MARSHALL COLLEGE STUDENT NEWSPAPER

VOL. 59 HUNTINGTON, W. VA. WEDNESDAY, DEC. 2, 1959 NO. 26

### Battle Group Goes All Out To Boost College's Spirit

The ROTC's Battle Group has gone all out in its efforts to boost the college's spirit.

At a ceremony this week, President Stewart H. Smith was presented a "Code of Conduct" card, now issued to each member of the Battle Group.

Its purpose, according to Lt. Col. Thomas M. Ariail, professor of military science and tactics, is to contribute "to the maintenance of a high standard of decorum among Marshall College students on and off campus."

#### Significant Example

In reply, President Smith said the Code of Conduct "represents one of the most significant examples of student initiative and leadership that I have seen on our campus in many years."

Hé added:

"It is most gratifying to know that we have in our Student Body those who are self-motivated to follow high standards of conduct and ethics.

"That this Code of Conduct has come from our cadets is not surprising to me. This is another of the many previous examples of the ROTC leadership that have given me much pride and satisfaction."

#### Six Principles Included

The wallet-size code is the result of "brainstorm sessions" held in April, 1958, by junior and senior military science classes. Each Battle Group member is called upon to live up to six principles printed on the card. On the reverse side is the Code of Conduct for members of the U.S. Armed Forces.

The reason: Battle Group graduates will live by this code upon being commissioned in the regular Army or the U.S. Army Reserve.

"Each Battle Group member has been requested to carry the card in his billfold," Colonel Ariail said, "and to strive to live by this code so long as he is a member of the Battle Group."

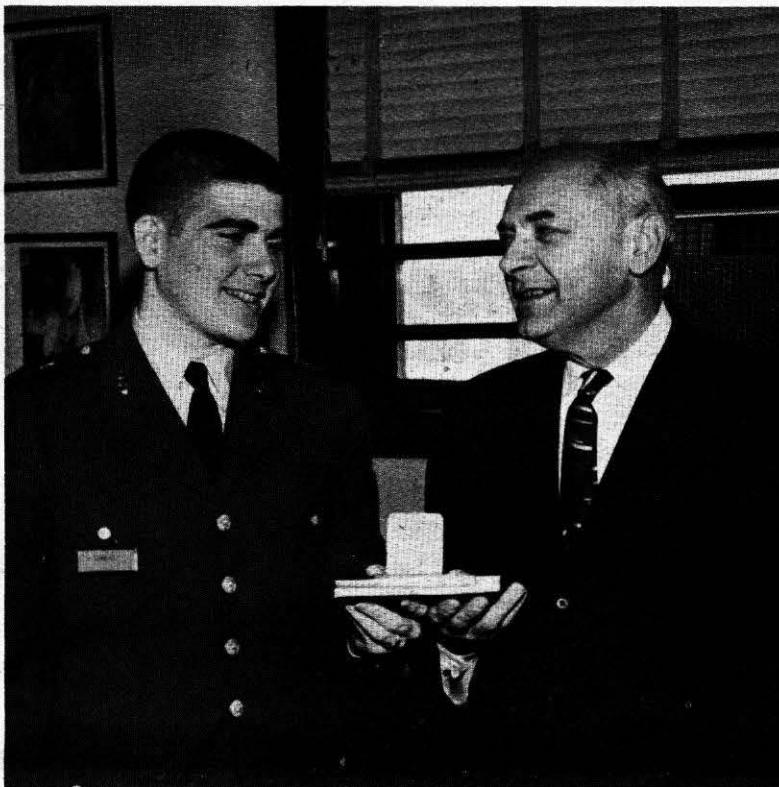

Here is the Battle Group's Code of Conduct:

1. I am a member of the Marshall College Student Body. I also serve in the Marshall College Battle Group. All that I think, all that I say, and all that I do contributes to maintaining the highest Standard of Conduct, Esprit de Corps, and Morale in the Battle Group, in the Marshall College Student Body, and in the Nation under God.

2. I help my fellow members of the Marshall College Student Body and Marshall College Battle Group in any way possible within my capability, on campus as well as off campus.

3. As a potential member of the Officers Corps of the United States Army, the code of Honor and Integrity by which this corps lives will be my code so long as I remain a member of the Marshall College Battle Group.

4. I am loyal to and support all Marshall College activities to

#### 'Code Of Conduct' Presented

THE BATTLE GROUP'S newly-adopted "Code of Conduct" is presented to President Smith by Cadet James M. Conley, Huntington freshman, who is the group's chaplain. The code has six principles and was heralded by the president as a significant example of student initiative and leadership.

the best of my ability. I never openly criticize the Battle Group or the College to other students or to the public, realizing that I am a part of that which I am criticizing. I seek corrective action which I consider necessary through properly established channels.

