**ACADEMIC PLANNING COMMITTEE
RECOMMENDATION**

SR 21-22-20 APC

Recommends that the following program be continued with corrective action:

- Bachelor of Arts in Early Childhood Education

RATIONALE:

The Academic Planning Committee (APC) recommends that the Bachelor of Arts in Early Childhood Education program should create a strategic enrollment plan which is needed to support the viability of this program. A thorough and detailed analysis needs to be included to address whether the program is sustainable with a single supporting full-time faculty member. For instance, a list of courses that will be taught, and who will cover them (ie: full-time vs adjunct) and what impact that could have on program quality and assessment efforts. The advisory committee should meet more often than once per year. It would strengthen the Program Review to mention what was the demand/"fill rate" for online courses.
