MARSHALL COLLEGE STUDENT NEWSPAPER

VOL. 59

HUNTINGTON, W. VA. WEDNESDAY, MARCH 9, 1960

NO. 44

Talent Search Set For April 8-9

Law Alters April Vote

By RALPH TURNER
Staff Reporter

"The best thing to come out of Student Government in three years", said senior senator Bobby Nelson of Whitesville, referring to the passage of the semi-proportional representation system by the Student Senate.

The new plan under study for several weeks and passed unanimously by the Senate at Wednesday night's meeting will be in effect at the April election.

L. D. Egnor, Huntington junior and chairman of the parliamentary committee, said the purpose of the plan is to give equal representation to greeks, independents and unaffiliates.

Under the plan, students will be divided into two groups, based on social affiliation. Social "affiliates" consisting of the greek and independent fraternities and sororities will comprise one voting group, all "unaffiliates" the other.

The affiliate-unaffiliate cleavage was chosen as a dividing line because the senate decided this was the natural division of students on campus.

In the past the Senate has been composed predominantly of greek members. The new system arose from a felt need by the parliamentary committee for more representation of the unaffiliates in student government.

Nelson added, "The unaffiliates have the chance to gain equal representation in the senate if they will make use of the new system and vote."

The proposed fore-runner of the new plan, the two-party system, was declared unworkable at the present time by the committee.

Egnor expressed belief that a two-party system might eventually evolve out of the new plan.

Speech Contest Set In March

Prizes of \$25, \$15 and \$10 will be given by the Huntington League of Women Voters to finalists in the Marshall Oratorical Contest beginning March 29.

Students planning to enter the contest should fill out an entry blank in the Speech Office by March 17. The contest is open to all full-time undergraduate students. Speakers will deliver ten minute speeches on the theme "Challenge for West Virginians."

After the preliminaries on March 29, three finalists will be chosen to speak at the convocation on April 7.

"No student should hold back because he thinks his speech might not be good enough. If you have something to say, prepare it, say it, and let the judges decide how good it is. The purpose of the contest is to give as many students as possible a chance to speak up on this subject," said Ben W. Hope, associate professor of Speech.

XX Army Corps Cites 'Old Soldier'

COL. WESTON L. BLANCHARD, Commanding Officer W. Va. Sector, XX U.S. Army Corps, Wheeling, W. Va., presents 1st Lt. Jerald F. Walters, USAR, Ashland, Ky., graduate student, with a certificate of achievement for meritorious service with the 73rd Artillery, 3rd Armored Division as Dean of Men, Harold Willey, looks on. Lieutenant Walters was commissioned from this ROTC in August 1957.

ROTC Tells Why Curricula Altered

Additional information regarding the change in the ROTC program has been released by the Department of the Army.

The curricula changes announced by the Army were a result of two years of research and stresses the importance of a baccalaureate degree as one of the requirements for an Army commission.

The Army seeks to obtain outstanding college students with leadership potential through a curriculum that is stimulating and appropriate to the college campus. To insure this the ROTC curricula has been reduced by about 20 per cent with the substitution of college-taught subjects during the junior and senior years in certain areas.

Areas Are Cited

These areas are: Science comprehension, general psychology, effective communication, and political institutions and political development.

The military subjects, such as crew-served weapons training, removed from the campus phase of instruction, will be presented at a six-week summer camp normally attended between the junior and senior years. It is the opinion of the Army that these subjects lend themselves to better presentation at an Active Army site where the terrain, active Army support, and a full military atmosphere prevails.

College students have been reluctant to take ROTC since in many cases their heavy schedule of required subjects did not permit them to consider ROTC. This is particularly the case of students seeking technical degrees.

Problems Cited

With the demands of modern-age education, various accreditation agencies have been reluctant to recognize the ROTC curriculum as a requirement for a degree and in some cases it has been noted as an extra-curricular

activity. It is hoped that the changes in the program will put a stop to this.