5. I believe in the future of Marshall College and the future

of the Marshall College Battle Group. I will remain loyal to these two no matter where I go or what I'm called upon to do.

6. Should I be called upon to defend my country, either as a commissioned officer or enlisted soldier, I will live by the Code of Conduct for Members of the Armed Forces of the United States as set forth on the reverse side of this card.

### 'Cam' In Hall Of Fame; Plaque Will Cost \$340

One of Marshall's greatest coaches, Cam Henderson, has been voted into the West Virginia Hall of Fame.

Contributions now are being taken to raise money for a plaque that will hang in the hall of fame with Cam's name on it. The plaque costs \$340.

While coaching both basketball and football, Cam achieved his fame as a basketball coach. He coached here for approximately 18 years.

When a West Virginia sports personality is voted into the hall, a plaque is placed there honoring him.

The Civic Center in Charleston is the headquarters for the West Virginia Hall of Fame.

When a person is voted into the hall, the city he represents is notified and the city is responsible for financing his plaque.

Since Cam was from Huntington, the city was notified and

asked to finance his plaque. The city would not and so the college undertook the project.

State funds cannot be used for projects of this type. The only means of securing money for the plaque is through contributions. This will be done in three phases.

1. Individual letters will be sent to the athletes who participated in sports under Cam, inviting them to take part in the project.

2. All of Marshall's alumni will be asked to participate.

3. Anyone else who wishes to contribute may do so. Any amount will be accepted.

Contributions may be made through the Office of Development and Alumni Affairs and/or the Director of Athletics office.

Checks may be made out to Marshall Foundation Incorporated.

Cam is the only sports personality from Marshall to be voted into the Hall of Fame.

Featuring a dazzling fast break, Marshall's Big Green opened the season last night with a sparkling 92-65 win over St. Josephs of Indiana.

Pacing the balanced scoring attack was team captain John Milhoan with 18 points. Following Milhoan in the scoring column were Bob Burgess, Lew Mott and Tex Williams with 15, 14, and 13 points respectively.

Marshall grabbed the lead early in the game and was never again in trouble. Milhoan, Mott and Williams carried the load for the Big Green early in the contest with Burgess and Bruce Moody dominating the backboard play.

Dividing the scoring evenly in the first half, Marshall's starting five set a blistering pace with its famed fast break offense. Mott, as the middle man, displayed a variety of ball handling antics and passing that had the St. Joe Pumas bewildered.

After taking a 13 point halftime lead the Big Green came out and took up where it left off. Marshall scored 11 consecutive markers before the Pumas tallied. When Coach Jule Rivlin substituted his shock troops, they followed the first unit's example. They racked 10 points before St. Joe scored.

In the earlier freshman game, Coach Sonny Allen's crew ran up one of the largest point margins in recent years defeating Pikeville Junior College 101-33.

### Limited Honor System May Start In January

The honor system may get underway on a limited basis as early as next semester.

Two college departments have indicated an interest in being named to initiate the honor system on campus. The departments are the ROTC and philosophy.

At present, the reviewing committee of the honor system commission is considering several departments as possible candidates for an honor system. The final decision may be reached next week, according to John Gunter, St. Albans senior and honor system co-ordinator.

#### Student Approval

The honor system may be installed next semester in as many as three departments. However, installation of the system in any department would require the approval of at least 75 per cent of the students in that department.

When the departments have been chosen by the reviewing committee, members of the honor system will meet with the classes in the departments to explain the system to the students and answer their questions.

Then, the students in the departments will be asked to vote for or against the initiation of the honor system. If 75 per cent or more of the students in each department want the system, then it will be put into effect in the department next semester. If less than 75 per cent of the students in a department favor the honor system, the department will not be considered, according to Gunter.

#### Expansion Possible

If the honor system proves ef-

fective in the departments selected, the commission will consider expanding it to other departments, with the approval of the students in the departments.

Conceivably, the honor system could go into effect throughout the campus, department by department.

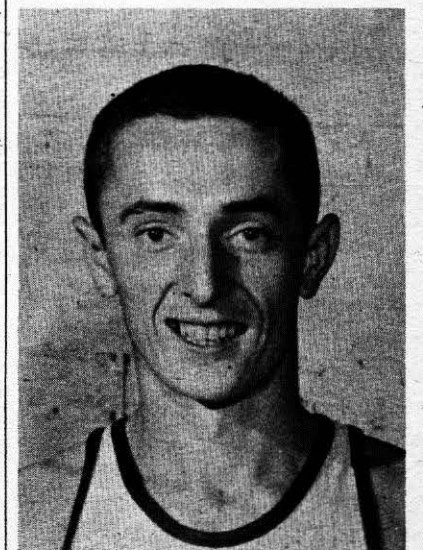

However, expansion of the honor system will depend upon its initial success. If it proves completely successful in one or two departments, the commission may consider installing the system campus-wide, with the approval of the entire student body by vote.

