**University Curriculum Committee
RECOMMENDATION**

SR 21-22-38 UCC

Recommends approval of the listed **UNDERGRADUATE MAJOR ADDITION, DELETION, CHANGE** in the following college and/or schools/programs:

College of Business

Major Addition: Sports Business BS10

- **Summary of Changes:** Move of major from COHP, name change, reduction of credit hours and elimination of AOE.
- **Rationale:** The BA in Sports Management degree program from the College of Health Professions is transferring to the Lewis College of Business as a major in Sports Business under the BBA degree program. Credit hours are decreased and there will be no areas of emphasis. This will increase class sizes and decrease faculty course overloads. See attached letters for more rationale.

Major Addition: Sport Management BS20

- **Rationale:** The Sport Management major is being added to the Lewis College of Business with enrollments suspended until the current students graduate. Once all current students graduate, this degree program will be deleted.

College of Science

Major Change: BS Biological Sciences (SB10)

- **Summary of Changes:** Adjustment of courses that count toward the major.
- **Rationale:** Several new or changed BSC majors courses received approval in Fall 2021. We wish to update the major to reflect these changes while making changes to the required BSC core (300 level) and 400 level hour requirements to streamline student's progression and allow them more options to customize their relevant coursework while better preparing them for post-graduate options.
