New Student Activity Cards To Be Issued

Season's End May Terminate Marshall College Artist Series

The Marshall College Artist Series, a cultural program envied by many institutions and one which presents America's finest entertainment, is faced with the possibility of being terminated at the completion of its present season.

President Stewart H. Smith made the announcement, following a conference with Professor Curtis Baxter, head of the series. Dr. Smith explained that, the series would be dropped altogether or a dual program would be organized.

"HOWEVER," Dr. Smith said, "we would be willing to withhold final judgment until the situation is discussed with the students at a special assembly." The change is under consideration due to the students displeasure with the present plan. "Many students have called either myself or Mr. Baxter, with many reasons why they must attend night performances. Dr. Smith added, "some are peeved because they won't be able to see Lauritz Melchior, and some just don't want to attend the matinee performances."

HE EXPLAINED that the present student body would fill the Keith Albee Theatre. The total amount that will be received from the student tuition for this year's series will amount to approximately \$6,500. The opera, Romeo and Juliet, alone cost \$5,000 excluding the theatre cost and other expenditures. If the series was to operate from student tuition alone, two programs would be the most that could be brought here. Under the present plan students see six.

A plan which would present a student series paid for by student tuition, and solely for the students, and a program for local citizens which would exclude the students, is currently under consideration. Anyway, if complaints continue to arise our cultural program might be dropped.

Yao-Lin Sung, Chinese Guerrilla Leader, Finding English Language Difficult

By JOHN SAYRE

The Chinese enrollment of Marshall doubled with the late registration of Yao-Lin Sung of Tsinan, former guerrilla leader of Shantung Province, China. Charles Sun, also of Tsinan, arrived last spring.

Sung, who is 36 and has a wife and four sons in China, is living in the Allen Court Dormitory. He is majoring in political science and came here through the recommendation of Sun, who had been writing him of Marshall.

SUNG IS FINDING his nine hours here difficult because he is unable to speak English and has a hard time reading it. He is unable to secure any academic help from Sun who says, "I am unable to render him any assistance", which is understandable due to his own 20-hour schedule.

Sung was graduated from Chee-loo University of Tsinan in 1937. He joined the Chinese Nationalist Army, where he became captain

PEACE WITH RUSSIANS POSSIBLE SAYS STOWE

By KNOX DYE

"The Soviet Union will play every bluff to the limit" were the words of Leland Stowe, Pulitzer Prize winner and foreign correspondent for the Chicago Daily News, speaking before the Community Forum Monday night. However, Mr. Stowe said war will not come within the next few months, unless the men in the Kremlin are crazy and the last few years have shown that they are not crazy. "The fears of war and prolonged disagreements among nations are based upon false assumptions."

These false assumptions are (1) that war with Russia will come soon; (2) war with Russia is inevitable; (3) that if we have a war soon enough, the United States will be relatively immune from damage or punishment in the material sense and (4) as-

Old Activity Cards Void After Oct. 30

By ELMER TODD

New activity cards will be issued to all full-time students Wednesday, October 27 through Friday, October 29 at the comptroller's office, Main 103, Fred Smith, comptroller announced Monday. All old activity cards will be void after October 30.

"THESE NEW CARDS are being issued for the students' protection. Some have let their cards get away from them, and this is not fair to the other students," Mr. Smith said. He explained those cards lost are being used by people who are not otherwise entitled to them, thus at special college programs, athletic games and other functions, seats are occupied by unauthorized persons which should be available to the student.

"Also," Mr. Smith continued, "there is the possibility that someone could come into contact with one of these lost cards and have it duplicated." He continued to explain that the present activity card could be printed on any ordinary printing press. There is no possibility of duplication with the new card.

THE TICKET is made of safety cardboard, and is made especially for the company printing the ticket. There is no other material like it in this vicinity.

The new ticket will have the student's name stamped on the front with the number. The receiver must sign his name on the back of the card, and this will act as an identification. No person will be issued a card unless he turns one in.

WHEN QUESTIONED concerning the matter, President Smith stated, "The new cards will bring to the institution some of the revenue that it is now being deprived of. We realize that it will not stop the practice of lending the cards, but it will eliminate the possibility of duplication."

Mr. Smith concluded, "We are looking forward to the coming basketball season when persons unlawfully holding activity cards are occupying seats at Radio Center intended for the students."

A Bargain

Many of us don't appreciate the excellent cultural program we have at our disposal. Consisting of college theatre productions, special assemblies, the Community Forum and the Artist Series, it is one of the best in the country.

The latter two were originated and have operated on a plan where students and local citizens can see the various programs. The series gives the college a program that is envied and unmatched by many of the leading colleges and universities in the country.

The Artist Series and Community Forum, intended to foster community relationship with the college, is operated on a non-profit basis. This non-profit basis figures so close at times that the books tally in the red. There have been several complaints lately, concerning various angles, which have the series heads ready to throw in the towel.