The objectives of the ROTC program are to provide in peacetime a yearly quota of second lieutenants to meet the annual needs of the Active Army and its Reserve Components; to provide military training with the purpose of motivating toward a military career and for the responsibilities and duties of American citizenship.

The Army places great emphasis on motivation for the responsibilities of American citizenship realized by the military training program presented through the military schools and junior division ROTC programs. Also through the National Defense Cadet Corps the Army sponsors military training in a number of secondary schools without the extensive support extended through the ROTC program.

Commission Total Noted

Of the nearly 14,000 annual graduates, between 800 to 1,000 of them obtain regular commissions through the distinguished military graduate program. The balance of them either serve with the active Army for two or more years active duty, or serve six months active duty for training at service schools or with active Army units. Following this the officer completes his obligation with the Army Reserve, National Guard unit or a reinforcement officer in a replacement pool of the Ready Reserve.

The retention rate of ROTC graduates on Active duty has reached approximately 25 per cent and is increasing. The ROTC program produces more than twice as many regular officers as the Military Academy at West Point.

Veteran's Club Gives Data On Applications

By PATTY POLISKEY
Campus Editor

The second annual All-Campus Talent Search will be presented April 8-9 by the Veterans' Club in Old Main Auditorium. The purpose of the show is to provide an outlet for talent on the Marshall campus.

Because of the successful response to the program last year, the show is now slated for two nights.

Group To Air Social Activity

By BRUCE GRUBER
Staff Reporter

A proposal for a campus-wide social event tentatively scheduled for May was referred to the Appropriations and Budget Committee at last Wednesday's Student Senate meeting.

The plan involves a dance at Memorial Field House with two bands alternating with rock n' roll and slow music, plus the selection of a May Queen.

Though the possibility of an affair still remains, Howard Sutherland, Matewan senior and Chairman of the Appropriations and Budget Committee re-stated his position already taken in a recent issue of The Parthenon that "practically speaking we cannot afford a social activity this semester of a dance at the Field House."

Minimum expenses for the dance are estimated at \$750.

While the Student Government will still retain a balance of \$1000, approximately \$750 of this amount is needed for such things as freshman name tags, beanies and handbooks and summer operations.

The Appropriations and Budget Committee will submit a report on this matter to the Student Senate tonight.

The talent categories will be divided into two groups. Group "A" will include individual male and individual female performers and Group "B" will include group male and group female categories.

Any student is eligible to enter. Any type act is acceptable including song, dance, act, pantomime, mimic, perform readings, poems and translations. Application blanks can be obtained in the Dean of Men's and Dean of Women's offices. They must be completed and placed in the Veterans' Club mailbox by 4:00 p.m. March 30.

A 23-inch gold trophy will be awarded to first place winner of each division. In addition, this year trophies will be awarded to the second and third place winners. The trophies will go on display in the Student Union on March 15.

Tentative plans are being made for television auditions and appearances and possibly a trip to New York for the first place winner.

Each applicant must furnish his own accompaniment. All acts will be limited to five minutes.

Any student or group of students who wish to enter the talent search is invited to submit an application. A rehearsal will be held and must be attended by the entries or they will be declared ineligible. The date for the rehearsal will be announced later.

Last Of Artist Series Will Feature Orchestra

By MARY SUE MOSS
Staff Reporter

The last Artist Series of this season on March 14 will feature the Pittsburgh Symphony Orchestra, conducted by William Steinberg.

Since the time the Pittsburgh Symphony Orchestra was founded in 1896, it has established its right to be considered one of the great orchestras in the United States.

In Pittsburgh the Orchestra plays two series of subscription Sunday afternoons with guest soloists and conductors. Two series of young peoples concerts also are part of the seasonal activity.

William Steinberg, born in Cologne, Germany, became conductor in 1952. He was an accomplished violinist at 10, virtuoso pianist at 15, and orchestra leader at 19.

