**University Curriculum Committee
RECOMMENDATION**

SR 20-21-40 CC

Recommends approval of the listed **UNDERGRADUATE MINOR ADDITION, DELETION, CHANGE** in the following college and/or schools/programs:

College of Business

Minor Change: Legal Environment (Accounting BA10)

Summary of Changes: Change to courses that meet the requirement for the minor (LE 207 plus 9 addition Legal Environment courses).

Rationale: The College has expanded the number of Legal Environment course offerings. Updating the courses counting within the minor gives students more flexibility in tailoring the minor to their interests. These are all existing courses, so no new resources would be needed. When the minor was created, only 4 LE courses existed; the minor required all four of them. Since then, additional LE courses have been developed. Students may now choose among the options.

Curriculum:

College of Liberal Arts

Minor Change: Meteorology (LG20-BS Geography)

Summary of Changes: Changes to courses that meet the minor requirements and change in number of credit hours from 16 to 15.

Rationale: Two courses are added as option to the meteorology minor to give students more flexibility. GEO 355 is a new course added to the program and will be an optional course. GLY 150 Oceanography will be an optional course. The number of credit hours will be changed from 16 to 15 since these two courses are 3 credit hour courses.
