DISCOVERY of General Motors stock worth eight times its original value Professor Pusey (John Davis) faints into the arms of Mimsy (Betsy Daniel). Aunt Hettie (Judy O'Dell), is stunned by the news, which means she is wealthy again. This is a scene from "Girls in 509".

'Girls In 509' Scheduled Three Days This Week

By Susan Atkinson
Society Editor

The College Theatre will present a comedy, "The Girls In 509", tomorrow, Friday, and Saturday at 8:15 p.m. in Old Main Auditorium.

Leading roles are shared by Betsy Daniel, Huntington sophomore; Judy O'Dell, Parkersburg senior; Jerry Rutherford, Barboursville senior; and John Davis, Cass sophomore.

The play centers around Mimsy (Miss Daniel) and her Aunt Hettie (Miss O'Dell) who in November, 1932, when Herbert Hoover loses the election, go into seclusion in room 509 of a hotel in New York City. They deliberately cut themselves off from the outside world and vow to remain in seclusion until, as they put it, "that man (FDR) is out of office and a Republican is elected."

Their only contact with the outside world is the lights flashing the news on Times Square. They lose this contact when a building is constructed in 1939 beside the hotel blocking their

view. Thus they remain in seclusion long after the death of Roosevelt.

When the hotel is being remodeled the two ladies are discovered. The press descends upon them and later the national chairmen of both parties. As members of one of the country's oldest and once richest families, they face eviction and disgrace. The rest of the cast has a terrible time trying to convince the hermits that Roosevelt is dead and that a Republican is now in office.

William G. Kearns, instructor in speech, directs the play and is assisted by Carol Reynolds, senior, and Sharon Lambert, sophomore, both of Huntington.

Other members of the cast include Janet Steele, Logan freshman; Brian Bobes, Wheeling junior; Roderick Sharp, Wheeling freshman; Mike Youngblood, Rowlesburg sophomore; Charles Cummings, Huntington senior; George Bowermaster, Huntington junior; and W. R. Lockhart Jr., Huntington freshman.

CCF Plans Panel Discussion

The relation of Christianity to vocations will be the subject of a panel at the next meeting of the Campus Christian fellowship at 6:30 p.m. Thursday in Science Hall Auditorium.

Among the panel members will be the Rev. Dunbar H. Ogden, assistant minister of First Presbyterian Church in Huntington, who led nine negro students through a

mob at Central High School, Little Rock, Ark. He will discuss this incident in relation to the topic.

Other speakers on the panel, to be headed by the Rev. Lander Beal, will be a Huntington lawyer, Bert Early, Dr. Paul Stewart, Professor of Political Science, and Ernest Henry Ern Jr., Assistant Professor of Geology.

President Says Students Have Overall Charge

By DON FANNIN
Editor-in-Chief

President Stewart H. Smith declared Monday that the honor system, if adopted here, will be entirely administered by the students.

(Related Story, Page 4)

The President's statement cleared up the question of who would have final authority in administering an honor system. Both he and John Gunter, St. Albans senior and coordinator of the honor system commission, agreed that a 10-man student honor committee would have the final say in cases of honor system violations. President Smith said that he would abide by recommendations of the committee.

As agreed, the 10-man committee would have complete responsibility of trying offenders and making the final decision as to their guilt or innocence.

Effectiveness Cited

Members of the honor committee would be appointed by Student Body President John Karickhoff, subject to the approval of the Student Senate and President Smith.

In making his decision, President Smith said that if the honor system were not entirely in the students' hands, the effectiveness of the honor committee might be impaired, or the committee might tend to pass along its responsibility to the administration.

He said that in view of the great responsibility involved, he was certain an honor committee would act "deliberately and wisely."

The President said that before the honor system were adopted campus-wide, he would submit details of the system to the state board of education for its consideration.

Student Given Choice

If found guilty, under the honor system, a student would have an option of withdrawing from college on his own, with no record of the offense placed on his records. If, however, he refused to withdraw, then the honor committee would submit a recommendation for expulsion to President Smith and his academic dean who would abide by the committee's decision. In addition, the circumstances of his expulsion would be placed on his record.

