## Religious Group Seeks Funds

### Senator Submits His Resignation

Bobby Nelson of Whitesville, senior senator and unaffiliate leader, ended a three-year Student Government career with his resignation last week.

The controversial figure said, "My resignation from Student Government is not a result of recent issues arising in the Student Senate, but rather the result of a need to fulfill other obligations which I feel are desirable at this time in order to provide myself adequately for post-graduate work."

The senator, constantly in conflict on Student Government issues, commented, "While I may at times disagree on some issues, I am in complete accord with majority rule and have always

**BOBBY NELSON**  
... Senator Resigns

abided by the voted decisions of that body on controversial issues.

"If I have any criticism, as many think I indeed do have, it would have to be criticism about those among us—as students—who do not have the initiative or desire to take part in, concern ourselves about, or in general keep abreast of the issues coming before our Student Government." Nelson gave this statement referring to the reason why the Student Body does not have the representation desired.

The unaffiliate leader said the unaffiliates will remain the vast majority in numbers only unless these students cultivate their interest in Student Government and support candidates for office. He gave this reasoning behind the great unaffiliate minority in Student Government.

"I have served in three Student Governments at Marshall and I honestly feel that the present government has contributed more to the students than those previous," ended Nelson.

#### DISCUSSION HELD

The first meeting of a student discussion group was held recently at the home of Susan Dunn, Huntington freshman. "What right do we have to expect others to 'do things', was the topic of discussion.

The group meets periodically at the homes of student members to allow faculty and students to discuss common problems.

Interested students should contact Dr. Victor K. Heyman.

The next meeting will be at 7:30 March 29.

### Philosopher To Lecture

Dr. T. V. Smith, distinguished philosopher and former member of Congress, will speak in Old Main auditorium at 8 p.m. on April 4-5. His topic will be "Knowledge: Creative and Curative". He is being brought here through the courtesy of Dr. and Mrs. Francis A. Scott in their fourth annual Scott Lectures.

Dr. Smith is widely known as a witty and interesting speaker. He will meet with Marshall students and staff at 3 p.m. Monday in the North Parlor for an informal discussion and coffee hour. On Tuesday April 5, he will be the guest at a reception given by President and Mrs. Stewart H. Smith.

Dr. Smith who is a native of Blanket, Texas, received his M.A. degree from the University of Texas and his Ph. D. from the University of Chicago. After teaching philosophy and literature at Texas Christian University and the University of Texas, he joined the faculty of the University of Chicago in 1926.

As a political theorist, Dr. Smith gained practical experience as an Illinois state senator, and as a congressman-at-large representing Illinois. He is the founder of the University of Chicago Round Table and has been a participant in such programs as "Information Please" and "Town Meeting of the Air".

