Christmas Program To Feature Marshall Choir

MEMBERS OF THE Marshall College Symphonic Choir will be featured on a televised Christmas program to be aired Christmas Eve on Channel 13. The hour-long program will be divided into six segments and will be televised directly from various locations on the campus. The program will be videotaped Monday through Wednesday next week.

Honorary Degree To Be Awarded Philadelphia Orchestra Conductor

By SUSAN ATKINSON
Editor-In-Chief

Dr. Eugene Ormandy, director and conductor of the Philadelphia Orchestra, will receive an honorary doctor of music degree from the college Jan. 16, 1961, when he appears on the Artist Series program.

President Stewart H. Smith said, in his recommendation to the State Board of Education, "We are observing the 25th anniversary of the Marshall College Artist Series this year. The recognition of Dr. Ormandy's tremendous contributions to the world of music seems most appropriate and timely during our anniversary. Dr. Ormandy is without question one of the most distinguished music conductors in the world." The degree was recommended by the Faculty Committee on Honorary Degrees and was approved by the Board Wednesday.

Dr. Ormandy is celebrating his 25th year with the Philadelphia

Orchestra. He joined the Orchestra in 1936 after serving as the conductor of the Minneapolis Symphony Orchestra.

He was born in Budapest, Hungary, in 1899. He entered the Royal Academy of Music in Budapest when he was five years old and received his professors diploma from the Academy when he was 17. Between extensive concert tours, he taught in Budapest at the State Conservatory.

In 1927, Dr. Ormandy came to the United States on a concert tour but because of an inexperienced manager he soon found himself alone in a strange country without funds or friends. In a short time, however, by genuine musical talent and de-

termined effort, he became radio's first important conductor.

The turning point in his career came in 1931 when he was invited to replace Toscanini as guest conductor with the Philadelphia Orchestra. He was an overnight success and was invited to be guest conductor and later conductor of the Minneapolis Symphony Orchestra. He remained with them until 1936.

Dr. Ormandy holds honorary degrees from the University of Pennsylvania, the Philadelphia Academy of Music, the University of Michigan, Hamline University, Curtis Institute of Music, Temple University, Lehigh University, and Clarke University.

Student Given History Award

Alan Gould, Huntington senior and history major, has been awarded the annual scholarship provided by the National Society of the Colonial Dames of America.

This award is given by the West Virginia State Society to a student or students nominated by the members of the history department for excellence in the study for American Colonial History.

The grant was made for the society by Mrs. Joe Witcher Dingess, vice-chairman of Region Four of the National Patriotic Service Committee.

Gould plans to work toward the Master of Arts degree at Marshall College and continue his graduate work elsewhere. He plans to teach history on the college and university level.

Student Receives History Scholarship

ALAN GOULD, HUNTINGTON SENIOR, third from left, recently received a scholarship to further his studies in history at Marshall. Others pictured are: (left to right) Dr. Charles Moffitt, Dr. Gresham Toole, Alan Gould, Mrs. Joe W. Dingess, Dr. Elizabeth Commetti, and Dr. Herschel Heath.

Symphonic Choir Due On Telecast

Hour-Long Program To Be Taped, Presented On TV Christmas Eve

By LINDSAY SMITH
Staff Reporter

The Marshall College Music Department, in cooperation with WHTN-TV, will produce a Christmas Eve program on Channel 13.

The hour-long show will be videotaped directly from the Marshall campus, and will be divided into six segments.

The program will be produced and directed by Max Schindler, production manager at WHTN-TV, with the assistance of Lee Fiser, associate professor of music, and Stephen Buell, assistant professor of speech.

A microwave relay unit will be installed on the roof of Old Main so that the TV cameras can telecast directly from various locations on campus. Several segments will be telecast from the steps on both sides of the library, one from the ODK Circle, and one by the 16th street entrance of Old Main.

The production will be taped over a period of three days, beginning Monday and continuing through Wednesday of next week. The program will be aired Christmas Eve at 6 p.m.

The full choir will participate in two of the segments, and various groups within the choir will make up the others.