While conducting the Palestine Symphony in 1936 he met Arturo Toscanini who summoned him to conduct the NBC Symphony in New York. From there he went to Pittsburgh in 1952.

Student tickets for the 8:30 p.m. performance at the Keith Albee Theatre will be available in Old Main 107A Thursday and Friday.

WILLIAM STEINBERG
... Orchestra Conductor

Letter To Editor

Dear Sir:
I wish to congratulate the administration, faculty, students, and Honor System Commission of Marshall College. We should all be extremely proud of all that has happened the past weeks.

Tuesday a basic right of democratic society was denied to the faculty in the refusal of the right to secret ballot as to acceptance of the proposed Honor System. As a result teachers without tenure and those hoping for promotions were forced to side with the administration in favor of the system or stay home. It is a known fact that of 190 faculty members only 101 voted and only 56 voted in favor of the system.

Is this a majority? It would take a seventy-five per cent approval from students, is a plurality of nine enough from the faculty?

The Honor System got its first actual trial last Wednesday, and, as was expected by most people, failed miserably. A certain professor, overly enthusiastic over the program, gave an honor system examination. The students protested, but their outcries were vetoed. Papers were distributed and the teacher hid her eyes so she could see no one cheat and then left the room. Then the cheating began. After the test students made such comments as: "Sure I cheated, why not?"

As one faculty member observed, "Never has a more honorable idea been put across by more dishonorable methods." Long live the honor system.

Gordon B. Browning,
Logan Senior.

(EDITOR'S NOTE—The second paragraph of this letter would seem to indicate that the question of a secret ballot vote was decided arbitrarily at the faculty meeting. Actually, an amendment to allow a secret vote was proposed by Prof. Walter Felty, but was defeated in a vote of the faculty members, 75-12.)

ESP Convention Here April 1-2

The 32nd national convention of Eta Sigma Phi, national classics honorary, will be held April 1 and 2. The Beta Upsilon chapter of Marshall will be host to the convention.

The Prichard Hotel will be convention headquarters.

Lucy A. Whitsel, professor of Latin and Greek and advisor of Beta Upsilon chapter, reports plans are almost complete. The convention will begin with a business session Friday morning at the Prichard. Arrangements have been made for a trip to the Blenko glass plant Friday afternoon with a dinner in the cafeteria after the trip.

Aeschylus' "Oresteia", as produced and filmed at Randolph-Macon Woman's College in Virginia, will be shown Friday night. It is open to the public.

36 Actives Taken By 3 Fraternities

Thirty-six pledges went active in ceremonies held last Sunday by Sigma Phi Epsilon, Tau Kappa Epsilon, and Sigma Alpha Epsilon fraternities.

Sigma Alpha Epsilon pledged 20 rushees and 13 went active. They were: Mike Padovni, Dayton, Ohio sophomore; Roger Wilson, Huntington freshman; Bob Brammer, Huntington freshman; Ezra Midkiff, Huntington freshman; Charles Ferrell, Logan freshman; Arnold Anderson, Huntington junior; Bill Petty, Huntington freshman; Tom Dunfee, Huntington freshman; Bill Harmon, Huntington freshman; Jerry Tresnon, Huntington freshman; Bill Proffitt, Huntington freshman; John Keller, Weirton junior and Sam Johnson, Huntington freshman.

Tau Kappa Epsilon pledged 29 rushees but in the three month pledge training program 19 dropped out for various reasons. Ten pledges went active. They were: Kelly Smith, South Charleston sophomore; Aubrey Cormany, Bell sophomore; Jerry Hall, Lyngo sophomore; Harold Walker, Oceana junior; Tom Virgillito, Huntington freshman; Ivan Ash, Barboursville sophomore; Joe Fleck, South Charleston freshman; Don Smith, Charleston freshman; and Richard Isinghood, Wellsburg sophomore.