### Byrd Near Top In Athletic Poll

Leo Byrd, second team choice on the All-American basketball squad last year, has placed second of Jerry West of West Virginia University as the State's Amateur Athlete of the Year.

A Marshall graduate in 1959, Byrd received five votes, while West polled 34 out of a possible 43 votes cast by the West Virginia Sports Writers Association, which annually selects the top Amateur Athlete.

Byrd, who finished his varsity career last winter, averaged 29.3 points a game in his senior year. He played forward and guard positions during his three-year stay with the varsity.

# Varsity Dumps Frosh Team 89-64

By **RON HUTCHISON**  
Sports Editor

A combination of speed and experience proved the difference in the Varsity's 89-64 win over the Freshmen in the traditional pre-season clash.

Approximately 3,500 spectators watched as Coach Rivlin unveiled his fifth Marshall cage team. Featuring Lew Mott, the Varsity displayed blinding speed on its famed fast break, a Rivlin trademark.

### Scoring Leaders

Mott, team captain John Milhoan, and center Bob Burgess led the Varsity with 19, 18, and 14 points respectively.

Leading the yearlings' scoring column were two out-of-state products, Billie Ray Daniels, of California, and Larry Williams of Kentucky. Each man scored 13 points.

Daniels, a 6-3 jumping-jack, hit on several long jump shots and was a key man for the freshmen in rebounding. Williams, a lanky push shot artist, gave the varsity

fits with deadly shooting from the corners.

The plebe quintet jumped off to a quick lead and held the advantage for 4:14 until Milhoan pumped in a jumper to give the Rivlin team the lead. After once going ahead the Varsity never again was behind and at one time held a 31-point margin. The Varsity led 38-29 at halftime.

### Varsity Defense Outstanding

At times the Varsity defense sagged, but each time a Burgess rebound, a Herm Conner defensive save, or a Tex Williams basket would perk the team up. A neat bit of ball handling by Mott, or a swishing Milhoan jump shot would spur the team back into the scoring groove.

The performance of junior Bruce Moody may ease Coach Rivlin's search for a capable bench man. Moody scored six points and amazed fans with his rebounding and jumping.

On the Freshmen side of the fence, speedy Steve Feola was the outstanding floor man. Only 5-8, the southpaw shooter hit for

8 markers and made several key ball thefts.

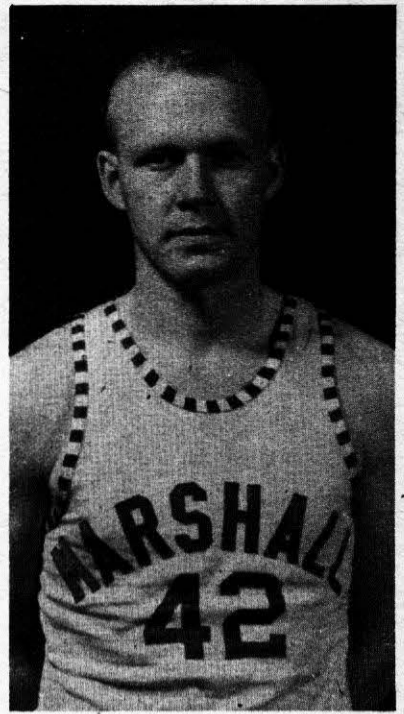

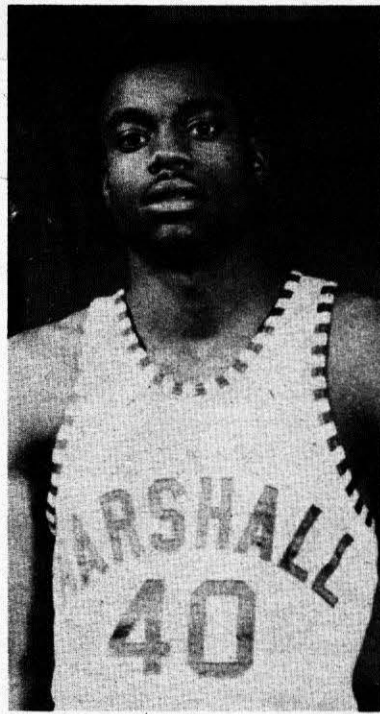

### Freshmen Showing Good

Using a man-for-man defense, Coach Sonny Allen's yearlings pressed the Varsity and caused a slowup of the flashy fast break. Then, with Mott taking charge, the Varsity drives began to click. Successive goals by Burgess, Mott and Conner gave the Rivlinmen a commanding 36-22 lead.

