MARSHALL COLLEGE STUDENT NEWSPAPER

VOL. 59

HUNTINGTON, W. VA. WEDNESDAY, APRIL 13, 1960

NO. 55

600 Welcome Kennedy; U-Status? Yes, But . . .

(See picture, page 4)

U. S. Senator John F. Kennedy, campaigning in West Virginia for the May 10 Presidential primary, spoke to an estimated 600 Marshall students during a brief stopover in Huntington Monday.

Senator Kennedy said, "Rep. Ken Hechler has been telling me that this college is about to become a university and I wish I could include that as a part of my platform."

Concerning the "Stop Jack" campaign started by Sen. Robert Byrd, (D-W. Va.), Senator Kennedy said, "I would rather have support of the senators and I wish other candidates for the presidency would come in and run against me. I would be willing to run against any of them."

"Anyone who wants to stop me should come in here and campaign themselves. I don't think people in West Virginia consider a candidate who will not come into the state and campaign."

Students started gathering at about 2:30 p.m. in front of the Science Hall on Third Avenue and as the crowd gathered the students started moving out on the street in anticipation of getting a glimpse of Senator Kennedy.

Senator Kennedy ended in a humorous vein by saying that he wished he could get it put in the Constitution allowing three votes per college student rather than one.

Politics, Election Dominate Campus

**Polls In Student Union Open Until 5 P. M.
As Fate Of 54 Candidates Decided Today**

By RALPH TURNER
Staff Reporter

Students are deciding the fate of 54 Student Government office seekers today as they cast their ballots in the 11th campus general election.

The polls, in the basement of the Student Union, will remain open until 5 p.m. today.

Fifteen of the 54 will be placed in campus government positions including Student Body president and vice president; three senior senators and class president; three junior senators and class president; and four sophomore senators and class president.

According to election officials, voter turnout is expected to be about the same as last year when 1,300 students cast ballots.

Absentee ballots were cast Monday and Tuesday for the first time in the history of the Student Government. Students with a legitimate excuse for not being on campus during the voting hours were permitted to use the ballots.

The semi-proportional representation system was initiated on campus this morning when the polls opened at 8 a.m. The new plan places unaffiliates against affiliates and 14 unaffiliates comprise the 54 vying for office.

Voters register by classification and affiliation. Students in each class may vote for Student Body president and vice president, their class president, and the number of class senator candidates equal to the number of seats open. Seniors are limited to voting for Student Body president and vice president only.

Candidates posters flooded the campus Saturday as campaigning got into full swing. Hundreds of signs lined the campus and "politicians" sought student votes.

Bill Wortham and L. D. Egnor, Student Body presidential and vice presidential aspirants from Huntington, set up campaign headquarters in a circus-like compound around the ODK circle.

Scholarship Fund Hiked To \$5,000

The Claude Worthington Benedum Foundation of Pittsburgh, Pa., recently announced a \$4,000 increase in the scholarship fund allocated to Marshall College.

The Benedum Fund, established at Marshall in 1956, has been increased from \$1,000 to \$5,000 per year. Formerly restricted to grants for entering freshmen, funds now will be available to any qualified Marshall student, providing he is a West Virginian.

Funds are allocated to students, not by set amounts, but on the basis of individual need. Since 1956, 111 Marshall students have received the Benedum funds.

This Time, The Campus Is Really Plastered

HOPEFUL STUDENT POLITICIANS campaign on the ground and even in the air prior to today's student elections. Groups of student office seekers and their aides erected a sea of political posters all around campus Saturday at noon. Choice spots were picked out and held in some instances for thirty minutes prior to the actual posting of the advertisements.

3 Publications OK'd By Board

By ARCHIE GLASPELL
Staff Reporter

The Student Relations and Publications Committee has approved the continued publication of two newspapers and granted conditional approval to a newsletter to be published by an individual student.

An announcement was made by the committee that budgets for all campus organizations under its jurisdiction shall be submitted for approval at a committee meeting at 11 a.m. Thursday, May 5, in the radio studio of the Science Building.

"The Campus Chimes" petitioned the committee to approve continued publication. The request was granted.

A petition from the "Shave-tail" then was reviewed. Lt. Col. Thomas M. Ariail, who represented the paper requested that they also be allowed to continue the paper. The committee granted its permission.

The committee then received a petition from Bob Bailey, Pineville junior. Bailey requested that he be granted permission to publish a newsletter which he proposed to call the Marshall Free Press. He stated that the purpose of his journal would be to act as a voice of the student body.

Bailey was granted tentative approval subject to examination by the committee as to editorial policy and its overall beneficial value to Marshall College.

The final petition was from the Home Economics Club. It stated that the club would be unable to publish the Student Directory any longer and asked for permission to cease publication. This request was granted. The student directory is available as a project to any organization on campus.