Sigma Phi Epsilon fraternity pledged 29 rushees and 13 went active. They were: John Anderson, Huntington freshman; Tom Turner, Huntington sophomore; John Kinzer, Beckley sophomore; Jay Bower, Huntington freshman; John Kubis, Huntington freshman; Don Cutlip, Clay freshman; Jerry Meadows, Huntington sophomore; Tom Radin, Huntington freshman; Dick Dorsey, Huntington freshman; David Smith, Huntington freshman; and Dave Brammer, Huntington freshman.

STUDENT HONORED

Randall W. Spurlock, Glennwood, W. Va., sophomore, has been awarded the "Handbook of Chemistry and Physics" by the Chemical Rubber Company of Cleveland, Ohio, in recognition of his achievement as the outstanding student in the general physics classes.

Spurlock, graduated from Milton High School, is now an engineering major here at Marshall.

Big Green Second

The Big Green scored over 90 points per game five times this season and ended with a team offense of 77.3 points per game, making them second in the conference.

Students Under Spell?

By TOM FOSTER
Managing Editor

The habit of carrying good luck charms is on the wane among Marshall students.

Out of 30 people asked if they carried a good luck piece, only three students were found to be carrying one.

Maybe a lot of people who carry a lucky coin were broke and had to use it—as the case of one student who carried a silver dollar until he was forced to spend it because of the law prohibiting hitch-hiking.

A lucky charm as described in Standard Dictionary of Folklore, Mythology and Legend, is a material object, usually portable and durable, worn or carried on the person to protect the owner from dangers such as death, shipwreck, lightning, attacks by thieves or animals, evil spirits, witchcraft, or the evil eye; to aid him in acquiring luck, wealth, physical strength, magical powers; and to bring success in hunting, trading, battle or love.

Athletic Program Expanded For Handicapped Students

By **BILL CALDERWOOD**
Feature Writer

The athletic program for handicapped men in Physical Education 113-114 has been expanded to provide intra-class competition.

Otto "Swede" Gullickson, professor of physical education, said, "This program has been very successful so far. Many new activities have been opened to the boys that they may not have been able to get otherwise."

"The program gives them something to hold on to for years to come. College teaches them a vocation or profession, and we give them an avocation or hobby. If they learn well enough, they can pitch horseshoes for the rest of their life."

Last semester, the 21 men of the special class participated in handball, ping-pong, billiards and swimming. This semester's plans include archery, chess and croquet.

Members of the class have minor handicaps such as asthma and leg injuries.

"All members of the class will be required to swim this semester unless excused by a doctor," "Swede" said.

In talking to some of the students, Benjamin Murphree, Mullens freshman said, "The class is a lot of fun. It is a very good course. People might think that because it is a restricted class that it is easy, but "Swede" makes us work. We can't loaf." Murphree is in the class because of a leg injury from high school football.

Mike Lynch, Huntington freshman, commented, "I am in the class for corrective purposes to build up my legs. It has helped a lot. We have to work a little, but the class has been a great help and a lot of fun for me."

Other members of the class seemed to have the same opinion that the class was a great deal of fun and gave them an opportunity to participate in sports.

Finalists In Handball Tourney

HANDBALL TOURNAMENTS WERE CONDUCTED in the restricted section of Physical Education 113-114. Finalists above were (left) Chester Hilderbrandt, Paramount, Cal., freshman, and (right) Jerome Donohoe, Huntington freshman. Donohoe is in the class because of asthma, and Hilderbrandt, singles champion, is in because of a leg injury.

Three Quints Post Victories

As the intramural basketball playoffs enter the last stages, SAE No. 2, the Hawks, and the "VM" Big Green triumphed in three Thursday night games.

SAE went against the Rebels and collected a 50-38 win. In another game, the Hawks defeated the "VM" Herd, 56-50. Later, the "VM" Big Green overpowered PKA No. 1, 75-62.

The restricted handball doubles were won by Chester Hilderbrandt and Tracy Browning. They defeated Jerome Donohue and

Benjamin Murphree, 11-1 and 11-1.