A first offender under the honor system would face a one semester expulsion from Marshall, and would receive a "WF" grade in the course in which he committed the offense. In his other courses, the student would receive grades of "WF" or "WP" depending upon his status in each course prior to expulsion.

A second offender would face permanent expulsion from the college.

The second subject discussed by President Smith and Gunter, concerned whether or not a vote of approval of the honor system by the faculty is now necessary.

President Smith said that there would be no vote by the faculty at this time. He said he did not believe a vote was necessary now, since the faculty had approved the idea of an honor system here some time ago.

However, the president said that the faculty would be asked (Continued on Page Two)

Schedule Of Examinations

EXAM HOUR	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
8:00-10:00	Classes Meeting At: 8:00 a.m. TTh, TThS, TThF, ThS, TF, MTTh.	Classes Meeting At: 9:00 a.m. and 9:35 a.m. TTh, TThS.	Classes Meeting At: 10:00 a.m. TTh, TThS.	Classes Meeting At: 11:00 a.m. TTh, TThS.	Classes Meeting At: 12:00 Noon TTh, TThS.	Classes Meeting At: 8:00 a.m. or 9:00 a.m. Saturday
10:15-12:15	2:00 p.m. MWF or oftener.	12:00 Noon MWF or oftener.	9:00 a.m. MWF or oftener.	10:00 a.m. MWF or oftener.	11:00 a.m. MWF or oftener.	10:00 a.m. Saturday
1:30-3:30	1:00 p.m. TTh, TThS.	3:00 p.m. All Sections.	2:00 p.m. and 2:35 p.m. TTh or oftener.	1:00 p.m. MWF, MW, WF, MF, MTh, MThS, MTuF, MTuF or oftener.	8:00 a.m. MWF, MW, WF, MF MTh, MThS, MThF, MTuF or oftener.	

ALL SECTIONS OF CHEMISTRY 101 AND 102 will have their Final Examination on Tuesday, January 19th at 4 to 6 p.m. All classes meeting at 4 p.m. or later will use the last regular class meeting during Examination Week for their examinations.

ABA Officers, Pledges Picked

Nu Chapter of Alpha Beta Alpha, national library science interest group, has elected new officers and pledges for this semester.

Officers are Rose Ann Fisher, Huntington senior, president; Patricia Wallace, Milton sophomore, vice-president; Eleanor Taylor, Glen Alum senior, secretary; Rosemary Moeser, Huntington junior, treasurer; and Miss Julia Schwartz, Assistant Reference Librarian, faculty advisor.

The new pledges, who recently completed a chapter scrapbook and fixing the ABA bulletin board in the college library are: Lee Beckett, Crab Orchard junior; Trena Chandler, Miami, Florida freshman; Ruth Fowler, address unknown; and Sarah Ann Goodman, Huntington junior.

Others are: Madora McClure, St. Albans sophomore; Patricia McClure, Huntington junior; Jean Meadows, Barboursville freshman; Kay Merritt, Belle freshman; Carolyn Pierce, Charleston sophomore; Menetta Prichard, Wayne junior; Patty Reardon, Ragland freshman; Edna Snyder, Porters Falls junior; Ruth Ann Teets, Gassaway junior; Deloris Vaughn, Kenova senior; and Jean Weekly, Huntington junior.

The next meeting will be Jan. 28.

LUCKY STRIKE presents

Dear Dr. Frood:

MARRYING FOR MONEY—IS FROOD IN FAVOR?

(see below)

Dear Dr. Frood: The other day I stopped at my boy friend's house unexpectedly and I found Lucky Strike butts with lipstick on them in the ash tray. What should I do?
Observant

Dear Observant: Go ahead and smoke them. A little lipstick won't hurt you.

Dear Dr. Frood: I am a 267-pound tackle on the football team, cleanup hitter on the baseball team, champion shot-putter and captain of the basketball team. Where can I find a job when I graduate?
Athletically Inclined

Dear Athletically Inclined: Look in the Want Ads under "Boy—strong."

Dear Dr. Frood: Recently, while collecting ants, I happened upon this strange creature in the woods. I enclose a sketch. What is it?
Nature Lover

Dear Nature Lover: It is *socia ignota* (blind date). Do not go near. Poisonous.