The first segment will include only the girls of the choir, singing a medley of three Christmas songs. A small ensemble will compose the second group, depicting a group of carolers. The third segment will include the girls' singing carols.

The full symphonic choir and brass octet will be singing familiar carols in the fourth segment, and in the fifth, a small ensemble will sing unusual carols from different countries.

The sixth segment and show finale will feature the Christmas Story narrated from the second chapter of Luke, with the full

choir singing in the background. The finale will be narrated by a TV announced and will feature Mrs. Robert Shepard (Jane Hobson), associate professor of music.

Dr. Bunche's Forum Visit Is Tomorrow

Dr. Ralph Bunche, under-secretary of the United Nations, will be the Forum speaker at 8 p.m. tomorrow evening in Old Main Auditorium.

Dr. Bunche's topic will be "Report From the Congo." He received his A.B. degree from UCLA and his M.A. and Ph.D. degrees from Harvard. Dr. Bunche was awarded the Nobel Peace Prize in 1950 for his work as mediator in Palestine.

He has written numerous articles on colonial policy, trusteeship, race relations and minority problems. He holds 22 honorary doctoral degrees from universities including Rutgers, Oberlin, Fisk, Harvard and West Virginia State College.

Dr. Bunche is a member of Phi Beta Kappa.

CLEANUP SLATED

The pledge class of Alpha Phi Omega, national service fraternity, will begin a cleanup campaign tomorrow.

Pledges will paint the fire lane at the Student Union and the parking lines around the Science Building.

Following Christmas vacation, they will paint light posts, clean name plaques, and repair intramural bleachers.

DR. EUGENE ORMANDY
... Will Receive Degree

28 Students In Nursing Department

Students Tutored At Local Hospital

HERE'S HOW it's done. Mrs. Frances Saunders, nurse at Cabell-Huntington Hospital, shows nursing students the use of restraining straps in the emergency room. Looking on, from left, are Mrs. Dorothy Nuetzel, South Point, Ohio; Mrs. Eloise Damron, and Rosemary Morris, Huntington; Linda Sue King, St. Albans, and Judith Menear, Huntington.

Putting Theory Into Practice Job Of Campus Nightingales

By MARY BAUME
Feature Writer

Putting theory into practice is the job of 28 student nurses enrolled in the Department of Nursing Education. This department is operating for the first year under the direction of Mrs. Margaret T. Shay, professor of nursing.

Although men are eligible to enter the program, all the students this year are women. One-fourth of the students are married and have children. One is a grandmother and three are already practical nurses.

An Associate in Science Degree is offered for the two-year course, which includes both regular and summer sessions. During this period, the nursing students take English, elementary nutrition, zoology, inorganic chemistry, psychology, general bacteriology, sociology and medical and surgical nursing.

This course is unique because the students are enrolled in regular campus classes and also do practical work once a week at Cabell-Huntington Hospital.

Applicants are accepted only at

the beginning of each academic year. Admission requirements include all the general requirements at Marshall College, plus pre-nursing aptitude tests. High school biology and chemistry are not required, but are recommended.

Graduates will be eligible for the West Virginia state licensing examinations to become registered professional nurses. They are then prepared to accept beginning positions in hospitals, clinics, nursing homes and private duty. The program has been approved by the West Virginia Board of Education and the West Virginia Board of Examiners for Registered Nurses.

Courses of study are divided about equally between academic and nursing subjects.

Sue Hughes, Portsmouth, Ohio, freshman, said of the program, "I love it, especially going to the hospital."

Another student explained that the patients seem to appreciate everything that the students do for them and were very cooperative with the student nurses.

KEEPING PATIENTS CHARTS is an important part of the nurses' duty, Dr. Lawrence B. Gang, specialist in internal medicine, tells student nurses. From left are Barbara Simon, St. Albans; Donna Jones, Parkersburg, and Judy Pinson and Carla Latta, Huntington.

"YOU TAKE A DASH of this and a pinch of that." Student nurses watch avidly as Pharmacist Delores Dodd prepares a prescription. In nursing, a student must not only know how to administer a medication, but also how it is compounded.

