## Sweatshirt Pep Rally Is Tonight

Tonight's the night to howl. The best place to do it will be around the roaring bonfire at the Pep Rally, according to members of the Robe who are sponsoring the rally.

The Pep Rally will start at 7 p.m. and will last approximately 45 minutes. Bobby Nelson, Whitesville junior and president of the Robe pledge class says the rally will be "a short, fast-paced affair."

Everyone is asked to wear sweatshirts and peggers to the rally and to the game tomorrow.

Nelson said that music at the rally will be furnished by a combo. The cheering will be led by the new cheerleaders, who will make their first appearance before the students since their selection.

In addition, the majorettes will be on hand to perform with the musical assistance of the combo.

Honored guests for the rally will be the members of the football team. Co-captains Jim Maddox and Jim O'Conner for extemporaneous speeches.

President Stewart H. Smith and Coach Charles Snyder are also expected at the rally. And, rumor has it that even these two gentlemen will don sweatshirts for the occasion, to conform with the spirit of the affair.

The Pep Rally is designed to give the Student Body a chance to praise the team for its victory over Toledo last Saturday, and show the extent of its support of the team. "It's also a kickoff to the Kent State game tomorrow," said Nelson.

Signs, balloons and old sweatshirts were tacked up all over the campus yesterday by the Robe to attract attention to the rally, and to encourage what they termed a "tremendous turnout."

### Forum Feature

**JULIAN BRYAN**, dean of American documentary photographers, will present a narrative film, "Russia" at 8:00 p.m. Tuesday in Old Main auditorium as part of the college Forum series.

## Film On Russia Will Be Shown

A new all-color film "Russia" will have its World Premiere in Old Main auditorium at 8:00 p.m. next Tuesday, October 20.

Mr. Julian Bryan will present this film for the first time anywhere on the second of the Forum Series. Mr. Bryan is Dean of the American Documentary Photographers and is a member of the Explorer's Club, Overseas Press Club, and the Circumnavigator Club of New York.

Students will be admitted by presenting their activity cards.

## Parthenon Finds Students Honest, But Watch Out For Bookworms!

By **WILLIAM CALDERWOOD**  
Staff Reporter

Books are more valuable than money at Marshall College. At least that's the result of an experiment by **The Parthenon**.

Two wallets and four books were "lost" on campus on Oct. 8 and 9. Within a few hours, the wallets and their contents (including one dollar each) had been returned. But "bookworms" apparently fastened onto the reading matter. None of the four books has been returned yet.

The man's wallet, belonging to **Ron Hutchison**, **Parthenon** sports editor, was "lost" in the Student Union on Thursday, and was turned in to **W. Don Morris**, manager of the Student Union.

In the Women's Lounge of the Science Building, a woman's wallet was "lost." It belonged to **Patty Poliskey**, **Parthenon** campus editor.

**Mary Hanna**, Charleston junior and member of **Delta Zeta** sorority, found the wallet and returned it immediately. Both wallets were returned to their rightful owners within 48 hours.

**Handbook of English, Learning to Write in College, A History of Europe, and Sociology** were the four books that were "lost" on campus. The English handbook was placed on a bench in front of **Hodges Hall**. Instructions were on the inside of the cover to return the book to the journalism department. It was placed on October 8, and was missing within 1½ hours.

The English writing book also was placed on a bench, and it had instructions to be returned to room 214 in **Hodges Hall**. **A History of Europe** was "lost" in the Student Union and was to be returned to **Richard Denison** in room 216 of **Hodges Hall**.

The sociology book was "lost" in the Student Union and was to be taken to the journalism department by the person finding it.

So it would seem that the campus is overrun with bookworms.

The books are old and of little value. They belong to **Don Fannin**, **Parthenon** editor. (He'd still like to get them back.)

All of the books were missing within a very short time after they were "lost."

At present the Student Government is studying an honor system. **The Parthenon** experiment seems to prove that students generally are honest. But watch out for those bookworms!

### SHAKERS TO BE SOLD

**Fagus**, senior women's leadership honorary, will sell green and white shakers tomorrow afternoon at the Kent State game. The price of these shakers will be 25c.

### Honor System Working Now

**HONESTY IS BEST** policy. And **Mary Hanna**, Charleston junior, exemplifies the honest policy by returning wallet containing one dollar to **Parthenon** Reporter **William Calderwood**, Charleston freshman.

## Calling All Coeds! If You Have Diamonds In Mind Check These

The three Stars of Africa diamonds, which make up an important part of the crown jewels of England, are now on exhibit in the gem stone case at the Geology Museum.

Oops!

That is, the quartz copies of these fabulous jewels are on exhibit. The replicas were cut from quartz in Germany and purchased for the display in the Science Building.

The Stars of Africa were originally part of the famous **Cullinan** diamond. When found in 1907 at the **Premiere Diamond Mine** at **Cullinan**, South Africa, it weighed 302.25 carats. It was presented to **King Edward VII** by the **Transvaal** government and cut into the three larger diamonds (Stars of Africa). More than 300 other diamonds also were cut from this one "gold mine".

