Recommends approval of the listed UNDERGRADUATE MAJOR CHANGES in the following college and/or schools/programs:

College of Education and Professional Development

Name of Minor: Secondary Education - Wellness

Rationale: Development of Physical Education and Sport in the US will no longer be offered per Dr. Gary McIlvain in the Exercise Science Department. The course is no longer required by any major other than Secondary Education - Wellness. Per WVDE Policy #5100 and the SHAPE Standards, the course is not mandatory.

College of Liberal Arts

Name of Minor: Psychology

Rationale: Our department is trying to better direct our undergraduate majors toward the experiences and opportunities in which they should engage during their undergraduate years in order to meet their future goals. This course, taught by a faculty member, introduces students to the field of psychology, identifies various career paths and other opportunities in this field, and provides students with knowledge required to prepare themselves for their own future goals.