BABY CARE requires special attention. Kitty Umstead, left, and Anna Corea, of Huntington, learn from Miss Elizabeth De la Haye, director of nursing at Cabell-Huntington Hospital. Study and practical work in the hospital's pediatrics clinic is regular study of the student nurses.

Student Body's President Explains Responsibilities

By DOROTHY LOCKE
Staff Reporter

"The job of being student body president takes as much time as the person wants to put into it," according to president Bill Wortham. For him, the job takes a 15-hour a week minimum of actual participation.

"The job is made much easier and more enjoyable by the wonderful cooperation of the school administration," Wortham says. "It's a tremendous asset in being able to carry out a program. I also feel that we have one of the best Student Senates this year, and I feel that it is partly due to the new semi-proportional form of election."

The most important jobs of the president, according to Wortham, are appointing cabinet members, commission coordinators, student and freshman court members, and student-faculty board members, and seeing that these people do their jobs well.

Another big job is conducting cabinet meetings. The president must also be aware of anything that happens in senate meetings and on campus. One of the most important responsibilities, he said, is seeing that the student government provides maximum benefits to the student body with the amount of money available.

The main student government objective for this year, said president Wortham, is university status.

A display of student publications and information in the state capitol building will be attempted in January. A student committee is publishing a brochure on university status, a series of 5-minute tapes, the "Sounds of Marshall", will be sent to radio stations all over the state.

Other plans include a student insurance program, which appears close to being realized, and a spring carnival.

Other plans include a student insurance program, which appears close to being realized, and a spring carnival.

The West Virginia Federation of College and University Students, a student government association of which Wortham is president, will meet at Marshall this year.

The student government here is patterned after that of the federal government, with the vice-president in charge of senate

meetings. The president has the right to inform Senate members of occurrences they should be aware of, and to make recommendations. He has the right to veto measures passed by the senate, but Wortham has not "had to use this power thus far."

The president and vice president confer on topics of interest, including ideas for the commissions, or suggestions for new commissions.

Last year, Wortham was vice president of the junior class, president of the Marshall young Democrats, and coordinator of the State Awareness commission. He is a member of the pre-law fraternity, Robe leadership fraternity Omicron Delta Kappa, Who's Who in American Colleges and Universities, and parliamentarian of Pi Kappa Alpha. As student body president, he is automatically a member of the Athletic Board, the Student Union Board, and ex-officio member of every other board. Off campus he is a member of the Cabell County Young Democratic Executive Committee. He is married, lives in Huntington, and is affiliated with the West Virginia Sports and Motor Speedway Co., Incorporated.

The best way for students to help their government, according to Wortham, is to take part in all student government projects. The office is open to students at any time to come and visit, he added, and they are encouraged to attend senate meetings.

BILL WORTHAM
... Student Head

10 Home Ec Majors Active In Student-Teacher Program

Ten home economics majors are participating in the college student-teacher program during this semester. The ten students, who began their off-campus activity November 14, will be teaching until January 13.

As a part of the home economics curriculum a student teaches off campus for a period of eight weeks under the direction of a

supervisor. This supervision is in co-operation with the Marshall staff.

Student teachers, all seniors, and the high schools they are teaching are: Luanna Young of Huntington, Ceredo-Kenova; Linda Patton of Huntington, Pt. Pleasant; Deanna Townsend of Nitro, Pt. Pleasant; Sandra Price of Beckley, Wahama; Judy Diehl of Sisterville, Fayetteville; Carol Turner of Beckley, Ripley; Esther Mroz of Moundsville, Moundsville; Sandra Martinovich of Charleston, Vinson; Judy Nutter of Huntington, Milton; Wilma Christian of Wayne, Barboursville.

GRAD STUDY PLANNED?

Dr. Paul R. Murphy, assistant dean of the graduate college at Ohio University, will be on campus next Wednesday for the purpose of interviewing students who would be interested in graduate study at his school.

Dean Murphy wishes to interview Teachers College students between 1 and 4 p.m. in the Placement Office. Appointments may be made at the Office of Placement.