The Stars of Africa now are mounted in the royal crown and the royal sceptre and displayed in the Tower of London.

## Parade Float Tally Now At 9

A tentative number of nine floats will comprise part of the spectacle of the Homecoming Day parade.

Nine representatives of various organizations on campus were present for a drawing held in M 116 at 4 p.m. last Wednesday. Purpose of the drawing was to determine positions in the parade for each organization. This also includes idea preference for building of the floats and house decorations.

Submission of constructions plans for floats and house decorations, plus final results concern-

ing each organization's role in the Homecoming Day event, will be determined at a meeting next Tuesday at 4 p.m. in M 116.

Freshman Dorm will not participate in float building or decorations. **Bruce Moss**, St. Albans senior and parade marshal, supervised last Wednesday's meeting.

Other organizations interested in Homecoming Day activity, concerning floats and house decorations, which did not appear at last Wednesday's meeting, must be present at next Tuesday's meeting.

## Nomination Of Royalty Is Monday

Class meetings for nominations of Homecoming Queen candidates will be held at 4 p.m. Monday. Eight candidates will be chosen from the senior class to vie for the "Miss Marshall" honor.

Each of the other classes will nominate eight candidates to run for queen of their classes.

The class meetings are open to BOTH men and women of each class. The nominating sessions will be conducted by the class presidents.

### Meeting Places Noted

The senior class will meet in S 320; the junior class upstairs in the Student Union; the sophomores in S 211; and the freshmen in Old Main Auditorium.

Rules for the nominating sessions are:

1) Nominations will be taken from the floor until someone moves the nominations be closed and there are no objections. A person does not have to be present to be nominated and a person may decline the nomination.

2) After nominations have been closed, an election will be held to limit the number nominated. This election will be held at class meetings.

### Must Vote For Eight

3) A ballot stating "Vote for EIGHT of the girls nominated in this class meeting" will be given to each person, and these will be collected as soon as the voting is completed. EIGHT names must be voted upon on each ballot or the ballot will be declared ineligible.

4) The Election Commission will be responsible for counting these votes, and the eight nominees having the highest number of votes are the names which will appear on the ballot representing their class in the general election.

5) The results of the voting for the candidates will appear in **The Parthenon**, Oct. 21.

### An Engagement?

A GIRL'S BEST friend . . . But in the case of **Norma Rose**, **Rainelle** sophomore, all that glitters isn't . . . Because those three "diamonds" are quartz replicas of the Stars of Africa, now mounted in the crown jewels in the Tower of London. But the next best things (the replicas) are now on exhibit in the Geology Museum in the Science Building.

## Democrat Club Will Conduct Poll Monday

The Young Democrats' Club will conduct a public opinion poll Monday at the Student Union. The poll is designed to stimulate interest in the forthcoming national elections and to gauge the present sentiment regarding potential presidential candidates of both parties.

Designed to obtain an accurate cross section of the student body representative of the entire campus, the poll will be held from 8 a.m. to 3 p.m., according to Bill Wortham, chairman of the club.

Students will be asked opinions on four questions:

1. Do you consider yourself a Democrat, Republican, or neither?

2. From the following list of men mentioned as possible candidates for the Democratic and Republican parties, who would you like to see nominated at the Democratic and Republican nominating conventions?

### DEMOCRAT

John Kennedy  
Adlai Stevenson  
Estes Kefauver  
Stewart Symington  
no opinion

### REPUBLICAN

Richard Nixon  
Nelson Rockefeller  
Harold Stassen  
Henry Cabot Lodge  
no opinion

3. a) You are a Democrat, the Democratic party nominates a candidate whom you do not prefer. The Republicans nominate the candidate of your preference in their party. Which of the two would you vote for for President?

b) You are a Republican, the Republican party nominates a candidate whom you do not prefer. The Democrats nominate the candidate of your preference in their party. Which of the two would you vote for for president?

4. Are you under 21?  
Are you over 21?

Another major project of the club this year will be to conduct a mock nominating convention next spring.

The Young Democrats meet every Tuesday at 4 p.m. in the Student Union and welcome any students interested in learning more about the two major political parties, their basic differences and doctrine.

## Honor System Meeting Held; Third So Far

The third in a series of discussions on the proposed honor system in which Student Body President John Karickhoff and John Gunter honor system coordinator have appeared before the administrative cabinet was concluded last Wednesday.

A revision of penalties concerning violation of the honor code was one of the minor points which characterized the meeting. Penalty for the first offense will not include any permanent record other than the honor committee log book.

Discussion of a few remaining "bugs" will undergo attention at a session of the same parties next Wednesday.

## Job Outlook Still Rosy; Engineers Sought After

By FRANK CHILDERS  
Staff Reporter

The recruiting picture for 1959-60 promises more opportunities for more people in more varied fields than ever before.

This is the information contained in the new edition of the College Placement Annual just released by Robert P. Alexander, Director of Placement.

The annual is an official, non-profit publication listing the job opportunities normally made available by the more than 1,700 participating companies.