In the second half, with Burgess picking off the rebounds, the Varsity scoring machine was off and running.

All in all the game showed that the Marshall team might be the cause for some cheery optimism on the part of Big Green rooters.

The Big Green, after last night's opener against St. Josephs, travels to Cincinnati Saturday to battle the U.C. Bearcats and the "Big O," Oscar Robinson.

### Conner Injury Causes Lineup Shuffle

**BRUCE MOODY, NEW YORK CITY junior, (left) will move into the Big Green's starting lineup replacing Herm Conner. Conner, (right) Huntington junior, suffered a knee injury in the Varsity-Frosh game.**

## Students Form Singing Group, Bring 'Life' Into Neighborhood

Six Marshall students rooming at 1745 Fifth Avenue have formed a sextet which they call "Virgil's Gang." The men have named their group after their landlord, Virgil McDonald.

The members of the group are: Tom Abrey, Charleston freshman; Harry Atkins, Van senior; Charles Billups, Milton sophomore; Larry Browning, Huntington sophomore; Romney Easley, Logan freshman; and Harry Roberts, Milton sophomore.

Atkins said the purpose of the group is "to bring some semblance of life back to the neighborhood since we live two doors

from a funeral home. Singing also provides us with a break from our studies."

How does the group get together for jam sessions? According to Browning, whenever the group stops for a snack, they go to Bill's Confectionery and entertain the people there.

"Virgil's Gang" sings all types of songs, such as "On Top of Old Smokey," "Tom Dooley," "Tiajuana Jail," and the Marshall Alma Mater.

"Virgil's Gang" is an amateur group with no future plans at this time.

# Marshall To Play Kentucky Wildcats

## 10-Game 1960 Football Schedule Announced By Athletic Director

Marshall's 1960 football schedule will be highlighted Oct. 8 with the first meeting in 37 years between the Big Green and the University of Kentucky Wildcats.

The 10-game card, announced by Athletic Director Robert Morris, will include such foes as Delaware, Bowling Green and Louisville. It will be the first time in six years that the Big Green has played a 10-game grid schedule.

Morris, commenting on the scheduling of the Wildcats, said the Big Green would receive \$15,000 or 40 per cent of the gate receipts, whichever is larger, for the Kentucky game. He estimated that this probably represents the largest game guarantee in Marshall football history.

Coach Snyder, a former line coach under Kentucky Blanton Collier, said of the schedule, "We are going to have to improve and we really have our work cut out for us."

He added that the 1960 schedule did not include any pushover teams.

In six previous games with Kentucky, the Wildcats have won all six contests. Their 1959 record was 4-6. The Wildcats finished 10th in the Southeastern Conference.

Additions, other than Kentucky, to the Big Green schedule, include Wittenberg and Eastern Kentucky. They replace West Virginia Military Institute and Buffalo University.

The Big Green ended the 1959 season, Snyder's first year as head coach, with a 1-8 record. The total win aggregate of the nine Marshall opponents was 56 games.

Next season's schedule includes: Sept. 17, Wittenberg (H); Sept. 24, Bowling Green (A); Oct. 1, Toledo (H); Oct. 8, Kentucky (A); Oct. 15, Kent State (A); Oct. 22, Delaware (H); Oct. 29, Louisville (H); Nov., 5 Ohio U. (A); Nov. 12, Western Michigan (A); Nov. 19, Eastern Kentucky (H).

### Last Day For Tickets To Hear German Choir

Students are reminded that today is the last day to obtain tickets for the Obernkirchen Children's Choir that will appear on the Marshall College Artist Series at 8:30 p.m. tomorrow at the Keith-Albee. Tickets are available in Room 107A in Old Main.

The children from Hanover, West Germany, have appeared six times on Ed Sullivan's variety shows and have made four transcontinental tours.

This unique choir, under the direction of Edith Moeller, is composed of 30 girls and seven boys.

The Obernkirchen Children's Choir will be honored by the German Club tonight with a reception at the YWCA, Fifth Avenue and Seventh Street. Members of the German Club and invited guests will entertain the children from 7 to 9 p.m.

The German Club's special project this year is to honor all German guests who come to the Huntington area. Earlier this year, Dr. Wernher von Braun was awarded a life-time membership to the club.

*Letter Man*

Dear Letter Man: I fail to see how going to classes will help. Better practice your kicking.