Arts, Sciences Slates Meeting Of All Juniors

All juniors in the College of Arts and Sciences are expected to attend an 11 a.m. Thursday meeting in the Science Hall auditorium, Dean J. F. Bartlett has announced.

The purpose of the 30-minute session is to strengthen and improve the faculty advisory program.

Dean Bartlett said those students expected to attend are the ones with 58 to 90 hours of credit at the beginning of this semester.

By S. "SNOOPS" SYLVESTER

Signs of the times: What's this? I looked and couldn't believe! Sunday, as I walked past the new dormitory development, there, some 30 feet above the earth, dangling on the crane, was a brassiere. Evidently some daring student who wanted to give the workmen an uplift in their work, put it there. Speaking of stunts, I noticed the SAE Lions have taken on a new hue.

Yesterday, in the College Inn, there was talk of an approaching Artist Series. A woman asked the man she was sitting beside if he were going to see Shelly Berman. "Who's she", he asked.

In Dr. Commetti's class, the subject was brought up that there might be a West Virginia State Income Tax program set up. A voice from the back of the room said sarcastically, "What good is an income tax when no one's working?"

David K. King, instructor in social studies, had this to say: "Once upon a time in an African village there lived a king who had a throne made out of ivory. One day, when he went out, he hid his throne in his grass shack. Upon returning he found that the throne had been stolen. Moral: People who live in grass houses shouldn't stow thrones."

Dr. Toole, told this in a history class. A politician from Texas was standing on the platform between the cars of a train on his way to the capital. The porter told the Senator to get off the platform because it was unsafe. The Senator told him he would. When the porter returned later the Senator was still standing there. The porter tapped the Senator on the back and said provokingly, "Senator, a good politician like you should know better. A platform is to get in on, not to stand on."

Is The Car Free Tonight, Dad?

A BRAND NEW addition to the Teacher's College is a Drivers Education car. Presenting the keys of the new car to D. Banks Wilburn, dean of the Teacher's College, is Harold Miller, general manager of Roger Dean Chevrolet. Looking on are Frederick A. Fitch, associate professor of physical education, Lyell V. Douthat, assistant professor of Education, and Taylor V. Cremeans, principal of the Marshall Laboratory School.

3 Music Majors Are Scheduled For Senior Recital Tonight

The second of a series of five senior recitals will be presented at 8:15 p.m. today in Old Main Auditorium.

Carl Dayhoff, St. Marys senior, will play on the cello, Sonata in G minor, by Eccles, with Largo, Allegro, Adagio, and Vivace; Suite No. 2 in D minor for cello unaccompanied, by Bach, with the parts Courante, Sarabande, and Gigue; Allegro Spirituoso, by Senaille; Romance, by Rubenstein; and Scherzo, Opus 12, No. 2, by Van Goens. Dayhoff will be accompanied on the last three numbers by his wife, Annabel.

Mrs. Dayhoff, pianist, will play Sonata, Opus 31, No. 2, by Beethoven, with the parts Allegro, Adagion, and Allegretto; and Reflets dans L'eau, by Debussy.

Ruth Sayre, New Haven senior and mezzo soprano, will sing Pre-

pare Thyself Zion, by Bach; Die Liebe des Nachsten, and Vom Tode, by Beethoven; Habanera, by Bizet; Nocturne, by Head; Spring Song of the Robin Woman, by Cadman; Wind of the Hill, by Simson; and Miranda, by Hageman.

Accompanists for the recital will be Frances Madachy, Huntington senior, and Mrs. Dayhoff.

ONE-STOP SHOPPING FOR A NEW CAR at your Chevrolet dealer's!

Now you can make your car-shopping rounds the easy way—all under one roof! For '61 your Chevrolet dealer offers nearly any type of car you could want—at the kind of price that'll make you want it all the more. There's a whole new crop of Chevy Corvairs with lower priced sedans and coupes and four wonderful new wagons unlike any ever built before in the land. There are new Chevy Biscaynes—the lowest priced full-size Chevrolets, beautiful Bel Airs, elegant Impalas, six easier loading Chevy wagons, including three 9-passenger models. Come in and pick and choose to your heart's content!