Dear Dr. Frood: I am a math professor. Over half my students are flunking their tests. What can I do about this?
Discouraged

Dear Discouraged: Use Frood's Formula: Divide distance between students' chairs by 2. Since chairs will now be closer together, result should be a 50% improvement in exam grades.

Dear Dr. Frood: Last Saturday my girl told me she couldn't go out with me because she had a cold. Next day I found out she was out with my roommate. Think I should stay away from her?
Disillusioned

Dear Disillusioned: Better stay away from your roommate. He's probably caught the cold now.

Dear Dr. Frood: I understand that your hobby is cooking. Mine is, too. But my girl friend says any guy who cooks is a sissy. How can I make her stop laughing at me?
Cooky

Dear Cooky: Place a large cauldron of oil over a high flame. When it comes to a boil, add your girl friend.

Dear Dr. Frood: Should a man marry a girl who makes more money than he does?
Old-Fashioned

Dear Old-Fashioned: If it's at all possible.

COLLEGE STUDENTS SMOKE MORE LUCKIES THAN ANY OTHER REGULAR!

When it comes to choosing their regular smoke, college students head right for fine tobacco. Result: Lucky Strike tops every other regular sold. Lucky's taste beats all the rest because L.S./M.F.T.—Lucky Strike means fine tobacco.

TOBACCO AND TASTE TOO FINE TO FILTER!

Product of The American Tobacco Company—"Tobacco is our middle name"

Marshall Opposes Ohio Five Tonight

By RON HUTCHISON
Sports Editor

Marshall's league leading cagers resume their quest for a conference crown tonight against a potent Ohio University Bobcat five. Fresh from a 92-75 win over the Kent State, the Big Green will be out to stop one of the league's leading scorers in the person of Bunky Adams. Although held to eight points in the Bobcats' victory over Bowling Green, Adams is a constant scoring threat. Along with Adams, Coach Jule Rivlin's cagers will have to contend with Howard Jolliff. The Bobcats' center is currently tied with Marshall's sophomore ace Bob Burgess for league rebounding honors. Jolliff tallied 29 points against Bowling Green.

Boosting his conference average to approximately 28 points per game, John Milhoan bombed in 30 points in the Kent game. Milhoan's jump shot possessed a radar-like accuracy. He hit 14 field goals in 25 tries and added two foul shots. The Gallipolis senior continued his hot foul shooting and extended his record to 45 successful shots in 50 attempts.

RON LAMBERT
... Soph Backcourtman

Lou Mott added 18 points to the Marshall victory cause. Harassing the Kent team with his ballhandling, Mott drew fouls from key Kent players. One of the Kent returning players, Estes, drew four fouls while attempting to guard Mott.

Bob Burgess had his best night, defensively, against Kent. Besides scoring 11 points, the Sharples sharpshooter dominated the backboards with 23 rebound grabs. This was truly an outstanding job considering the experience of the two big men for Kent, Boykin and Wallace.

The other two starting players for the Big Green, Herm Conner and Tex Williams, scored 11 and 9 points respectively. Members of the Marshall "wrecking crew" scored the remaining 13 points. Charlie Moore netted 6, Jim Gallion 4 and Bruce Moody 3.

The Big Green will play its fourth game in eight days when it travels to Toledo to battle the Rockets Saturday night. This will break the conference leadership deadlock. The Rockets, with a 9-1 record, will play hapless Bowling Green tonight.

A strong defensive club, the Rockets will probably use its slow style of play in an effort to stop the Marshall fast break. In conference play Toledo is averaging 67 points per game compared to Marshall's average of 91. The Rockets are holding their opponents to 58 points while the Big Green's opponents are scoring at a 77 point clip.

HOME EC SUPERVISOR HERE
Pauline Stout, state supervisor of home economic education, is spending today in the home economics department.

She will review the teacher education program and discuss future plans for the vocational home economic program with the home economics staff and D. Banks Wilburn, Dean of Teachers College.

include a southern trip during the Easter vacation period.

Termed as having "prospects of a solid club that could surprise a lot of people", Chambers optimistically concluded that the squad has good potential and possibilities of being an outstanding team.