# Loss Of Teachers May Cause Downfall Of State's Schools

By WILLIAM CALDERWOOD  
Staff Reporter

"Unless an all-out effort is made soon, the next decade will bring the downfall of the West Virginia public school system."

This statement was made by Phares E. Reeder, executive secretary of the West Virginia Education Association, following a WVEA survey.

The survey revealed that West Virginia colleges train approximately 930 new teachers each

year, but only 350 are taking jobs in the home state. It was found that as of September, 1,824 teachers were lost by West Virginia. Of these 1,824, only 253 were retiring teachers.

Mr. Reeder predicts that within the next 15 years, approximately 7,000 teachers will retire—an average of 460 a year.

Last year, 513 teachers moved to other states and 259 went to other countries. The armed forces attracted only 25 of West Virginia teachers.

Of the 1,824 teachers, 119 went into business or industry. Advanced schooling took 78 from the classrooms.

Marriage and change of locality accounted for 233 of the losses, while leaves of absences took 158. Miscellaneous also took 158.

One of the minor losses was through failure to certify, which took 38.

Kanawha County was the leader in teacher turnover with 223; Cabell County was second with a loss of 113, and Logan County next with a loss of 106. Doddridge and Pendleton Counties had the least turnover—3 losses each.

Mr. Reeder cites four reasons for the loss of teachers: (1) aging of West Virginia teachers; (2) the desire to quit and go elsewhere; (3) failure to train sufficient replacements, and (4) the failure to get and keep those trained.

Mr. Reeder feels that unless something is done, the state will have to keep adding to its list of emergency replacements, thereby lowering standards.

# Indian Student Now Senator

Gursaran S. Shoker, a foreign student from India, has been named a graduate senator by the Student Senate.

Shoker majored in biological science at Bluffton College, Bluffton, Ohio, and served as president of the Cosmopolitan Club during his stay there. After two years at Bluffton College, where he received the bachelor of science degree, Shoker toured several countries during the summer speaking on India.

As a graduate assistant in the botany department, he plans to obtain a doctorate after receiving his master's degree here next year.

Shoker's interests lie in photography, traveling and politics. Since he is a foreign student, Shoker looks forward to an active role in the Student Senate.

# Sophs Eligible In NYU Setup

Sophomores interested in attending New York University next year through its "Junior Year in New York" program should contact J. F. Bartlett, Arts and Science College dean.

Since its inauguration four years ago 38 students have participated in this program.

The purpose of the Junior Year program is to enable students throughout the U. S. to profit from the special opportunities available in the New York area, such as art, drama, music, publishing, radio, television and motion pictures.

The program is distinguished in three ways: 1. The size of the group must be kept small; 2. it must remain a bona fide Junior Year program, and 3. registration must be restricted to students recommended by the officials of their home colleges.

### ASCA TO SHOW MOVIE

The American Chemical Society affiliates will show the movie, "Strange Case of the Cosmic Rays" at 4 and 7:30 p.m. Dec. 8, in room 320 in the Science Hall.

These films were shown last year on the Bell Telephone Hour on TV.

Any student may attend the showings.

### HANDBOOKS ARE ON SALE

The American Chemical Society Affiliates are selling chemistry and physics handbooks now and throughout the semester.

The price of the books is \$9.00. The books present up-to-date information in the fields of chemistry and physics.

# India Rises In Literacy

By BONNIE NELSON  
Staff Reporter

India has increased its literacy from 11 per cent to 26 per cent in the last 12 years, according to Madame Vijaya Pandit in an interview with The Parthenon. She said the increase is due to India's progress in education.

"I cannot say much about education because that is not where my knowledge lies," she said, "but education is a vital factor in India's progress."

Although she spoke mainly of the political situation of India in regard to China and the United States, she also touched upon the subject of equality between men and women.

"Women are equal in everything. They are a part of every service from police to teachers. They are more equal in many ways than women in the United States.

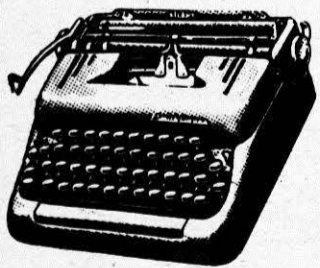

"They certainly marry at an older age than American women," she continued. The average age for women to marry in India is 21 to 22, or after they have finished their education, which is considered of primary importance.

"The dowry is now illegal as well as unnecessary." In fact, she said, "A man whose wife earns more than he, may receive alimony if there is a divorce."

Madame Pandit recommended that everyone read "All Men Are Brothers," published by UNESCO and written by the vice president of India.