New '61 Chevrolet
NOMAD 9-PASSENGER STATION WAGON

There are six easier loading Chevrolet wagons for '61—ranging from budget-pleasing Brookwoods to luxurious Nomads. Each has a cave-sized cargo opening measuring almost five feet across and a concealed compartment for stowing valuables (with an optional extra-cost lock).

New '61 Chevrolet IMPALA 2-DOOR SEDAN

Here's a new measure of elegance from the most elegant Chevrolets of all. There's a full line of five Impalas—each with sensible new dimensions right back to an easier-to-pack trunk that loads down at bumper level and lets you pile baggage 15% higher.

New lower priced '61 CORVAIR 700 CLUB COUPE

There's a whole crew of new Chevy Corvairs for '61—polished and perfected to bring you spunk, space and savings. Lower priced sedans and coupes offer nearly 12% more room under the hood for your luggage—and you can also choose from four new family-lovin' wagons.

New '61 Chevrolet BEL AIR SPORT SEDAN

Beautiful Bel Airs, priced just above the thriftiest full-size Chevies, bring you newness you can use: larger door openings, higher easy-chair seats, more leg room in front, more foot room in the rear, all wrapped up in parkable new outside dimensions.

New '61 Chevrolet 4-DOOR BISCAYNE 6

NOW—BIG-CAR COMFORT AT SMALL-CAR PRICES—Chevy's new Biscaynes, 6 or V8, are built to save in a big way. They offer a full measure of Chevrolet quality, roominess and proved performance, yet they are priced right down with many cars that give you a lot less.

See the new Chevrolet cars, Chevy Corvairs and the new Corvette at your local authorized Chevrolet dealer's

6 Teams Post Victories In Intramural Basketball

By **JIM DUFFIELD**
Sports Writer

This week's intramural basketball play saw six teams posting wins with Virgils Gang winning by the biggest margin over SAE No. 5, 63-13.

In the action Monday night, Podunk U. defeated the Cavaliers 56-46, with Podunk's "Tags" Meredith racking up 14 points—four field goals and six for six at the foul line. For the losers, Gary Maynard posted 22 points—10 field goals and two of three free throws. The Hilltoppers downed the Frosh No. 2, 75-62. Bill Money led the winners with 21 points and Ron Henderson had 23 for the losers. The Collegians edged the Point Express, 70-62. The action saw Larry Berman putting in 18 points—seven field goals and three of three at the foul line, while Larry Williams totaled 28 for the losers.

Tuesday night, the Generals rolled over SPE No. 4, 55-29, with Jim Jay of the Generals, showing five field goals and four of five at the line. Virgils Gang rocked SAE No. 5 63-13. Jim Perkins laid in 10 field goals to lead

the winners, and Steve Spotte tallied nine of the 13 points for the losers. The Old Timers squaked by the Hillbillies, 55-50.

I HAVE ALWAYS HAD an abiding hatred for the bottom crust of rye bread. There is no particular reason for making this point, except that whenever I think of Fort Lauderdale, I think of rye bread. There is no particular reason for that either, but I have been thinking of Fort Lauderdale. Fort Lauderdale is "where the boys are." Right now, that is. Most of the time, serenity reigns in Fort Lauderdale. (The Chamber of Commerce will hate me; they say it never rains in Fort Lauderdale.) But, for two weeks, twenty thousand collegians descend on this peaceful community and take it apart, peace by peace. They call it Spring Vacation, but it's more like amateur night at Cape Canaveral. They capture Florida and throw the Keys away. But I shouldn't joke—not while people are holding mass prayer meetings for an early hurricane season.

This is "where the boys are." And girls, too. Such girls, it makes you dizzy to look at them. If you look long enough, you reach an advanced stage of dizziness called aphrodisiac. It's like being in love. That's what happened to me, and it will happen to you, too. Everywhere you turn—beaches full of them, motels and hotels full of them, cars full of them, pools full of them, bathing suits full of them. Ah, bathing suits . . . when the man said, "It's the little things in life that count," he must have been thinking of bathing suits. But mostly, it's the girls.