Marshall is one of approximately 600 colleges and universities throughout the United States and Canada where it is being distributed. Copies for reference use are available at the Placement Office in Old Main.

In 1959-60, as in most recent years, engineers will find themselves most in demand. Close to two-thirds of the companies listed in the annual are interested in hiring some type of engineer, and cumulative totals show more than 3,600 company openings for engineers of various types.

Mechanical engineers, for the third year in a row, will be the most popular. Some 800 companies list openings for them, but the twin specialties of electrical and electronic engineering are close behind. The third most desirable man, in the eyes of the recruiters, will be chemist.

In the most startling jump in demand revealed by the annual, the number of companies offering openings in chemistry, went from 396, in 1958 to 672 this year.

Fields with futures, as measured by the number wanting personnel in those categories, are selling, specified by 613; accounting 516; chemical engineering 472; and business administration 459.

Industrial engineers, though still sought after, found the demand for their services falling slightly from 481 last year to 431.

Examining the openings and opportunities for women graduates, the annual, for the first time this year, contains a special list-

ing of those firms which offer professional employment to women. Nearly 600 of the firms listed offer as warm a reception for the ladies as for the men. The job opportunities range from accounting to aerodynamics and aero engineering, and from probation work to dentistry.

## Chief Justice Space Deadline Is Oct. 19

All organizations interested in reserving space for the 1960 yearbook should return their space contracts to the Chief Justice mailbox in the Dean of Men's office not later than Oct. 19, 1959. The cost of space is: one-half page — \$15, one-page — \$30, and two pages — \$60. Organizations may write their own copy; and the number of pictures depends on the layouts.

With the cooperation of the faculty, students and organizations, the Chief Justice staff feels that it can have the yearbook issued to the student body by May 25, 1960.

## Membership Drive May Be Extended

About 20 students had signed up for membership in the Student National Education Association as of Wednesday.

The S.N.E.A. has been having its annual membership drive this week. A booth has been set up in the Student Union from 9-4 each day where students can receive information about the organization and can sign up for membership.

The drive may be extended through next week. If it is there will not be a booth set up in the Union but students may sign up for membership in the office of Rex C. Gray, associate professor

## Omar Khayyám writes a new jingle

A jug of Wine,  
A loaf of Bread  
and Winston's  
Filter-Blend!

Old Omar has come up with another corker of a couplet. Freely translated from the Persian:

**It's what's up front that counts  
If it hasn't got it there it hasn't got it**

True, the lines don't scan. But what do you expect from a tent-maker—the perfect rhyme of "Winston tastes good like a cigarette should"?

We'll admit that something may have been lost in the translation. But when it comes to Winston, *nothing* is lost in the translation of rich, good tobacco taste. That's because up front of a pure white filter Winston has Filter-Blend—a special selection of mild fla-

vorful tobaccos specially processed for filter smoking.

Winston is *designed* to taste good.

Or, as Omar puts it:

The Moving Lighter lights;  
and having lit,  
Flicks off. Then you draw on IT,  
And bit by bit smoking pleasure  
mounts;  
With Filter-Blend up front,  
Winston's got what counts!

**Game Apparel**

MARIETTA MEADOWS, ST. ALBANS senior and Ty Cobb, Huntington junior model apparel which is supported by the Robe pledge class as proper attire for Saturday's football game against Kent State University.

**Graduate Record Tests On Campus**

Graduate Record Examinations, required of applicants for admission to some graduate schools and by some donors of fellowships, will be given here and at other examination centers four times in the next nine months, Educational Testing Service has announced.

During 1958-59 more than 21,000 students took the examination in partial fulfillment of admission requirements of graduate schools which prescribed it.

Candidates who wish to take the examination on Saturday, Nov. 21, must apply by Nov. 5. In 1960, the dates are Jan. 16, April 23 and July 9.

The Educational Testing Service advises each applicant to inquire of the graduate school of his choice which of the examinations he should take and on what dates.

Applicants for graduate school fellowships are often asked to take the designated examinations in the fall.

The tests offered in these nationwide programs include a test of general scholastic ability and advance level tests of achievement in 16 different fields.

According to Educational Testing Service, candidates are permitted to take the aptitude test and/or one of the advanced tests.

A bulletin of information (in which an application is inserted) provides details of registration and administration as well as

sample questions, and may be obtained directly from Educational Testing Service, 20 Nassau Street, Princeton, N. J., or from the Registrar's Office here.

A completed application must reach the Educational Testing Service office at least 15 days before the date of the administration for which the candidates is applying.

**'Yea' By Bane --All In Vain**

"If you want anything done right, do it yourself."

That is an old adage put into practice by Ray Bane, Wheeling senior and vice president of the Student Government at a council meeting last week.

Bane as vice president and speaker of the house can only vote in case of ties. The occasion to use such a power arose last week.

It came about as a result of a motion concerning changes in homecoming rules. An amendment was proposed to extend the deadline on building homecoming floats. A call for votes was issued by Bane.

There was silence. Then the voice of Bane: "No nays. No yeas. I vote yea. The yeas have it."

But then Bane learned another adage, "You can satisfy some of the people some of the time, but not all of the people all of the time."

