UNIVERSITY CURRICULUM COMMITTEE
RECOMMENDATION

SR-17-18-30 CC

NOTE: The curricular form for each item listed may be accessed at www.marshall.edu/senate/ucc. Click the UCC Agendas/Minutes link; click the link for the February 16, 2018 meeting date; click the link in the Description column to open a particular item.

Recommends approval of the listed **UNDERGRADUATE COURSE CHANGES** in the following college and/or schools/programs:

COLLEGE of ARTS and MEDIA

Name of course: ART 112 Intro to Visual Art

Rationale: The current ART 112 description in the undergraduate catalog does not align with the official description in Banner. The current description first appeared in the 2001-2003 catalog, and there is no extant documentation of this change. The catalog description aligns with current course content and should be the same in Banner.

Curriculum:

COLLEGE of INFORMATION TECHNOLOGY and ENGINEERING

Name of course: EE 360 Control Systems

Rationale: The title of the course was changed because we have a graduate course of the same title. The pre-requisites were changed according to the new changes in the curriculum and the new ones were carefully chosen to provide the students with the appropriate knowledge base needed for the course.

Curriculum: <http://www.marshall.edu/senate/ucc/archives/EE360.pdf>

COLLEGE of LIBERAL ARTS

Name of course: GEO 305 Geography US & Canada

Rationale: The Geography Department offers plenty of International Studies courses, but most of our courses also cover multicultural issues. We are changing the focus of this course GEO305 to better address the multicultural nature of the societies of the United States and Canada. We are dropping the International Studies designation to be replaced by the Multicultural (MC) designation.