Girls in love, girls in trouble, bright girls with a future, not-so-bright girls with a past, rich girls in the lap of luxury, poor girls in any lap that'll have them, girls of every size and discretion. It isn't any wonder that this is "where the boys are." And the things that happen are wacky and wild and wicked and warmly wonderful "where the boys are." Someone should make a movie about it. Hey, someone did! M-G-M calls it "Where The Boys Are," starring Dolores Hart, George Hamilton, Yvette Mimieux, Jim Hutton, Barbara Nichols, Paula Prentiss, with Frank Gorshin and introducing popular recording star Connie Francis in her first screen role. You'll want to see all the things that happen "Where The Boys Are."

Metro-Goldwyn-Mayer presents
"WHERE THE BOYS ARE"
A Euterpe production in CinemaScope and METROCOLOR.
Screenplay by George Wells based on the novel by Glendon Swarthout.
Directed by Henry Levin.
Produced by Joe Pasternak.

Profiles

Roberts, Pugh Provide Depth To Cage Squad

By **BILL TOW** Sports Writer

Today, profile spotlight falls on two West Virginians—Harry Roberts and Dave Pugh.

Dave Pugh came to Marshall from Chester where he attended High School. While playing ball there, he held down the center position. He played freshman ball for the Little Green and in the 19 games he played, he had 29 field goals, attempted 24 free throws and made 16 of them. He had a total of 74 points for an average of 7 points per game.

The 6-4, 181-pound junior likes the zone defense and the fast break used here at Marshall, and even though he plays forward he prefers the hook shot.

When asked what he likes about this year's schedule, Pugh replied, "There is more competition and more competitive spirit." With his hook shot and height the Big Green can count on extra rebounds and points.

Coach Jule Rivlin said of Pugh,

"He's one of the three most highly-spirited members of the team who can be an excellent spot player." Of Roberts, the coach said, "He is probably one of the best one-handed shooters on the team."

Roberts, from Milton, was captain of his squad in high school and played against his present teammates, Ron Lambert and Charlie Moore.

In his senior year Roberts was nominated to the All-Region Team.

Roberts is one of the few members of the team not majoring in physical education or social studies. He has chosen the world of physics.

He stands six feet and weighs 170. He, like Pugh, is a junior.

Roberts prefers a one-handed push shot or a one-handed jump shot. On the frosh squad, he participated in 18 games, making 22 field goals and eight free throws. He had a total of 50 points for a 3.3 average.

A steady player who finds this year's schedule to be much more competitive than last, Roberts can add the extra strength in shooting and all-around playing when needed.

Little Green Plays Miami Tomorrow

Coach Sonny Allen and his Little Green will lock horns tomorrow night with Lockborne Air Force Base in a preliminary contest at Miami University, Oxford, Ohio, where the Big Green takes on Miami.

Coach Allen reported that Al Foddrell had injured his knee but would be back in shape for the game. Allen, summing up the team's chances said, "I think we will win."

Relaxing after the victory over Marietta last week end and with all the players in fine shape, Coach Allen is looking forward to Saturday's game and a fine season.

Discussions On Science Fair Slated

By JOHN HINES
Managing Editor

A Science Fair workshop will be held at 9:30 a.m. Dec. 17 in the Science Hall auditorium for the purpose of instructing teachers on how to get students to produce better exhibits, according to Dr. Ralph E. Edeburn, professor of zoology and 1961 director of the Fair.

The workshop is sponsored by the Railroad Community Service Committee in the Huntington area. Topics under discussion will be sources of ideas for exhibits, and exhibits as teaching aids.

The seventh regional Science Fair will be held in the new Health and Physical Education Building on March 24-25.

The Science Fair is a collection of exhibits, each of which is designed to show a biological, chemical, engineering, mathematical or physical principle, a laboratory procedure, or an industrial development or research report.

The fair is open to participants from public, private, or parochial junior and senior high schools in parts of Ohio, Kentucky, and West Virginia. It will be the duty of teachers or local fair committees to determine which exhibits will be entered in the regional fair.

