**University Curriculum Committee
RECOMMENDATION**

SR-19-20-19 CC

Recommends approval of the listed **UNDERGRADUATE MAJOR ADDITION, DELETION, CHANGE** in the following college and/or schools/programs:

School of Aviation

Major Addition: Commercial Pilot-Fixed Wing

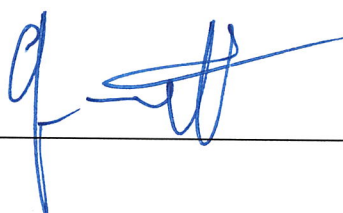

Rationale: The creation of the new academic degree, Bachelor of Science: Commercial Pilot – Fixed Wing, will address a national shortage of qualified commercial pilots. The courses outlined in the proposal meet the training requirements specified by the Federal Aviation Administration. Students completing the required and elective courses will be certified to fly as a pilot in command using the latest technology to operate an airplane. Students completing the degree can then become pilots for any corporation or organization operating a fleet of aircraft. The budget model for the new program will be self-sufficient and not affect the operating budgets of other academic programs.