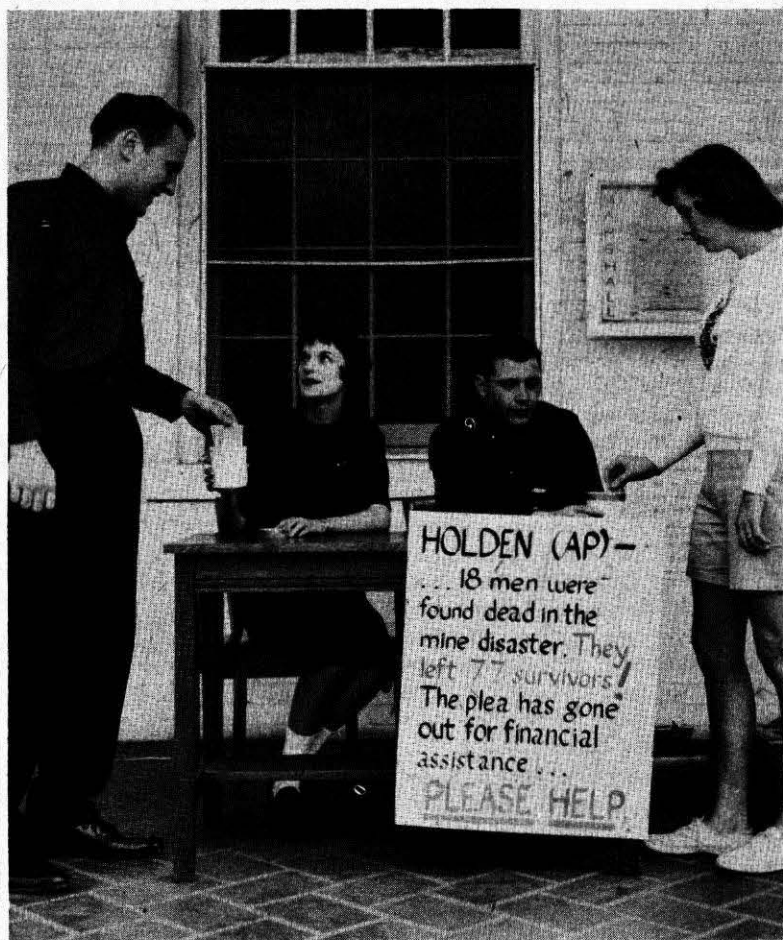

Dr. Smith is a member of the American Philosophical Association and was president of the western division in 1931. He is affiliated with the American Political Science Association and served as first vice-president in 1941.

He served as editor of the "International Journal of Ethics and State Government." He is the author of more than a dozen volumes, including "Democratic Way of Life", "Philosophers in Hades", "Atomic Power and Moral Faith". In addition, he has collaborated with others in the publication of at least 15 works in the field of philosophy and the social sciences.

#### DEMOCRATS ELECT

Roger Jones, Parkersburg junior, was recently elected president of the Young Democrats on campus. Other officers are: Richard Thurston, Salisbury, Md., sophomore, vice-president; Ernestine Monday, Nitro freshman, secretary; and Jim Lester, Iaeger sophomore, treasurer.

A membership chairman will be appointed by the executive committee and a new membership campaign conducted soon. A meeting is slated for 4 p.m. Tuesday in the upstairs of the Student Union.

#### Disaster Funds Collected

PARTHENON STAFF MEMBERS collected contributions from students Monday and Tuesday to aid the families of the victims of the recent Holden Mine disaster. Shown making contributions are Anthony Cassinelli, Mullens junior, and Carolyn Phaup, Huntington freshman. Seated are Parthenon staff reporter, Danilee Cordea, Huntington senior, and Feature Editor Joe Workman, Princeton junior.

### Donations Seen Lagging

Collections for the Holden 22 mine disaster to aid the families of the victims of the recent disaster were running behind expectations as of late Monday, according to Joe Workman, Princeton junior and chairman of the student drive.

Parthenon staff members operated a contribution booth in the Student Union from 9 a.m. to 4

p.m. Monday and Tuesday and contribution receptacles were placed in the cafeteria.

Staff members also accepted contributions from the dormitories, fraternities and sororities.

Paul H. Collins, Administrative Assistant, will act as treasurer for the funds. The donations will be transferred to Judge C. C. Chambers who is acting as administrator for the general fund.

### Fund Drive Next Month

By LUCY WALLEN  
Staff Reporter

A special fund drive for \$50,000 will be conducted April 25-May 15 to furnish the Campus Christian Fellowship Center now under construction.

The special fund-raising campaign is necessary because it was found necessary to use steel pilings to support the center's foundation.

In order to give students, organizations, and dormitories a chance to contribute to the project, groups and individuals will be able to select furnishings to contribute.

The name of each individual or group, and its gift, will be engraved on a bronze plaque, to be placed in the lounge.

Facts about the drive will be given to the groups on campus from April 4-15.

Individuals wishing to contribute should contact Joan Hart, special projects committee chairman.

Work on the chapel, halted earlier by a cement strike, was resumed last Monday.

Originally, \$250,000 was raised to build and furnish the center. Ground was broken last November. The Rev. Lander Beal, religious counselor, said the idea for the center began eight years ago, but that the first formal step was taken in 1956 when a board of directors was named.