Because the senate later defeated the amendment.

**STUDENT DIRECTORIES**

Student directories will be available sometime in November according to Miss Adella E. Strouss, associate professor of home economics.

Miss Strouss is advisor to the home economics club which annually publishes directories.

**360 Signed Up For Extension Class Studies**

A total of 360 students are enrolled in extension courses in 11 centers, according to Paul L. Collins, Administrative Assistant and Director of Adult Education.

The courses offered are; Education, English, Bible, Science, Social Studies, Philosophy and Sociology.

The centers where these classes are taught are at Charleston, Parkersburg, Logan, Williamson, Princeton, Pineville, Crum, Ripley, St. Albans, Beckley and Pt. Pleasant.

The courses are taught from 6:30 to 9 p.m. one night weekly. Classrooms are in high school, junior high school or grade school buildings and are provided free of charge.

The smallest class being taught is an English class with an enrollment of nine at Crum. The largest is in Education 613 at Charleston with an enrollment of 35. A minimum of 15 is the set standard, says Collins, although exceptions are made where there is an urgent need for credit for a teacher to renew his certificate.

All students of extension classes are graduates working on master degrees or undergraduates working on renewal credits. Two-thirds of the classes are teachers.

**TANG! New breakfast drink you can keep in your room!**

**EARLY ELLEN:** I get up so early to study that a glass of TANG tides me over until breakfast. It's delicious—and wakes you up better than a cold shower.

**ALWAYS HUNGRY HAL:** I'm a before-and-after-meal TANG man. It really fills in where fraternity food leaves off. Buy two jars. Your friends need vitamin C, too!

**LAST MINUTE LOUIE:** A fast TANG and I can make it through class... 'til I have time for breakfast. Fast? All you have to do is add to cold water and stir.

**DEAD BEAT DON:** I have to put in a lot of hours on my Lit. But since I have TANG on my bookshelf it really keeps me going even through the longest hours.

**Home Ec Pledges Initiation Tuesday**

Kappa Omicron Phi, home economics honorary club, will meet Tuesday in Northcott Room 101 at 7 p.m. to initiate pledges.

Nola Kay Graves, Charleston senior and president, will preside. Pledges will be instructed by pledge mistress, Ruth Ann Lykins, Dille senior.

After the initiation an informal reception will be held in Miss Cleo Margaret Gray's home at 1660 Fifth Avenue. Miss Gray is associate professor of home economics and advisor to the organization.

Kappa Omicron Phi has fifteen members. Each must have a 2.5 overall average and a 3.00 in home economic courses to be eligible. Also they must be a second semester sophomore. Transfer students must have been on campus for at least one semester and must have the same grade average.

**NEW! INSTANT!**  
Just mix with cold water!

**MORE VITAMIN C THAN ORANGE JUICE!**

**GET TANG FOR YOUR BOOKSHELF SOON**

TANG has real wake-up taste, more vitamin C than fresh or frozen orange or grapefruit juice. Plus vitamin A. TANG keeps without refrigeration so you can keep TANG right in your room.

A product of General Foods Kitchens

**WANTED:** Characters and captions for campus TANG-ites (like above). Must relate to TANG. Will pay \$25 for every entry used.

Address: TANG College Contest, Dept. GRM, Post Division, Battle Creek, Mich. (Entries must be postmarked before Dec. 15, 1959.)

**Getting The Scoop On Alumni**

THE FIRST EDITION of the new Alumni Association publication was presented to President Stewart H. Smith last Wednesday. Shown with him are: (left to right) Don Jenkins, president of Alumni Association; John Sayre, director of Development and Alumni Affairs; and Kenneth Stettler, president of the Marshall Foundation Inc.

**Alumni Publication In Debut**

The new alumni association publication, "For You, Marshall Alumnus", replaces the former "Alumni News Bulletin". The first of 11,500 copies was mailed yesterday to Marshall Alumni throughout the nation.

The new publication is of magazine format, consisting of eight pages and is planned to be published twice again between now and July. Between editions a newsletter will be mailed. John Sayre, director of Development and Alumni Affairs, stated that "For You", can be regarded as the first product of the new program.

Don Jenkins, president of the Alumni Association, expressed the purpose of the new publication. "Through this publication we are endeavoring to give a clear picture of our new alumni program. We not only hope that the alumni will accept this program but will work toward our

**Beta Eta Chapter Will Tap Members**

The Beta Eta Chapter of Kappa Pi, National Art Honorary, will tap new members Thursday, October 22, at 3 p.m. in N-211. To be eligible for membership a student must be an art major or minor with at least eight hours of art and a B average in art.

Those who are eligible and are interested in becoming members should contact Miss Joan Gregory, instructor in art and chapter sponsor, or Doris Bradbury, chapter president.

**15 Members Added By Veterans' Club**

Fifteen new members have been admitted to the Veterans' Club this fall, according to James Shanahan, club treasurer. This brings club membership to 37.