Columbus discovers the Winston Hemisphere

"Flavor, Ho!" The Admiral Shouted As He Sighted FILTER-BLEND

From the Captain's Log . . .

One Day Out. Weighed anchor and set sail in search of a filter cigarette that really tastes like a cigarette. Crew thinks this is wild goose chase.

One Week Out. Have sighted many filter cigarettes and smoked same. Crew still thinks the world is flat.

One Month Out. Discovered New World of smoking pleasure:

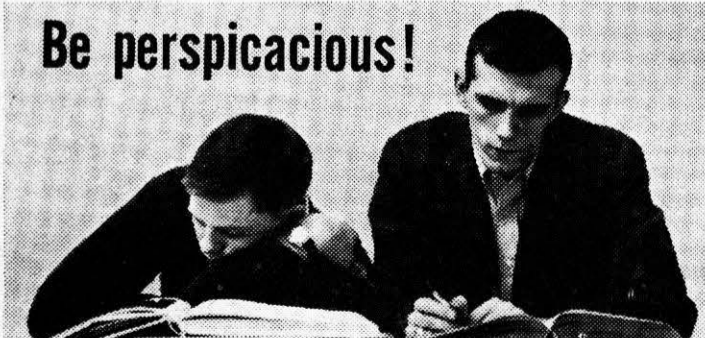

Winston! It is the only cigarette with a modern filter *plus* Filter-Blend — rich, golden tobaccos not only *specialy selected*, but also *specialy processed* for filter smoking. Crew now thinks this is a pleasure cruise.

One Year Out. Crew has mutinied. Refuses to go back to the Old World (non-Winston Hemisphere). I agree. Therefore I am founding a colony called Filter-Blend. Colony's motto will be:

Winston tastes good . . . like a cigarette should!

Be perspicacious!

Not this: a student who studies drowsily no matter how much sleep he gets.

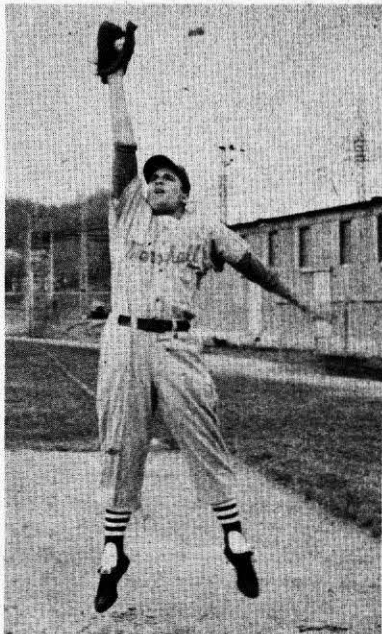

This! Perspicacious . . . sharp! NoDoz keeps you awake and alert—safely!

If you find studying sometimes soporific (and who doesn't?) the word to remember is NoDoz®. NoDoz alerts you with a safe and accurate amount of caffeine—the same refreshing stimulant in coffee and tea. Yet non-habit-forming NoDoz is faster, handier, more reliable. So to keep perspicacious during study and exams—and while driving, too—always keep NoDoz in proximity.

Marshall Nine To Meet VPI, Play In LeJeune Tourney

WALT LEONHART
... Ailing First Sacker

By KEITH WALTERS
Assistant Sports Editor

Marshall, which attempted to even its record at 4-4 yesterday at Concord College, will face VPI tomorrow afternoon at Blacksburg, Va., in the diamond team's first encounter with the Gobblers this season.

The Big Green, coached by Bill Chambers, carried a 3-3 record into Tuesday's game with the Concord squad. The results of that game were not available at press time.

Over the Easter holidays, the diamond squad will compete in Camp LeJeune Tournament in South Carolina on April 16-18.

In its last outing, the Big Green dropped a 9-1 tussle to Ohio University at the Athens, O., campus and then was snowed out the second game which was to be played Saturday afternoon.

Pitchers Andy Summers and outfielder Ron Lambert are leading the Big Green in hitting after six games. Summers, who has

been to bat only three times, is hitting .667, while Lambert has connected on eight of 18 times at bat for a .444 average.