Baseball Team Begins Drills Next Week

Coach Bill Chambers will begin preparations early next week for the coming baseball campaign with what he calls "an abundance of good talent".

Guiding the Big Green diamond squad to a fifth place finish in the MAC last year, Chambers will meet with his pitchers and catchers Monday. The first full squad meeting is set for Feb. 1. This meeting will be used to finalize practice plans and procedures. This meeting will be open to anyone desiring to play baseball.

Beginning his fifth season at the helm of the baseball team, Chambers will have 12 returning veteran ballplayers. Coach Chambers said that he expects the Big Green team to be stronger this year due to the number of experienced baseballers. He did emphasize that catching and first base would be the major gaps to fill on this year's team. Chambers stressed that the squad was particularly weak in the catching department.

According to Chambers the mainstay of the squad should be the pitching. Two returning veteran hurlers are Lefty Majher and Hugh Reynolds, both all-conference team members in the past two years.

Opening the season around March 29, the Marshall nine will play approximately 30 games this spring. This will include 12 conference games. Chambers added that the schedule might

Frosh Averaging 89 Points

Burns Leading Yearling Scorers

Out to better its win mark, "Sonny" Allen's freshman team will take on the strong Ohio University Bobkittens tonight.

With a flashy win record, the yearlings will be out to avenge a four point loss to the Ohioians last year.

To give fans an idea of the frosh's ability is this example of their playing. Jan. 2 the Allen aggregation stopped Bliss College 96-88. This is the same Bliss College that the Morris Harvey varsity defeated 80-71 in its season opener.

Statistics, covering the first seven games, show that the freshman cagers are averaging 89 points per game while holding the opposition to 67.6 points per game.

Boasting a well balanced scor-

ing punch, the Little Green has three players averaging in double figures. Fred Burns, former Milton all-stater, leads the pack with a 12.2 average. Billy Daniels is second in the average department with an even 12 points per contest. Corky Layman is next with a 11.1 mark.

In the rebounding department, Phil Carter of Clarksburg has grabbed off a total of 72 rebounds,

while Jerry Morrison of Dupont is second with 65. Daniels has snagged 57 rebounds.

In total points for the seven games, Burns has 86, Daniels 84, Layman 78, Steve Feola 67, Carter 64, Morrison 54, Larry Williams 52, Paul Lizzo 41, Willie Tucker 40, Chet Hildebrandt 24, Dave Ryan 15, Rusty Wamsley 8, Ron Nichols 6, Dick Halloran 2, and Jerry Smith 2.

HAIL TO THE DEAN!

Today let us examine that much maligned, widely misunderstood, grossly overworked, wholly dedicated campus figure—the dean.

The dean (from the Latin *deanere*—to expel) is not, as many think, primarily a disciplinary officer. He is a counselor and guide, a haven and refuge for the troubled student. The dean (from the Greek *deanos*—to skewer) is characterized chiefly by sympathy, wisdom, patience, forbearance, and a fondness for homely pleasures like barn-raising, gruel, spelldowns, and Marlboro Cigarettes. The dean (from the German *deangemacht*—to poop a party) is fond of Marlboros for the same reason that all men of good will are fond of Marlboros—because Marlboro is an honest cigarette. Those better makin' are honestly better, honestly aged to the peak of perfection, honestly blended for the best of all possible flavors. The filter honestly filters. Marlboro honestly comes in two different containers—a soft pack which is honestly soft, and a flip-top box which honestly flips. You too will flip when next you try an honest Marlboro, which, one honestly hopes, will be soon.

But I digress. We were learning how a dean helps undergraduates. To illustrate, let us take a typical case from the files of Dean S. . . . of the University of Y. . . . (Oh, why be so mysterious? The dean's name is Sigafoos and the University is Yutah.)

Wise, kindly Dean Sigafoos was visited one day by a freshman named Walter Aguincoourt who came to ask permission to marry one Emma Blenheim, his dormitory laundress. To the dean the marriage seemed ill-advised, for Walter was only 18 and Emma was 91. Walter agreed, but said he felt obligated to go through with it because Emma had invested her life savings in a transparent rain hood to protect her from the mist at Niagara Falls where they planned to spend their honeymoon. What use, asked Walter, would the poor woman have for a rain hood in Yutah? The wise, kindly dean pondered briefly and came up with an answer: let Walter punch holes in the back of Emma's steam iron; with steam billowing back at the old lady, she would find a rain hood very useful—possibly even essential.