New members are: Mary Stephens, Pratt sophomore; Ada Perdue, Ceredo sophomore; Jesse Nelson, East Lynn senior; Ronald Ray, Barboursville freshman; Michael Kearney, Huntington senior;

Leon Weekley, Huntington sophomore; Guy Castor, Pt. Pleasant freshman; William Corder, Huntington sophomore; Roger Hungate, Huntington senior; Don Turner, Huntington freshman;

Tyrone Sedinger, Huntington sophomore; William Nunley, Huntington sophomore; William Eaton, Huntington senior; William Riffe, Crab Orchard senior; Ronald Moatz, Ashland senior.

**Tour, Dance To Highlight Events**

**Homecoming Program Set For Alums**

By **PATTY POLISKEY**  
Campus Editor

Two special programs are scheduled primarily for alumni during Homecoming this year, according to John M. Sayre, director of the Office of Development and Alumni Affairs.

On November 7, from 9 to 11 a.m., a "Get Reacquainted Tour" will be conducted for alums. This tour will begin at the 16th Street entrance of the campus where student guides will be available to show and explain various sites on campus.

Mr. Sayre indicated this tour will become an annual event.

Immediately after the game, an alumni party will be held in the Hotel Frederick Ballroom. The party is sponsored by Marshall Alumni Association.

This year, students will be acting as receptionists to register the alums but will not participate in the party. The registration will have a two-fold purpose: (1) To determine the accurate number of guests at the annual party, and (2) To supply full names and correct addresses of

alumni to the Office of Development and Alumni Affairs.

Homecoming plans include both students and alumni, although the emphasis is toward alums. The purpose of a homecoming game is to encourage the attendance of the alums at one particular game.

This year the theme of Homecoming is "Welcome Alums."

All other activities besides the tour and the alumni party will be for both students and alums. These will include the parade, game and dance.

The dance this year will accommodate any and all alumni who wish to attend. Mr. Sayre said alums could obtain tickets by ordering well in advance through his office. They also can purchase them when they arrive on campus at the Student Government office, buy them at the

alumni party, or at the dance itself.

A larger number of alums may attend homecoming this year than ever before. More alums will be reached at correct addresses and two bulletins will be published, rather than just one.

**Caverns Are Visited By Geology Class**

Students enrolled in Geology 200 (beginning geology) got a first hand look at various geological formations of Kentucky's Cascade Caverns last Saturday. The class is currently studying geological physical structure.

The students, accompanied by Professor Raymond E. Janssen and Professor Ernest H. Ern toured the caverns and Professor Janssen pointed out the various structures.

**PHOTO FINISHING**

**LUCKY STRIKE presents**

**Dear Dr. Frood:**

**DR. FROOD'S MORAL OF THE MONTH**

Things worth having are worth working for. For example: If you want a football letter, find a football player and ask him to write you one.

**Dr. Frood, Ph.T.T.**

**Dear Dr. Frood:** I'm flunking everything but math. I get D in that. Help me.  
*(Name withheld by request)*

**Dear Withheld:** Spend less time on math.

**Dear Dr. Frood:** I have a ravishingly beautiful girl in my class. Sadly, she is witless. Should I flunk her?  
*Bookish*

**Dear Bookish:** Pass her. Other professors are waiting.

**Dear Dr. Frood:** I go steady with two girls—one in the dorm, one in the Theta house. Traveling between the two places is making a wreck of me. What to do?  
*Tired*

**Dear Tired:** Get your girl to get your girl into her sorority.

**DR. FROOD AND THE AMAZING NEW FILTER**

I had occasion recently to study the remarkable "no smoke" filter made of solid lead. No matter how hard you puff, you get no smoke. Incidentally, a pack of these cigarettes weighs 2 pounds. Luckies weigh less . . . and you get smoke. The best.

**Dear Dr. Frood:** I am a 35-year-old freshman. Should I wear a beanie?  
*Worried*

**Dear Worried:** If I were a 35-year-old freshman, I'd wear a mask.

**Dear Dr. Frood:** Nobody likes me. Girls despise me. Men can't stand me. Profs detest me. Dogs snap at my cuffs. What should I do?  
*Hated*

**Dear Hated:** Don't ask me. I don't like you, either.

**Dear Dr. Frood:** I'm a non-conformist. But I smoke what everybody else smokes—Lucky Strike. How can I be different and still smoke Luckies?  
*I. M. Odd*

**Dear Mr. Odd:** Light both ends of the Lucky and insert a straw into the middle. Sip the smoke through the straw and say "wildsville" after each puff.

**COLLEGE STUDENTS SMOKE MORE LUCKIES THAN ANY OTHER REGULAR!**

When it comes to choosing their regular smoke, college students head right for fine tobacco. Result: Lucky Strike tops every other regular sold. Lucky's taste beats all the rest because L.S./M.F.T.—Lucky Strike means fine tobacco:

**TOBACCO AND TASTE TOO FINE TO FILTER!**

Product of The American Tobacco Company—"Tobacco is our middle name"

# Big Green Will Face Kent Saturday

## Gridders Face Rugged Test In Afternoon

By **RON HUTCHISON**  
Sports Editor

Flushed with a hard-earned victory, Marshall's Big Green entertains second-ranked Kent State University 2 p.m. Saturday at Fairfield Stadium.