Jerry Harlow and Dick Lockhart claimed the pinochle championship with a 2-0 record over Todd Fugate and John Todd of PKA.

As mentioned in an earlier issue, the spring intramural sports are scheduled to begin in the immediate future. Otto "Swede" Gullickson, director of intramurals is requesting that all team managers attend a meeting at 3 p.m. this afternoon.

EAT, DRINK AND BE MARRIED

On a recent tour of seventy million American colleges, I was struck by two outstanding facts: first, the great number of students who smoke Marlboro, and second, the great number of students who are married.

The first phenomenon—the vast multitude of Marlboro smokers—comes as no surprise for, as everyone knows, the college student is an enormously intelligent organism, and what could be more intelligent than to smoke Marlboro? After all, pleasure is what you smoke for and pleasure is what Marlboro delivers—pleasure in every puff of that good golden tobacco. If you think flavor went out when filters came in—try a Marlboro. Light up and see for yourself... Or, if you like, don't light up. Just take a Marlboro, unlighted, and puff a couple of times. Get that wonderful flavor? You bet you do! Even without lighting you can taste Marlboro's excellent filter blend. Also you can make your package last practically forever.

No, I say, it was not the great number of Marlboro smokers that astounded me, it was the great number of married students. You may find this hard to believe but latest statistics show that at some coeducational colleges the proportion of married undergraduates runs as high as thirty percent! And, what is even more startling, fully one-quarter of these marriages have been blessed with issue!

Here now is a figure to give you pause! Not that we don't all love babies. Of course we do! Babies are pink and fetching rascals, given to winsome noises and droll expressions, and we all like nothing better than to rain kisses on their soft little skulls. But just the same, to the young campus couple who are parents for the first time the baby is likely to be a source of considerable worry. Therefore, let me devote today's column to a few helpful hints on the care of babies.

—And a twist of lemon peel.

First of all, we will take up the matter of diet. In the past, babies were raised largely on table scraps. This, however, was outlawed by the Smoot-Hawley Act, and today babies are fed a scientific formula consisting of dextrose, maltose, distilled water, evaporated milk and a twist of lemon peel.

After eating, the baby tends to grow sleepy. A lullaby is very useful to help it fall asleep. In case you don't know any lullabies, make one up. This is not at all difficult. In a lullaby the words are unimportant since the baby doesn't understand them anyhow. The important thing is the sound. All you have to do is string together a bunch of nonsense syllables, taking care that they make an agreeable sound. For example:

*Go to sleep, my little infant,
Goo-goo moo-moo poo-poo binfant.*

Having fed and serenaded the baby, arrange it in the position for slumber. A baby sleeps best on its stomach so place it that way in its crib. Then to make sure it will not turn itself over during the night lay a soft but fairly heavy object on its back—another baby, for instance.

© 1960 Max Shulman

* * *

And when baby is fast asleep—the little angel!—why don't you relax and give yourself a treat? With Marlboro—or if you like mildness but you don't like filters—with Philip Morris made in long size and regular by the sponsors of this column.

Take an Esterbrook on your next flight of fancy!

Sure, skywriting's fun. But—indoors—it's hard on the furniture. This is where Esterbrook comes in big! It's perfect for indoor flights of fancy.

Esterbrook has 32 custom-fitted pen points. One is sure to suit *your* personality. If you don't have any personality, the right Esterbrook point will fake it for you just fine.

Another thing, Esterbrook Fountain Pens tend to cost a lot less than airplanes. Esterbrook fountain pens start at \$2.95.

And there is one more thing... Esterbrook uses that amazing new miracle discovery—ink. Pick up your Esterbrook Fountain Pen today. It might help you get off the ground.

12 Score All A's In Arts, Sciences

By JOHN HINES
Staff Reporter

Twelve students in the College of Arts and Sciences made straight A-averages for the first semester.