Whimpering with gratitude, Walter kissed the dean's Phi Beta Kappa key and hastened away to follow his advice which, it pleases me to report, solved matters brilliantly.

Today Emma is a happy woman—singing lustily, wearing her rain hood, eating soft-center chocolates, and ironing clothes—twice as happy, to be candid, than if she had married Walter. . . . And Walter? He is happy too. Freed from his liaison with Emma, he married a girl much nearer his own age—Agnes Yucca, 72. Walter is now the proud father—stepfather, to be perfectly accurate—of three fine healthy boys from Agnes's first marriage—Everett, 38; Willem, 43; and Irving, 55—and when Walter puts the boys in Eton collars and takes them for a stroll in the park on Sunday afternoons, you may be sure there is not a dry eye in Yutah. . . . And Dean Sigafoos? He too is happy—happy to spend long, tiring days in his little office, giving counsel without stint and without complaint, doing his bit to set the young, uncertain feet of his charges on the path to a brighter tomorrow.

© 1960 Max Shulman

We don't say that Marlboro is the dean of filter cigarettes, but it's sure at the head of the class. Try some—or if you prefer mildness without filters, try popular Philip Morris, from the same makers.

LAST PARTHENON

Due to the upcoming final exam week, this is the last Parthenon of the current semester. Regular publication of The Parthenon will resume with an edition appearing Wednesday, Feb. 3.

These are the silver wings of a U. S. Air Force Navigator. As a flying officer on the Aerospace team, he has chosen a career of leadership, a career that has meaning, rewards and executive opportunity.

The Aviation Cadet Program is the gateway to this career. To qualify for this rigorous and professional training, a high school diploma is required; however, two or more years of college are highly desirable. Upon completion of the program the Air Force encourages the new officer to earn his degree so he can better handle the responsibilities of his position. This includes full pay and allowances while taking off-duty courses under the Bootstrap education program. The Air Force will pay a substantial part of all tuition costs. After having attained enough credits so that he can complete course work and residence requirements for a college degree in 6 months or less, he is eligible to apply for temporary duty at the school of his choice.

If you think you have what it takes to earn the silver wings of an Air Force Navigator, see your local Air Force Recruiter. Ask him about Aviation Cadet Navigator training and the benefits which are available to a flying officer in the Air Force. Or fill in and mail this coupon.

There's a place for tomorrow's leaders on the Aerospace Team.

1960 Scholarship Committee Gets 100 Replies To Query

One hundred out of a possible 500 postcards have been received by the Class of 1960 Scholarship Committee.

A letter was sent to 500 graduating seniors of this year asking a question of their opinion as to whether or not the class should sponsor a scholarship for some incoming freshmen in the coming years.

The way it is proposed now, each graduating class will sponsor some scholarships for incoming freshmen.

The letter asked for what purpose the scholarship should be used.

Seventy-six per cent of the cards that were returned favored scholarships for high school honor students. Ten per cent of

them favored scholarships for athletes, and the other fourteen per cent stated suggestions.

The letter was sent to the seniors who will be graduating at the end of this present semester.

Every graduating senior of the 1960 class will receive a letter this week for their opinion and support on this project.

The 1960 Scholarship Committee would like to start the scholarship with this following semester.

If it started this year, then it is hoped that it can be continued with every graduating class in the future. This will provide more scholarships for incoming freshmen, and possibly encourage more people to become interested in college.

ROTC, Philosophy Are Named For Honor System Try Here

The departments of ROTC and Philosophy have been selected by the Honor System-Commission as the first two college departments to install the honor system, subject to approval.

Student Body President John Karickhoff made the announcement before a meeting of the faculty yesterday. Selection of the two departments is subject to the approval of the Student Senate which meets tonight.

In making the announcement, Karickhoff outlined the commission's plan for installing the honor system in the departments.

During the week of Feb. 1-6, the commission will distribute information on the honor system to classes in Philosophy and ROTC, and various campus organizations.