Marshall, after winning 20-13 at Toledo, will be up against a tough Kent team that last weekend upset powerful Miami 14-6. This was Miami's first loss after 28 consecutive conference wins.

Kent, by beating the Big Green last year, began the Marshall loss streak that ended last week in Toledo. Going into Saturday's game Kent sports a 2-1 record.

One hint of things to come might be found in current MAC statistics. Kent ranks fourth in overall defense while Marshall is in the cellar. The Kent quarterback Dick Mostardo, usually a deadeye passer, is not mentioned among the passing leaders and Kent has only picked up 112 yards via the air lanes. This again might be a clue that the Marshall line will have its work cut out for it this weekend. If it rises to the occasion as it did in Toledo then hometown rooters may see a strong defensive battle.

### Big Green Leaders

On the Marshall side of the ledger, the Big Green has several players among the department leaders in the MAC. In the rushing statistics, Jim Maddox and Bob Wilson are in the top ten. Maddox, in sixth position, is averaging 5.4 yards per carry. Wilson, ranked eighth, has toted the ball 4.2 yards per try.

Marshall again has two leaders in the pass receiving department. Halfbacks Bob Lester and Jim Cook are in third and tenth positions respectively.

In kicking statistics Bob Wilson and Tags Meredith are listed in the fourth and fifth spots. While as passers, Maddox and Meredith are again fourth and fifth in conference figures.

### Maddox Tied For 3rd

Maddox, a standout against Toledo, is tied for the third place among the league scoring leaders.

The Toledo win, costly to Marshall from an injury standpoint, brought to light the latent power of the Big Green line. But this week with end Bill Roberti definitely out for a month and guards Bill Gillespie and Ron Reynolds hampered by injuries the Big Green may be in for a long battle.

Bill Nardo, normally a tackle, will replace Roberti at end this week. It was Nardo who came off the bench at Toledo after Roberti was injured and helped stop the Rockets ground attack. Replacing Reynolds will be junior Scott Jarrell.

### Probable Lineup Given

Both Marshall and Kent will be out to prove that last week's wins were not flukes. The Big Green could, by winning, move up to third position from its current sixth place spot.

The probable starting lineup for the Big Green will be:

- End: Jarrett, Nardo
- Tackle: Lowe, O'Connor
- Guard: Lathan, Jarrell
- Center: Wickline
- Quarterback: Maddox
- Halfbacks: Lester, Thomas
- Fullback: Wilson

## Sig Eps, Cavaliers Cop Intramural Victories

Intramural action will pick up momentum this coming week with a cross-country meet slated for Wednesday and the pairings of the croquet singles tournament having been posted.

Fairfield Stadium will be the site of the track meet which will be run on a one-and-a-half to two-mile course. The various teams, which will be composed of three members each, will be competing for a total of five medals.

Pairings for the croquet tournament have been posted in Shawkey Student Union. In intramural action today, a football place kicking contest for distance will begin at 3:30 p.m. on "Swede Field."

Intramural football competition this past week saw Sigma Phi Epsilon and the Cavaliers post thrilling close victories.

After the Sig-Eps and Tau Kappa Epsilon battled to a 13-13 tie at the end of the regulation game Monday, the former team was proclaimed the winner, having registered more first downs throughout the four quarters.

A 25-yard pass from Barry Keadle to Tim Delbrugge accounted for the Sig-Eps first tally in the third frame. Another pass from Keadle gave the Sig-Eps their point after touchdown. Bill Rine was on the receiving end of the toss.

The Tekes also scored once in the third quarter on a 30-yard pass from Bob O'Conner to Barry Myers. However, they failed in their attempt for a point after touchdown.

Both teams scored in the fourth quarter with the Sig-Eps tally coming on a 10-yard pass from Keadle to Paul Meredith. The Tekes countered with a five-yard pass from O'Conner to Andy Summers. The extra point was good on a pass from O'Conner to Don Oliver.

In another game Monday, Lambda Chi Alpha dropped a close 14-13 decision to the Cavaliers. Lambda Chi drew first blood in the game when it pushed across a touchdown in the first quarter.

Tom Lowe's 10-yard pass to Frank Tolliver accounted for the 6-0 lead. The Cavaliers rebounded in the third frame when J. Sayre completed a pass to G. Davidson which knotted the score at 6-6. Sayre's pass to M. Shamblin pushed the Cavaliers in front by the score of 7-6.

The Cavaliers winning touchdown came on a 15-yard toss from Sayre to L. McAbee. The extra point gave the Cavaliers the victory when Sayre ran for the one-pointer.

## PROFILE

### Chambers Begins Fifth Term As Freshman Football Coach

Beginning his fifth term as head freshman football coach is Bill Chambers. Inaugurating his fall term as plebe coach will be the first freshman game of the year tomorrow at Cincinnati University.

Chambers, a native Huntingtonian, graduated from Huntington High and then attended the University of Kentucky. While at Kentucky, Chambers earned letters in football, baseball and track.