The modern style structure, located on Fifth Avenue at Seventeenth Street, will include a chapel with a seating capacity of 200 and a fellowship hall seating 250.

#### GOING TO TEACH?

Students desiring to do student teaching next fall should stop by the office of Dean of Teachers College and fill out an application.

### Coach Snyder Fires Back

Head football coach Charlie Snyder took issue this week with criticisms of Marshall's athletic facilities levelled by Ed Ulinski, assistant Cleveland Browns coach.

"I would like to go on record as saying that I disagree with Ulinski concerning his comments on Marshall's athletic facilities. I think that our facilities rate better than some larger schools."

Mentioning Ulinski's criticism of practice field facilities, Snyder commented, "I think that we have an excellent practice field and couldn't ask for better facilities than what we'll have when the new gym and intramural field are finished.

"As for the distance to St. Clouds, when I was at Kentucky the player had to walk a mile to the practice field. So I think our facilities are just as good as some I've seen at the bigger schools and we are proud of our facilities."

Coach Snyder went on to explain, "The compactness of our school makes it ideal both from

an educational and athletic standpoint. The location of our campus and all it offers plus the attitude of the faculty and students are actually assets to our recruiting program."

"Several of our football prospects have been impressed with the set-up we have here at Marshall. We have three or four prospects on campus each weekend. We have yet to hear one say anything uncomplimentary about our facilities."

The genial mentor explained the procedure for campus visits by the prospective football players. "We extend invitations to boys we feel that might come to Marshall. When the boys arrive one of our coaches takes them on a tour of the campus. The boy is housed in the dorm and has his meals at the cafeteria. We try to provide some entertainment for them such as home basketball games. Right now the boys attend our Saturday practice sessions."

Snyder then explained further, "If we think the boy is interested

in Marshall then I recommend a scholarship. This recommendation must be approved by the Board of Scholarships."

"This is all done while the boy is on campus, but before he even comes to the campus we have his grades evaluated, a character reference, plus a discussion with the parents."

#### CONSTITUTION ACCEPTED

A new constitution for the Young Republicans Club was read and accepted Tuesday at their regular meeting in the student union. The formal adoption of this constitution will be at their next meeting April 5.

Plans were announced for a banquet to be held downtown and a committee was set up to work out the details.

A registration drive will be set up in the near future in which all students on campus who are twenty one or will be twenty one by November 8 may be allowed to register and vote in the May 10 Primary.

## Fraternity Set To Pick Ugly Man Tonight

The seventh annual "Ugly Man Contest", sponsored by Alpha Phi Omega, National Service Fraternity, will be at 7:30 p.m. Wednesday, will be at 7:30 p.m. today at the Student Union.

Each person paying the 25 cents admission to the dance and contest will be entitled to one vote for the candidate of his choice.

A trophy will be awarded the winning organization and an "Ugly Man" key will be awarded to the winning individual. The winner will be announced at 9 by a person to be selected, according to Park McClung, Parkersburg sophomore, and president of the organization.

The winner will be chosen by the total number of votes accumulated by the end of the contest. Anyone may cast as many votes as he desires at the rate of one ticket a vote.

The contest is sponsored each year by Alpha Phi Omega to raise money for a scholarship for a former Boy Scout. This year, because of the increase in tuition, \$200 must be raised instead of the usual \$150.

Pictures of the candidates are on display in the cafeteria and in the Student Union.

Alpha Phi Omega is under the faculty sponsorship of Dr. N. Baynard Green, chairman of the Zoology Department.

## 7 Chairmen Named Homecoming Aides

Seven Homecoming chairmen have been selected to head committees which will plan and promote the 1960 program.