The following week, Feb. 8-13, members of the commission will meet with the classes in the two departments and major campus organizations, explaining the honor system and answering questions.

The week of Feb. 15-20, the Commission will continue to visit campus organizations.

Then, during the week of Feb. 22-27, members of the commission will re-visit the Philosophy and ROTC departments for a final question and answer session.

The following week, Feb. 29-Mar. 5, a vote will be taken among the students of the classes of the two departments to determine whether or not the necessary 75 per cent favor adoption of the honor system.

Initiation of the system would follow a favorable vote.

Karickhoff said that it is possible that the vote by the students might be taken during the week of Feb. 22-27, if the students indicate a desire for an earlier vote.

Commenting on the proposed honor system Monday, Coordinator John Gunter said he hoped students will wait until they see the system in action and become more familiar with it, before forming final opinions on it.

ROGER WILLIAMS
... Noted Pianist

Debaters Gain 5th Place Tie

Marshall debaters traveled to Ohio Wesleyan University last Friday to engage in the season's first judged competition and managed to win one half of their total number of debates for a fifth place tie.

Sixteen Ohio colleges and universities took part in the tournament which began at 1:30 p.m. Friday on the Ohio Wesleyan campus.

Representing Marshall, Thomas Dunfee, Huntington freshman and James Bailes, Clay junior, lost their first encounter with the University of Pittsburgh but then were able to hang defeats on Findlay and the University of Cincinnati.

Carolyn Karr, Huntington senior, and Walter Cosby, White Sulphur Springs freshman, defeated Dayton University but dropped their next two decisions to Otterbein and Ohio State while defending the negative side of the question.

Ohio University won the tournament. Marshall's next tournament will be at Ohio State on Jan. 29.

Roger Williams Slated For Next Artist Series

Roger Williams, the brilliant young pianist, will present a concert for the Marshall College Artists Series, Feb. 1 at 8:30 p.m. at the Keith-Albee Theatre. The program is open to all full-time students as one of the special student programs.

Tickets will be available from Mrs. Mount in Room 107A of Old Main on Thursday and Friday, Jan. 28 and 29.

Mr. Williams is probably best noted for his hit recording of "Autumn Leaves." Since then, he has had at least one gold-record winner each year. The youthful pianist has recorded 17 longplay albums. Their combined sales have passed the three million mark and rising steadily.

The concert field is a comparatively new venture for Mr. Williams, and has been enthusiastically claimed by critics and capacity audiences coast to coast.

Williams will present a diversified range of keyboard artistry when he appears on the Keith-Albee stage. His two and one-

half hour program is comprised of classics, standards, some novelities, and specialties all combined with the easy-going informal style of Roger Williams.

Doubtless Huntington audiences will puzzle, be amused, and be delighted with Sebastian as other nation-wide audiences have. Sebastian is a miniature white plastic concert-grand piano that seemingly plays as if by magic. Audiences crane their necks looking for wires, controls, but find nothing. Sebastian is an established personality with Williams now and Roger carries on musical dialogues with him. Sebastian is also capable of playing an entire musical composition by himself.

Williams personally designed and constructed Sebastian; a product of engineering training received in the Navy during World War II. Although an accomplished musician when he entered the service, he also received a high grade for mechanical aptitude.

Travelogue On Hawaii Slated At Forum With Nicol Smith

Nicol Smith, explorer, author, lecturer, and photographer, will present an all-color travelogue on Hawaii for the College Community Forum Series on Jan. 28, at 8 p.m. in Old Main Auditorium.

In just a few years, Nicol Smith has made an enviable reputation as an explorer of strange, remote and interesting places. He was the first person, for example, to explore and photograph the remote interior of the island of Hainan; he was the first person to make a round trip over the fabulous Burma Road in interior China during the rainy season. He has wandered all over the South Seas.

He is the author of five books, the most recent of which is "Golden Doorway to Tibet." During the war Lieutenant Colonel Nicol Smith was a secret agent for the OSS in both Vichy, France, and Thailand.

His interest in exploration, however, is not that of the arch-

ologist or the historian. He is interested chiefly in people, for he has an incurable belief that every individual is in reality a fascinating person. He collects, as a hobby, stories about people: fascinating, bizarre, strange, amusing stories.