In Ohio, eligible counties are Gallia, Jackson, Lawrence, Meigs, Pike and Scioto; in Kentucky, the counties of Boyd, Carter, Floyd, Greenup, Johnson, Lawrence, Martin and Pike. West Virginia, students from Cabell, Mingo, Wayne, Mason, Lincoln, and Western Putnam County are eligible to participate.

Two grand awards will be given from the individual exhibits of the Senior Division (one boy and one girl.) These two awards are all-expense paid trips to the National Science Fair-International, which is held in Kansas City, Missouri, on May 10-13.

Group exhibits are not eligible for entry in the National Science Fair. These entries will be judged in a separate classification and appropriate certificates will be awarded.

Inquiries about the fair should be addressed to: Dr. Ralph E. Edeburn, Director, Marshall College Regional Science Fair, Marshall College, Huntington 1, W. Va. Students who are interested in the fair should contact their science teachers.

A Handbook for Exhibitors may be acquired by writing the address above.

Et Cetera Deadline Set For December 15

The deadline for contributions to Et Cetera, the college literary magazine is Dec. 15.

Entries may be placed in the Et Cetera box in the Dean of Men's office.

New divisions this year include an art and photography section, including sophisticated cartooning.

Art and photography must be 4 1/4 x 11 inches in black and white, with the name of the student on a separate piece of paper.

All articles must be typed, double-spaced, with the author's name on the title page only.

ARMY COMMISSION GIVEN

Harry Skeins, Jr., a 1960 Marshall graduate, received a direct Regular Army Commission as a Second Lieutenant.

Fraternities Select Sweethearts

BILL CYRUS, South Charleston junior, is holding the trophy which recently was presented to his pin-mate, Pat Toler, Huntington sophomore and Snow Princess of Sigma Phi Epsilon. Miss Toler was selected at the 13th annual Snow Princess Formal.

German Club Sets Annual Yule Party

The German Club will hold its annual Christmas party at 7 p.m. Tuesday in the Laidley Hall lounge with Bill Price, Hinton junior, as master of ceremonies.

Freya Grimm, exchange student from Nurnberg who is now at Huntington East High School, will discuss Christmas in Germany. Traditional German carols will be sung and the Christmas story will be read in German.

Refreshments will be served and students of German are invited.

Cheryl Noe, Pat Toler Fraternity Sweethearts

Two fraternities have chosen sweethearts. Cheryl Noe, Kenova senior, was chosen 1961 Sweetheart of Sigma Alpha Epsilon and Pat Toler, Huntington sophomore, was selected Snow Princess of Sigma Phi Epsilon.

Miss Noe was presented a personal trophy and a roving trophy for her sorority by the 1960 SAE Sweetheart, Jane Scandola, Huntington senior. She is the pin-mate of Bob Bledsoe, Webster's Springs senior.

Miss Noe is majoring in chemistry. She is treasurer of Sigma Sigma Sigma social sorority; vice president of Fagus, senior woman's leadership honorary; a member of Chi Beta Phi, national science honorary; and was recently chosen to Who's Who in Colleges and Universities.

The nominees for Sweetheart were Carolyn Myers, Huntington senior, nominated by George Beldon, Huntington senior; Judy Beckett, Logan sophomore, by Paul Beckett, Huntington junior; Barbara Hall by Jim Russo, Huntington senior; Mary Wotring, Huntington junior, by Harvey Saunders, Winter Park, Fla. senior; and Margaret Williams, Sharples junior, by Richard Moses, Whitesville junior.

Miss Toler was presented a roving trophy for her sorority at the 13th annual Snow Princess Formal of Sigma Phi Epsilon. The presentation was made by Bill Price, South Charleston junior.

and social chairman of the fraternity.

Miss Toler is the pinmate of Bill Cyrus, South Charleston junior. She is majoring in business and physical education and is a member of Sigma Sigma Sigma social sorority.

Nominees for Snow Princess were Judy Aarsand, Huntington senior, nominated by Knute Aarsand, Huntington senior; and Ellen Britts, Huntington sophomore, by John Kinzer, Beckley sophomore.