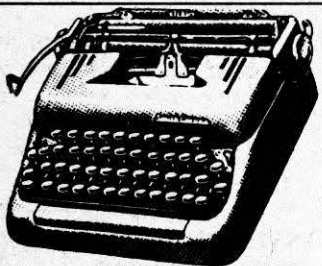

They are: John Andrews, Clendenin sophomore, parade marshal; Rosalie Sadd, Charleston sophomore, queens chairman; Charles Ralston, Huntington junior, dance chairman; Dixie Lee Ward, Leager junior, judges and trophies; Ralph Turner, Huntington junior, publicity chairman; Rebecca White, Pt. Pleasant sophomore, secretary; Jim Mosko, Kimball junior, ticket chairman.

The chairmen now are in the process of selecting people for their committees.

## SORORITY WILL HAVE DANCE

Alpha Sigma Alpha sorority will have their first annual Mardi Gras dance tomorrow night at Town Hall.

Each fraternity will choose a candidate for "Mardi Gras King". The winner will be presented with a trophy.

## Talent Show Trophies Displayed

TROPHIES WHICH will be awarded to winners in the All-Campus Show at Old Main Auditorium April 8-9 are viewed by James Wellman, Kenova junior, and Faye Roark Todd, Kenova senior and Mrs. Veterans Club of 1959.

## Speech Correction Group Pledges 4

Alpha Sigma Eta Alpha, organization for speech correction majors, has initiated four pledges. The members, all sophomores, are Allyn Childers, Huntington, Ruth Pryor, Wheeling, Martha Gray, Amonate, and Laura Linger, Huntington.

Officers of this new organization are Mary Ellen Carder, Pt. Pleasant senior, president, and Frances Steele, Huntington senior, vice-president. A secretary-treasurer will be elected later.

The main project is to start a

library of material related to the field of speech correction. Marietta Meadows, St. Albans senior, is chairman of this project.

Other members are James Mosko, Kimball junior, and Charles Ralston, Weirton junior. Advisers are Ruth Garrett, assistant professor of speech, and Andrew Paesani, instructor of speech.

Pins have been adopted, consisting of a small scroll with holly leaves and the insignia.

The group meets the second Thursday in each month.

## "NO PARKING"

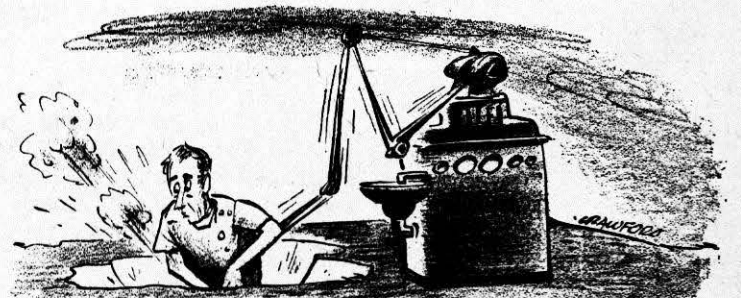

As everyone knows, the most serious problem facing American colleges today is the shortage of parking space for students' cars.

Many remedies have been offered to solve this vexing dilemma. For instance, it has been suggested that all students be required to drive small foreign sports cars which can be carried in the purse or pocket. This would, of course, solve the parking problem but it would make double dating impossible—unless, that is, the boys make the girls run along behind the car. But that is no solution either because by the time they get to the prom the girls will be panting so hard that they will wilt their corsages.

Another suggested cure for our parking woes is that all students smoke Marlboro cigarettes. At first glance this seems an excellent solution because we all know Marlboro is the cigarette which proved that flavor did not go out when filters came in—and when we sit around and smoke good Marlboros we are so possessed by sweet contentment that none of us wishes ever to leave, which means no gadding about which means no driving, which means no parking problem.

But the argument in favor of Marlboros overlooks one important fact: when you run out of Marlboros you must go get some more, which means driving, which means parking, which means you're right back where you started.

Probably the most practical suggestion to alleviate the campus parking situation is to tear down every school of dentistry in the country and turn it into a parking lot. This is not to say that dentistry is unimportant. Gracious, no! Dentistry is important and vital and a shining part of our American heritage. But the fact is there is no real need for separate schools of dentistry. Dentistry could easily be moved to the school of mining engineering. Surely anyone who can drill a thousand feet for oil can fill a simple little cavity.