Perhaps his most unusual adventure was his caravan journey across western Tibet to Lake Pangong—the first of the great salt lakes of Central Asia, and the hidden Valley of Himis. Since then he has reached the base of Angel Falls, the world's highest waterfall. There he made the first motion pictures ever taken of this spectacular wonder.

Some 30,000 residents of Hawaii applauded his film on their island home during his tour of their territory.

When Mr. Smith is not lecturing, he spends his time in his native California at his fishing lodge in the High Sierras.

A & S Lists Candidates For Degrees

A list of candidates for degrees from the Arts and Sciences College, printed in the Jan. 6 issue of the Parthenon, was partially incorrect. Because of this mistake the list is being reprinted.

Candidates for degrees from Huntington are: Gary Adams, psychology; Delbert Anderson, engineering; James Anderson, business administration, James Atkins, psychology; Leo Attili, political science; Johnny Banton, business administration; William Barber, advertising; David Baumgardner, business administration; Carl Bechdolt, engineering; Mary Beiletti, business administration; Robert Bias, business administration; David Bledsoe, advertising.

Also Glen Bonar, engineering; Stanford Burtless, Spanish; Pat Cantley, engineering; Mary Conaty, psychology; William Dial, geology; Alan Earls, political science; Brady Erwin, business administration; Joseph Gaines, business administration; Roy Goines, business administration; William Hamlin, business administration; Bryan Hill, physics; John Loehler, business administration; Harry Kregle, business

administration; Richard Kyle, speech.

Others are Dallas Lawhun, engineering; Charles McComas, chemistry; Charles Martin, business administration; Donald Medve, political science; Tom Milewski, zoology; Frederick Moore, engineering; Roger Pickens, business administration; Kenneth Nimmo, engineering; William Rankin, business administration; Dale Robson, business administration; Kermit Smith, business administration; George Stanley, geology, James Smith, engineering, and Roy Thompson, business administration and Robert Watts, business administration.

Candidates outside of Huntington are: Harry Beckett, Ona, engineering; Charles Duckworth, Parkersburg, business administration; Larry Ferguson, Ironton, business administration; Kyle Garretson, Branchland, business administration; Dana Greenfield, Charleston, engineering; Roy Huffman, Gassaway, business administration; Michael James, Parkersburg, advertising; Jerry Keaton, Yolyn, business admin-

istration; Raymond Lambert, Ceredo, engineering; Robert Lawrence, Charleston, engineering; and John Louderback, Charleston, business administration.

Ronald Meade, Shoals, engineering; George Mendenhall, St. Albans, engineering; Ivan Mielke, Prairie, Minn., business administration; Ronald Moatz, Ashland, Ky., psychology; Donald Mullins, Hilliard, O., business administration; Patricia Shumate, Flatwoods, Ky., medical technology; William Stroud, Mt. Hope, business administration; Jerry White, Raven Rock, geology; and Thomas Williams, Hurricane, engineering.

Seniors, graduating with two-year degrees from Huntington are: Thelma Boscia, laboratory technology; Judith Rodak, business administration, Donna Thomas, business administration; Mary Wilson, business administration.

Others are Sally Cyrus, business administration, Pritchard; Carol Hoffman, Alderson, business administration; Frances Rice, Kenova, business administration, Susan Howell Moore, Rock Island, Ill., business administration.

College Faculty Members To Visit State High Schools

College faculty members will continue their visits to high schools in February as part of the eight annual West Virginia College Day Program.

The program, designed to acquaint high school seniors with

the importance of attending college, has the participation of all West Virginia's institutions.

Luther E. Bledsoe, registrar, announced the following schedule of visits for February.

Feb. 15-19 Roosevelt-Wilson,

Clarksburg, Bridgeport, Lost Creek, Unidis, Victory, Clarksburg, Salam, Lumberport, Washington Irving, Clarksburg, Philippi and Grafton. These schools will be visited by D. Banks Wilburn, Dean of Teacher's College.

Marco's Memorandums

Wednesday, Jan. 13—Basketball game, Ohio University, Field House, 8:15 p.m.

Thursday, Jan. 14—College Theatre, "The Girls in 509," Old Main Auditorium, 8:15 p.m.
