# University Curriculum Committee RECOMMENDATION

**SR 20-21-32 CC**

Recommends approval of the listed **UNDERGRADUATE MAJOR CHANGE, COURSE CHANGES, AND COURSE ADDITIONS FOR SCHOOL OF AVIATION** in the following college and/or schools/programs:

## **School of Aviation**

### **Course Changes and Rationales:**

#### **AVSC 225: Commercial Ground School**

##### **Brief Summary of Changes: Course Number Change**

**Rationale:** A number of courses in AVSC were created at the 200 level when the preliminary curriculum for the major was developed. One motivation for the 200 level course number was a potential partnership with another institution that is no longer being pursued. The AVSC program will open in Fall 2021, and this course has never been offered to date.

This course is offered at the 300 level in other flight programs, including another in-state program. Changing the course number will avoid confusion about the course level, and also help students earn the required number of upper level credit hours in their major.

**University Curriculum Committee  
RECOMMENDATION**

**SR 20-21-32 CC**

**Major Change: Commercial Pilot-Fixed Wing**

**Brief Summary of Changes:** Changes to degree requirements.

**Rationale:** The Aviation Sciences degree program was created in 2020 with an initial curriculum. The first class of students will enter the program in Fall 2021. As preparations for the school have continued, necessary changes to the initial degree requirements have been identified. The updated curriculum will ensure that students meet both Marshall and FCC requirements. Students will also complete all Core Curriculum and University requirements for a Bachelor of Science degree.