They are: Eugene E. Armstrong, Elm Grove freshman; Gloria J. Brothers, Huntington senior; Dennis W. Click, Mt. Alto senior; Ladonna D. Crockett, Matewan senior; Carolyn M. Davies, Huntington freshman; Robert J. Bauer, Huntington freshman; David L. Peters, Bluefield senior; Jack E. Thompson, Logan sophomore; Russell L. Tice Jr., Parkersburg senior; Carl G. Toler, Barrett sophomore; Juliet A. Willman, Huntington freshman; and Jack E. Wortman, Huntington junior.

Huntington students making 3.5 averages or over were: Ruth Ann Napier, 3.94; Barbara J. Hoover, 3.82; Jackie Lee Collins, 3.72; Marcia H. McAlister, 3.61; Stephen C. Smith, 3.60; Carter T. Ruddle, 3.58; Richard L. Honaker, 3.57; and Larry K. Safford, 3.50.

Sophomores, none.

Juniors: Carolyn M. Karr, 3.80; James I. Campbell, 3.68; Alan B. Gould, 3.64; Ellen Y. Chan, 3.63; Richard G. Ratliff, 3.56; Robert M. McComas, 3.62; Lillian R. Moeser, 3.62; Carl M. Callaway, 3.50; and James D. Nash Jr., 3.50.

Seniors: Byran H. Hill, 3.78; Michael E. Kearney, 3.77; James F. Cummings, 3.75; Marclan A. Walker, 3.75; Karen D. James, 3.70; John T. Waldron Jr., 3.70; Katherine C. Buckner, 3.66; Donald L. Neal, 3.64; Kelly Davidson, 3.62; Billy O. Riffe, 3.62; Gary E. Midkiff, 3.60; Richard L. Adkins, 3.58; Charles W. Campbell, 3.56; and Robert Bondurant, 3.50.

Other students making 3.5 or better were: Freshmen: Carole A. Berry, Sutton, 3.80; George F. White, Danville, 3.80; Donna F. Wiggins, Kermit, 3.76; Aubrey C. King, Jaeger, 3.69; Ronald L. Nichols, Pt. Pleasant, 3.68; William D. Foglesong, Mason, 3.60; James D. Hopson Jr., South Side, 3.56; and Gary Lee McMillan, Vienna, 3.50.

Sophomores: Charles W. Billups, Milton, 3.87; Banford Lee Schilling, Pineville, 3.85; Randall W. Spurlock, Glenwood, 3.80; Donald Kennet Spencer, St. Marys, 3.75; and Roert L. Hurley, Henderson, 3.55.

Juniors: Joseph S. Delekta, Chester, 3.81; Harold D. Peters, Twilight, 3.75; and Wilbur E. Billups, Hurricane, 3.57.

Seniors: Burl Osborne, Ash-

land, Ky., 3.78; Douglas H. Grahm, Parkersburg, 3.80; Ivan D. Mielke, Prairie, Minn., 3.75; James F. Deal, Mullens, 3.70; John R. Karickoff, Spencer, 3.68; James R. Bailes, Clay, 3.66; Ben Cross, St. Albans, 3.61; Robert A. Myers, Charleston, 3.60; Lawrence D. Roush, Madison, 3.60; Ray Harbour, Milton, 3.58; Phillip B. Balderson, Scott Depot, 3.53; and James V. Hanna, Palestine, 3.50.

Greeks Welcome 3 House Mothers

The Marshall College campus has three new housemothers. They are Mrs. W. H. Bowden, Lambda Chi Alpha fraternity house; Mrs. Nell M. Martin, Sigma Kappa sorority house, and Mrs. Gorden Biggs, Pi Kappa Alpha fraternity house.

Mrs. Bowden of the Lambda Chi house is a native of Huntington. She was office secretary for the Girl Scouts for nine years. She has traveled in Europe and is active in church and club activities.