After graduation, Chambers began his coaching career at Jackson High School, Jackson, Tenn. He later moved to Milton High School as coach.

Coach Chambers then accepted his present position at Marshall in 1955. In the meantime he had completed work on his Master's Degree at Marshall.

In addition to his football duties, Chambers is also the head baseball coach. He was formerly a pitcher in the Chicago White Sox farm system. Under his guidance the Big Green diamond squad has shown definite improvement and last year finished fifth in the conference.

Coach Chambers also assists in coaching the varsity backfield and does the scouting for future Marshall grid foes.

## Freshman Gridders Oppose Cincinnati Bearcats In Debut

The "Little Green" left this morning for Cincinnati and its first game of the year.

According to coach Olen Jones, the team will use the same play patterns as the varsity. The men have been practicing hard and are up for the game which, according to coach Jones will be one of the rougher games of the year. Of four games played by the freshmen, Cincinnati and Xavier will be the hardest.

Coach Jones said, "Nothing can really be said about the team until the final gun is sounded this week-end." Continuing, he said "I know that the boys are really looking forward to this game and will do their best."

The starting line will average about 200 pounds and the backfield will average about 175. There are two speedsters in the backfield, Eddie Wright and Millard Fleming.

The starting line-up is as follows: left end, Dennie Skeens; left tackle, Ron Painter; left guard, James Perry; at center, Bob Maxwell; over in right guard, Roger Jefferson; right tackle, Donald Harrah; right end, Chester Miller. In the backfield will be Bob Hamlin at quarterback; fullback slot

will find Dave Boston; at left half Johnny Skeens or Eddie Wright, and at right half Millard Fleming. Coach Jones will start Skeens if Wright's infected eye has not healed. Also Ed Vance, a right tackle will be lost to the team for the rest of the year due to a chipped ankle.

In closing coach Jones said, "It is too early to compare the team to last years, wait until the game is over."

### DEFENSE LOANS

National Defense Student Loan recipients may pick up their checks today in the Comptroller's office.

## Rivlin To Rely Upon Untried Sophomores During Cage Season

With basketball practice just beginning, the situation looks as though Coach Jule Rivlin will be forced to rely on untried sophomores to carry the load.

Coach Rivlin, beginning his fifth season as Big Green mentor, will be up against a schedule considered by many as the toughest in the college's history. Aside from the 12 MAC contests, the Big Green will face such formidable foes as Cincinnati, Virginia Tech, and St. Bonaventure. Another problem facing Rivlin is the fact that only two starters will be back from a team that last year had an even record of 12 wins and 12 losses.

Graduation and other causes have accounted for a definite depletion of the Big Green's cage forces. So this means that the sophomore players may be called upon to take up the slack. One of the second year men who might possibly move into a starting berth is big Bob Burgess.

Burgess, a sharpshooter from Sharples, was the leading scorer on the freshman team last year. The 6-8 center averaged 17 points and 20 rebounds per game.

Among the eight sophomore net swishers who will move up to the varsity are Charlie Moore, Huntington; Jim Gallion, Russell, Ky.; Ron Lambert, Huntington; George Wooten, Holidaysburg, Pa.; Harry Roberts, Milton; Bill Pugh, Chester; Dick Wildt, Park-

## Distance Runners Defeated At O. U.

On Monday of this week both the varsity and freshmen cross country teams lost to Ohio University at Athens. The varsity lost by a 52 to 15 score.

The only varsity man to score was Charles Szepansky, who finished sixth. The freshmen lost 50 to 14. No one finished in the placing.

The next meet will be held tomorrow prior to the Kent State football game. The team will run against Kent State.

# Three Students Receive \$800 Each In 4 Years

By the time they graduate, three former students of the local St. Joseph High School will have received a combined total of \$2,400 from the Tri-State Food Operators Association.

The students are Arthur S. Brant, Mary Kathryn Hoskins, and James A. Weber, all Huntington sophomores. The \$2,400 they will share is in the form of yearly scholarships amounting to \$200 for each of the students.

The three recently received their \$200 checks for this their sophomore year.

According to Miss Hoskins, she and the two men scored a clean sweep for St. Joseph in competition for the three scholarships awarded by the food operators association.

While seniors at St. Joseph two years ago, the three competed with students from Ohio, Kentucky, and West Virginia in an essay writing contest as the first step toward the scholarships.

The results of the essay contest limited the field of competitors to about ten students.

Then, after personal interviews with the students and a review of their high school grades, the food operators association awarded three four-year scholarships. The three St. Joseph students were the winners.

All three of them enrolled here

as freshmen last fall and plan to remain here throughout their four years of study.

Miss Hoskins is an elementary education major. She plans to teach after her graduation, probably in another state. She is not married, and said that she is not contemplating marriage, at least until she graduates.

She has two sisters, one older and one younger, and a younger brother who is in junior high school.

Arthur Brant is an engineering major, and a lifetime resident of Huntington. He is enrolled in the ROTC program here and is looking forward to two years of active duty in the Army after graduation, and his commission as a lieutenant. He has an older sister.

