**University Curriculum Committee
RECOMMENDATION**

SR-20-21-26 CC

Recommends approval of the listed **UNDERGRADUATE MAJOR ADDITION, DELETION, CHANGE** in the following college and/or schools/programs:

College of Science

Major Change: SI20 Computer and Info Technology

Summary of Changes: We are replacing STA 225 with STA 150/150L.

Rationale: The new courses are more data focused and include content on the SPSS statistics package. This change will apply to all Areas of Emphasis within the major. Revisions for the Areas of Emphasis are being submitted simultaneously to revise the four year plans.

College of Arts and Media

Major Change: AB 50 Video Production

Summary of Changes: Art 489 replaced with JMC in the requirements of the major.

Rationale: Art 489 is currently a requirement in the CAM Video Production major. However, this course was included in the Video Production major as a place holder for a Video Production Portfolio. Because we do not have the person power and resources to create a new course at this time, we would like to replace this required course for JMC 434. JMC 434 is often a substitute for ART 489 in the major because Video Production students do not take a graphic design portfolio course.