Take the case of dental student Fred C. Sigafloos...

This experiment—combining dentistry with mining engineering—has already been tried at several colleges—and with some very interesting results. Take, for instance, the case of a dental student named Fred C. Sigafloos. One day recently Fred was out practicing with his drilling rig in a vacant lot just off campus. He sank a shaft two hundred feet deep and, to his surprise and delight, he struck a detergent mine. For a while Fred thought his fortune was made but he soon learned that he had drilled into the storage tank of the Eagle Laundry. Walter P. Eagle, president of the laundry, was mad as all get-out and things looked mighty black for Fred. But it all ended well. When Mr. Eagle called Fred into his office to chew him out, it so happened that Mr. Eagle's beautiful daughter, Patient Griselda, was present. For years Patient Griselda had been patiently waiting for the right man. "That's him!" she cried upon spying Fred—and today Fred is a full partner in the Eagle Laundry in charge of pleats and ruffles.

© 1960 Max Shulman

\* \* \*

Speaking of laundries reminds us of cleanliness which in turn reminds us of filtered Marlboros and unfiltered Philip Morris—both clean and fresh to the taste—both available in soft pack and flip-top box.

# Tennis Team Drops Contests To Ohio Wesleyan And Kent

By PAT WINGFIELD  
Staff Reporter

Getting off to a losing start, the Big Green tennis team dropped decisions last week to Ohio Wesleyan and Kent State.

The Ohio Wesleyan netters stopped Marshall 9-0. One of the contributing factors for the defeats, according to Coach Jule Rivlin, was the inclement weather which did not permit outside practice.

Rivlin said, "The team did show great improvement in the Kent State game over Ohio Wesleyan. The team had only two outside practice sessions before the first game."

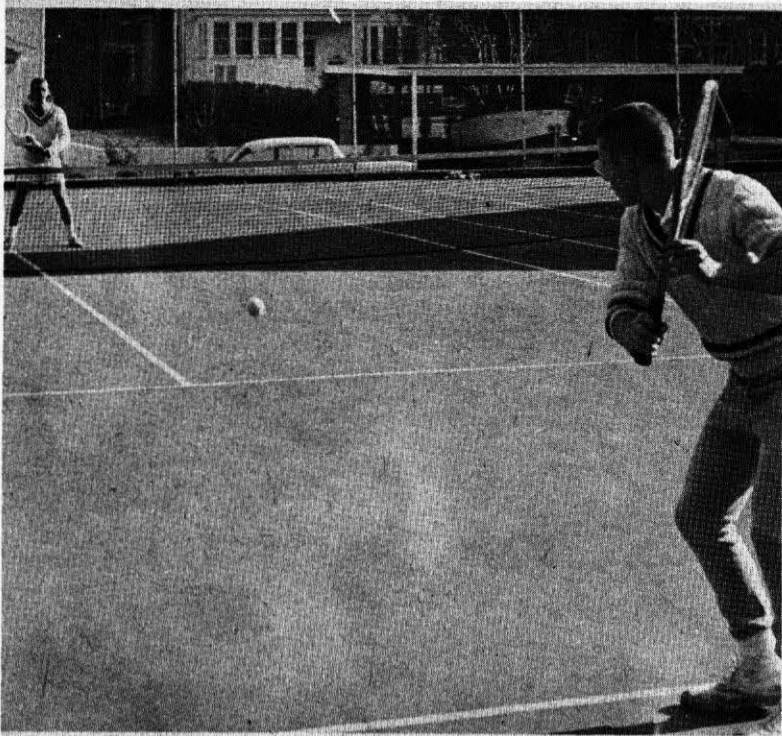

Marshall's second loss was an 8-1 setback at the hands of undefeated Kent State. Kent won every match except a doubles triumph by Dave Huffman and Joe Shafer.