Mrs. Martin is from Washington, D. C. She was housemother in a fraternity house at the University of Maryland for a year and a half. Mrs. Martin was previously housemother for Alpha

Five Representatives Attend Young Republicans Conclave

Representatives from the Marshall Young Republicans Club attended the first Young Republicans convention held in Charleston last weekend.

They were: Joy Hutchison, Huntington freshman; Kathy Haddad, Chesapeake freshman; Mike Albers, Huntington sophomore; Sharon Hinchman, Huntington senior; and Don Talbert, Huntington freshman.

Other representatives attending

Chi Omega for three months.

Mrs. Biggs is from Huntington and has been with the Pi Kappa Alpha fraternity since November. She was housemother for a sorority several years ago.

were from West Virginia, Washington, D.C., Maryland, Virginia and Kentucky.

Congressman Robert R. Barry of New York talked to the Republicans about the position of our government on Foreign Aid, Defense, and Education.

Governor Cecil Underwood was the main speaker at a banquet the representatives attended on Saturday. He talked to the Young Republicans about various ways of taking a more active part in their clubs.

After the banquet they attended a reception in the Governor's Mansion followed by a campaign party for those candidates running for Young Republican offices.

Lucky Strike's Dr. Frood to the rescue:

Foolproof Formula Simplifies Chemistry

Dear Dr. Frood: I am having a difficult time in chemistry. We are studying the chemical properties of acids, and I have become utterly confused. Can you help me understand acids?

J. Bunsen Burner

Dear Bunsen: Take two parts of hydrochloric acid and three parts nitric acid. Pour into saucer. Stir mixture with finger. Note how much shorter the finger becomes. That is due to the chemical action of the acid.

~ ~ ~

Dear Dr. Frood: I was amazed at the recent survey which proved that the poorest students were students with cars. Would you comment, please?

Dean

Dear Dean: I was amazed, too. In my day only the rich students had cars.

~ ~ ~

Dear Dr. Frood: On the level, do you smoke Luckies?

Doubting Tom

Dear Tom: On the level, I do smoke Luckies. I also smoke Luckies on inclines. And once enjoyed one while scaling the vertical face of Mt. Everest.

Dear Dr. Frood: Exactly what is the difference between adult westerns and what I suppose you would call juvenile westerns?

Channel Selector

Dear Channel: It's the horses. The hero on juvenile westerns rides a pure white horse or a palomino. In adult westerns, the hero's horse is brown, sincere, mature-looking.

~ ~ ~

Dear Dr. Frood: I am going out for the college play and have become interested in the "Method" school of acting. Could you tell me how this differs from ordinary acting?

Thespis

Dear Thesp: It is all a matter of how you throw yourself into your part. For instance, when playing "Peter Pan" the ordinary actor flies through the air on guide wires. When the "Method" actor plays the role, wires are unnecessary.

~ ~ ~

Dear Dr. Frood: I am friendly, outgoing, tolerant, athletic, well to do and a good conversationalist. Why does everybody hate me?

Hurt

Dear Hurt: I don't know why—we just do.

Test For Draft Deferment Set

Applications for the April 28 administration of the College Qualification Test are now available at the local board of the Selective Service System.

The student should fill out his application and mail it immediately in the envelope provided to Selective Service Examining Section, Educational Testing Service, P.O. Box 586, Princeton, N. J. Applications for the April 28 test must be postmarked no later than midnight, April 7.

According to the Educational Testing Service, it will be to the student's advantage to file his application at once. The results will be reported to the student's local board of jurisdiction for use in considering his deferment.

COLLEGE STUDENTS SMOKE MORE LUCKIES THAN ANY OTHER REGULAR!

When it comes to choosing their regular smoke, college students head right for fine tobacco. Result: Lucky Strike tops every other regular sold. Lucky's taste beats all the rest because L.S./M.F.T.—Lucky Strike means fine tobacco.

TOBACCO AND TASTE TOO FINE TO FILTER!

Product of The American Tobacco Company—"Tobacco is our middle name"