James Weber is a business management major who said he would "not mind" staying in Huntington to work after his graduation. He intends to go into food service, preferably in the hotel field. He now works after school at the Hotel Frederick.

Considering the size of his family, one can understand Weber's interest in food service and the problems of handling food in quantity. He is one of seven children in the Weber family. He has six sisters, three older and three younger.

## Chemical Society Elects Officers

NEW AMERICAN CHEMICAL Society affiliates officers are (left to right) Terry Christian, Huntington senior and president; Patricia Hugins, Huntington senior and secretary; Karen James, Huntington senior and treasurer; and Robert Bennet, Huntington senior and vice president.

## Head Cheerleader Is Chosen; Sponsor, Uniform Needs Told

By SUSAN ATKINSON  
Society Editor

Beverly Lowe, Williamson senior, was chosen Head Cheerleader by the other cheerleaders last week. This will make her third year as cheerleader here. She also was a cheerleader for four years in high school.

The other cheerleaders for the 1959-1960 school year are: Gloria Brothers, Huntington senior; Susan Daugherty, Huntington junior; Allyn Childers and Nancy Cohen, Huntington sophomores; and Suzanne Tamplin, Madison sophomore.

Most of these girls had experience as cheerleaders in high school. Miss Brothers and Miss Daugherty were cheerleaders last year. Miss Childers was chosen last spring and cheered at the first home games this year.

The alternate cheerleaders are Betty Bick, Huntington senior, and Linda Henderson, Huntington junior.

At their meeting last week the cheerleaders discussed their need for a sponsor. They would like to have a faculty member who would be willing to spend some time with them, to practice with them, and to take them to away games.

They also discussed the possibility of getting raincoats to wear to ballgames. They would like to get a uniform for the first alternate cheerleader, too.

The cheerleaders are interested in sponsoring a cheer contest. They would like to have the students submit cheers which would be tried at a pep rally.

## House Decorations, Float Rules About The Same As Last Year

By ED BENNETT  
Staff Reporter

Qualifications for floats and house decorations for Homecoming will be about the same this year as they have been in the past.

Qualifications for house decorations are as follows:

The sum of \$150 will be the maximum amount allowed any group building a house decoration. An itemized list of materials and costs will be presented to the parade marshals in the Student Government Office no later than 4 p.m. Friday, Nov. 6.

The starting date for the construction of house decorations will be Wednesday, Nov. 4. Prior to this time, no materials may be placed on the house or on the

front of the house.

All donations will be included in itemized reports to be handed into parade marshals, and will be included on the allowed \$150 total for materials.

There will be no professional help in building decorations.

Construction of house decorations will cease at 7:30 p.m. Friday, Nov. 6, in order to be judged, and then all financial reports will be turned in at 7:30.

House decorations must be cleared away by organizations no later than Wednesday, Nov. 11.

Qualifications for floats are as follows:

A sum of \$200 will be the maximum amount allowed any group building a float. An itemized list of materials and costs will be presented to parade marshals at the origin of the parade, and will be checked there. This amount includes donations and materials on hand.

The construction site for floats will be turned in to the parade marshals no later than the Wednesday prior to construction of floats.

The starting date for construction of floats will be noon, Oct. 31. Prior to this time, no materials may be placed on the conveyance.

Positions in the parade will be determined by reversing the numbers drawn for the line-up.

The parade will assemble at 11 and start promptly at noon, Nov. 7. Failure to be on time will result in disqualification.

Any float developing locomotion trouble will have 10 minutes 30 feet of decorated length, extra to rejoin the parade.

The float length will not exceed including the towing vehicle. The height will not exceed 12 feet 6 inches, and the width will not exceed 12 feet six inches.

The winning house decorations and floats will be announced at the Homecoming dance at the Field House on Nov. 7.

## New City Director Part-Time Student

Robert Hesson, a part-time student at Marshall, has been appointed city personnel director, according to an announcement by City Manager Robert M. Hoisington.

Hesson will receive a degree in business administration next May. He is now carry auditing, a three-hour course, at night. He is not sure whether his night class will conflict with his new duties. The City Council meets each Tuesday night, but Hesson is not sure that he will be required to attend.

Next semester, he plans to carry three or possibly six hours.

From Williamson, he has attended Marshall for the past four years and is a former student at Ohio State University.

A former marine, he will earn \$400 a month and will temporarily have office space in the conference room at City Hall. The city administration plans to rent office space outside the city hall if the need arises.

# Smile Awhile

A Marshall College student in the News Photography course finally saw the light!

After entering the darkroom to load some film, he discovered that he couldn't see. So he opened the door to let the light in, then proceeded to load his film-holders!

After all, why fumble around in the dark?

San Francisco State College seems to be getting off on the right foot this semester, according to Associated Press. A new course is being offered: "Put Your Right Foot Forward."

Five faculty members will instruct students in etiquette, proper dress and how to write a letter.

Marshall College students are more advanced, however, in letter writing. The "Dear Dad, Could you advance me some money on next month's allowance" type of thing.

Memo to Coach Snyder: We've ordered the dry ice for Saturday, but the forecast calls for clear skies.