In the singles: Paul Walker (K) d. Dave Huffman 6-2, 6-3; Jerry Spaulding (K) d. Joe Shafer 6-2, 6-3; Bill Foreman (K) d. Bill Price 6-4, 6-3; Bill Tenwick (K) d. Buddy Duncan 6-2, 6-3; Bill Sterbick (K) d. Noah Gregory 6-2, 6-2, and Joe Chapon (K) d. Dave Ellis 6-4, 6-1.

The doubles showed some improvement; Huffman-Shafer (M) d. Walker-Tenwick 6-4, 6-4; Spaulding-Chapon (K) d. Duncan-Price 2-6, 6-1, 6-4; Foreman-Sterbick (W) d. Gregory-Booher 6-0, 6-2.

Kent State was the first match Booher participated in this year. Rivlin has invited anyone interested in playing tennis to contact him at the daily practice sessions.

Marshall's next match will be against West Virginia State at Institute Saturday.

**Ah, Spring Is Really Here!**

IT IS A sure sign of spring as Marshall began its tennis season against Ohio Wesleyan. This net volley was part of the action as Marshall dropped a 9-0 decision to the Bishops.

## Play Day Arranged For Saturday

Plans have been completed for the annual WAA Play Day, set for Saturday. At a tentative count, 180 girls, 18 schools and one instructor from each school are planning to attend.

There will be a variety of activities scheduled for the visiting schools. Each girl will be chosen to play on a team, and the team then decides on the activity they will enter. The activities include: basketball, volleyball, kick ball, aerial darts, ring tennis, swim-

ming and tennis. The equipment for these games will be furnished by Marshall College.

Registration will begin at 9:00, followed by the first of the tournament games. Lunch will be served in the Marshall cafeteria, then a tour of the campus will be conducted.

At the end of the one day session a tally will be taken on the winning teams and the team with the most points will receive an award from the W. A. A.

## Big Green Awaiting Opener Against Golden Bears Friday

### 3 Athletic Schedules Revamped

Several changes in the schedules of varsity golf, tennis, and track have been made by the Athletic Department, it was announced last week.

The golfers, coached by Dr. Michael Josephs, have had four matches added to their schedule, increasing the links card to 14 matches.

The Golfers will play the Rivera All-Stars April 3 in a home match, while on April 17 they will play the Spring Valley All-Stars in a home match.

In an away-from-home match on April 18 the Big Green will vie with the University of Kentucky, and then play the same team in a return match here May 17 in the final match of the year.

Coached by Jule Rivlin, the Tennis Team will face West Liberty in an away tussle on April 9. The match with Denison University on May 7 was cancelled, leaving the tennis schedule at 12 matches.

One track meet has been cancelled and another added. Coach Forrest Underwood's cindermen will meet Eastern Kentucky on May 12, while their meet with West Virginia Wesleyan has been cancelled.

With spring finally here, Coach Bill Chambers baseball squad can now get outside and down to business. In the eight days of practice so far, two intra squad games have been played.

The White team has beat the Green nine and tied them once. Monday was the third intra squad affair.

In talking about his team, Coach Chambers said; "It's too early to single out any one player who is outstanding."

In discussing the two weak positions catching and first base, Chambers said that these positions have picked up and improved greatly since the team has started outside practice. He added that he was very surprised and happy the way these positions have come along.

Though the season has not yet begun, the pitchers are still ahead of the hitters. The squad has practiced inside with "Iron Mike" an automatic pitching machine, but Chamber's said that there is nothing like having the boys facing live pitching.

Sliding practice will take place soon and the boys will go over to the ball park to get experience. Signals, though rudimentary, were given Monday to the team.

Chambers said that he is stressing full team defense rather than full team offense due to the short spring, and that defense is more important than offense.

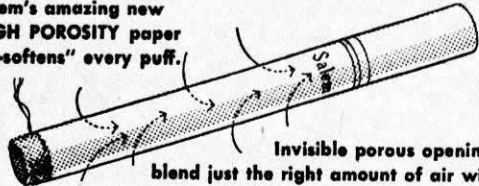

Coach Chambers expressed much praise for the team and was happy to see exceptional team spirit

# Census Takers To Take Campus Poll April 1-9

By TISH LENIHAN  
Staff Reporter

Uncle Sam's head counters will invade the campus from April 1 through April 9 as the 1960 census gets underway.