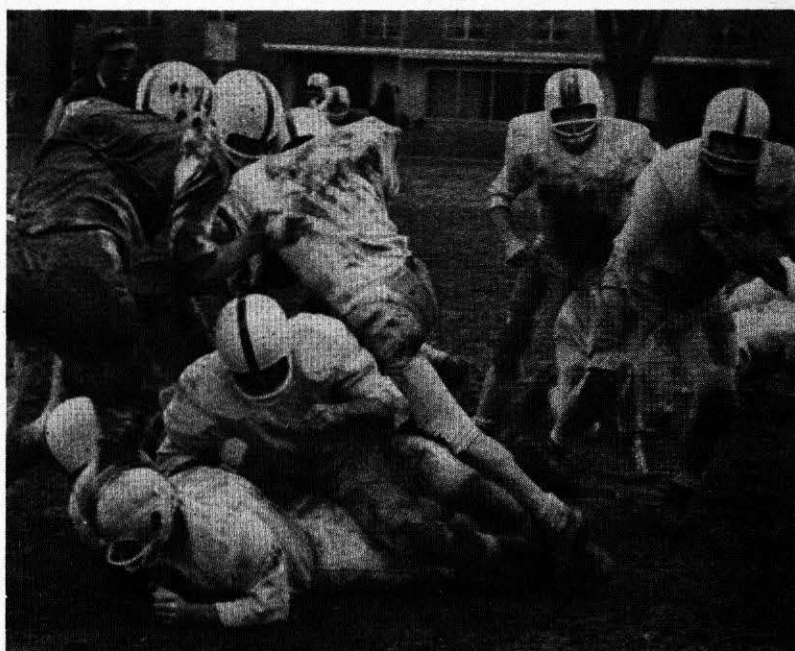

Only three other players are hitting above the .300 mark. Bob Wagner is batting .400, while Jack Marcum is hitting .333 and Fred Conley .313.

Summers and Carl Little are the only Big Green pitchers with spotless records as each have won one game.

The team statistics compared with the opposition's show that the Chambers-coached lads are much better than their 3-3 record shows.

The Big Green has pounded out 33 hits and 24 runs, while the opposition has 24 hits and 15 runs in six games.

In the pitching department, the Big Green is far in front also. Marshall pitchers have given up 15 runs, 16 walks, 26 hits, and have struck out 43 batters, while the opposition have given up 24 runs, 27 walks, 33 hits, and struck out 34.

If you see an elephant in this ink blot, your problem is you've never met one. Because an elephant doesn't look anything like this blot. Like some of the new cars, he has a trunk in the front. He also has more in the way of ears than anyone really needs.

We know about elephants because we have seen them in the movies. We know about L&M filter cigarettes because we make them.

You can learn a lot about elephants by simply looking at them, but you have to smoke an L&M to know that L&M has found the secret that unlocks flavor in a filter cigarette. And to know that in today's L&M, with its patented Miracle Tip, fine tobaccos can be blended not to suit a filter but to suit your taste.

We suggest you go to the movies and look at some elephants. And try an L&M.

Ghost Charge Haunts Lucky Strike's Dr. Frood

Dear Dr. Frood: I am writing my term paper and would like to know how the average professor differentiates between research and plagiarism?

Lit. Major

Dear Lit: Plagiarism is when you copy your paper from a book. Research is when you copy your paper from more than one book.

o o o

Dear Dr. Frood: I was shocked when I read of ghostwriting firms preparing term papers for certain college students. But I was doubly horrified, upset and stunned when I heard a rumor that you, Dr. Frood, also use a ghost. Tell me it isn't so, Doctor.

Jacob Marley

Dear Jacob: I categorically deny your accusation. I do not use, nor have I ever used, a ghost to write this column. I admit, however, that when confronted with certain difficult student problems, I have called upon my late departed Uncle Purdy for advice and counsel.

o o o

Dear Dr. Frood: I have just been informed that there are over 100 brands of cigarettes on the market today. Why so many?

Harvey J. Wamerdam

Dear Harvey: Conceivably, there are 100 people in the country who do not smoke Luckies.

© A. T. Co.

Dear Dr. Frood: I am a sophomore who has finally mastered every syllable of the Whiffenpoof Song. To my chagrin, I have just discovered that I am not attending Yale. Any suggestions?

Jivy Leaguer

Dear Jivy: Fake it, man, fake it!

o o o

Dear Dr. Frood: I have just completed my doctorate thesis on "The Socio-Political-Religio-Economic Aspects of Tribal Development in Central Africa, 1805-1809." I believe my work has immense popular appeal and would like to have it published in pocket-book form. How does one go about doing this?

Ethelbert Pingbank

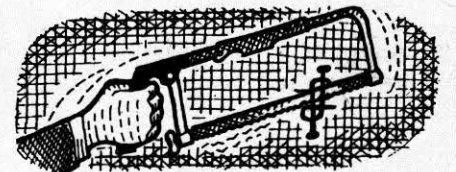

Dear Ethelbert: One changes the title to "Love-Starved in Mau Mau Land."

Dear Dr. Frood: I am going nuts—nuts, I tell you!—trying to solve this puzzle. Please! What is the secret?

Puzzled

Dear Puzzled:

o o o

Dear Dr. Frood: I didn't make the crew because I get seasick. I couldn't make the baseball team because the resin bag gives me a rash. I was kicked off the track team because cinders kept getting in my eye. And I had to drop tennis because I get vertigo watching the ball go back and forth. What can a great athlete like myself do now?

Sig Lee

Dear Sig: Why don't you expose over-emphasis of college athletics in a leading national magazine?