Since out-of-town students at Marshall will be considered residents of Huntington, the census takers will visit all of the dormitories, fraternity and sorority houses, and any other houses where out of town students are living.

William Nicely, District Supervisor of the Bureau of the Census said questions will include such things as date and place of birth, if the student works, his marital status, and other similar questions.

Unlike a professor, Uncle Sam's roll callers will not mark an absence if a student is not present when they check the roll. They will return until all out-of-town students have been contacted.

The more than one hundred students from the Charleston area will also be counted here.

The census results are used by the government to determine how many federal housing projects are needed and how many new schools must be built. Manufacturers use the census count as an aid in deciding the quantity of goods to produce.

One of the campus enumerators will be this reporter. An interview with Mr. Nicely for a story was ended by my becoming one of Uncle Sam's pollsters.

## Science Fair To Draw 786

More entries than ever before have been received for the Sixth Annual High School Science Fair April 1-2, according to Dr. Donald C. Cox, director of the fair and chairman of the Science Department.

Approximately 39 junior and senior high schools will be represented by some 786 entrants. He attributed this record number to the natural continuation of the fair's growth.

The greatest number of exhibits (177) will be in the junior division of physical science. The smallest number (20) will be in the senior division of earth science.

Dr. Cox also said that some of the entrants will have to be turned away due to the lack of space at Memorial Field House.

## They're First To File For President

FIRST CANDIDATES FILING in the Student Government election are L. D. Egnor, Huntington senior, vying for Student Body vice president, and Bill Wortham, Huntington senior, candidate for Student Body president. Filing will continue until Friday at 4 p.m.

## Changes Told For Elections

By RALPH TURNER  
Staff Reporter

Registering as an unaffiliate or affiliate will be the main change under the new semi-proportional representation system, according to L. D. Egnor, Huntington junior and chairman of the Senate parliamentary committee.

Egnor said, "The only change in representation will come if unaffiliates vote for unaffiliate candidates. This system is designed to give them a better chance."

Under the new plan affiliates, consisting of Greek and independent social sororities and fraternities, will be opposed to all unaffiliates.

Voters will register according to classification and affiliation. Affiliation will not be listed beside the candidates names.

Original allocation of Senate seats will be proportional to registration. For example: If five seats were available in the junior class with each seat representing 100 voters, and 300 unaffiliates and 200 affiliates registered, the allocation would be three seats to unaffiliates and two to affiliates.

Candidates with the highest number of votes should fill the seats allocated to their group. In the event a candidate does not receive enough votes (100 in the example) to fill a seat, candidates with the highest number of votes would warrant this seat if the vote total is equal to or more than one-half of the votes each seat will represent. If the difference is less than one-half, candidates originally allocated the seat would take the office.

The president and vice president of the Student Body and Class presidents will be elected "at large."

## Hechler To Aid University Goal

Congressman Ken Hechler will tour the state in a campaign to back university status for Marshall, he disclosed last week.

The former Marshall political science teacher said the campaign is aimed toward educating West Virginians as to why the college should become a university.

"Many sections of the state are not aware of what is happening at Marshall," he said. "My tour will inform them of the college's position."

Dr. Hechler has spoken once in the House of Representatives on behalf of Marshall's university status and said he will speak again this week.

"Although I cannot do anything directly, since I am on the national level, these speeches in the House will stir up state interest. They give publicity to the cause."

When asked if he thought Marshall was receiving a fair share of state legislative aid compared with West Virginia University, he said, "Marshall is getting the short end of the stick."

Hechler expressed his belief that Marshall would fare better legislatively if more alumnus were in the legislature.

## SPEECH CONTEST SET

Preliminaries for the oratorical contest, "Challenge for West Virginians," will be held from three to five p.m. Tuesday, March 29 in Science 17.

Speakers will be judged by members of the speech department. Three finalists will be chosen to appear in Convocation April 7.