The many complaints from the students concern their inability to attend the night performances. However, they are actually receiving a bargain at the matinee performances.

One dollar and fifty cents is taken from the students tuition and placed into the Artist Series fund. Of this amount 30 cents is eliminated for tax. This leaves \$1.20 a semester, or \$2.40 for the academic year that the students pay to see six Artist Series programs. This is very cheap. Ordinarily one cannot see one opera for \$2.40.

This amount per person brings in a little over \$6,000, just about enough to present one good show. After getting this great bargain, it seems odd that we keep holler-ing for more.

of the 74th Division. He served only six months, for late in 1937 he was left behind the enemy lines when the Japanese pushed his Division out of that area. He returned to his home town and mobilized a guerrilla army of 2,000 and commanded it for over a year and a half in the eastern part of Shantung near Tsingtao Harbor.

IN 1938 HIS guerrilla forces were wiped out by the Japanese and he went into the Shantung Provincial Government as an official in the Department of Provincial Army until 1940, when he became a secretary in the State Department. He held that position until he came to Marshall.

The Communist Army captured Tsinan a few days after Sung had embarked for the United States and he didn't find out about it until he landed in this country. Even now he is unable to contact his family.

With his family's probable danger and financial problems looming, Sun says Sung "never worries and is calm regardless of the situation."

Sung has been heard to speak only two words of English, "Thank You."

On the topic of the atomic bomb Mr. Stowe said, "The Soviets might be able to produce one atomic bomb between 1951 and 1958 but they could not start a major onslaught with just one bomb. This means we have 10 years in which to consolidate

peace." "The Marshall Plan is part of this step forward."

Drawing upon his experiences as a correspondent since 1928, Stowe cited the preparedness of the Russian military and the intelligence of the Russian scientists in arming for war. "They have full use of the captured German Type 21 submarine which our own officers say is radar proof."

SHADBURN'S SIDELINES

EVER SINCE WE TOOK over at the sports desk of The Parthenon, we have tried to fill this space regularly with news and views of Marshall's well-rounded varsity athletic program. Today, however, we're going to depart from the customary procedure and divert our attention from the varsity sports picture long enough to take a quick glance at the mural scene.

Only a few days have passed since we sat in the office of Professor Otto A. "Swede" Gullickson, anxiously awaiting a conference with the coach of Marshall's Big Green cross country team. In an effort to kill time, we thumbed through a stack of several intramural record books, hoping all the while that something of interest might catch our fancy. Believe us, something did.

That thing that so successfully captured our wandering thoughts was nothing less than the record of a recent volleyball encounter in which the Parthenon Bombers had taken a 1-0 decision from the Green Flashes by means of forfeiture.

Insignificant as it might seem, the incident constituted the first time in the span of our memory that the name of the Bombers had ever been associated with victory in an intramural athletic event. Our only recollection was of the year 1945-46 in which the Parthenon team failed to salvage a single win in any field of mural endeavor.

NEVERTHELESS, there was a time when the Bombers ranked among the most formidable intramural combines, we were later reminded by Professor Chester Ball of the journalism department, a former Bomber. As positive proof, the prof. showed us a report on the Parthenon outfit's activities during 1941. The report was written on the back of the Baptist Messenger, a weekly church publication, and had yellowed considerably with age. From it we took the following excerpts that attest to the strength of the old Bombers:

"The Parthenon Bombers, contenders for this year's intramural softball crown, opened their Grapefruit exhibition series yesterday when they dropped a close, 19-2, decision to the Tenth Avenue grade school nine. Speed McClung worked the first two innings (that's all they had time to play) and was knicked for 21 hits.

"The Bombers showed plenty of power at the plate as Jimmy 'Raw' Diehl returned to his old batting form by powdering two dribblers past the pitcher's box. Sieve Brooks turned in a good defensive game as he gobbled up eight chances, six of which he threw out of the park and two more with which he beamed the umpire.

"Chester 'Lost' Ball really got lost at the end of the first inning. After a two-hour search, he was found in a rat hole behind second base."

But what does all this prove? It merely goes to show that the Parthenon Bombers are on the comeback trail with mural athletic dominance as their goal. If the Bombers succeed in attaining their pre-war prowess as illustrated above, it'll be "Katy, Bar the Door," for the other outstanding fraternity and independent teams.

The Lambda Chi Alpha and Phi Tau Alpha fraternity volleyball teams advanced one round in the intramural tournament by besting Tau Epsilon Phi and Kappa Alpha in action Monday evening. Respective scores were 48-12 and 40-8.

DUDLEY LEADS WAY FOR HARRIERS' 25-32 WIN OVER BETHANY

By JOHN HENRY SHADBURN

Fleet-footed Bill Dudley, the little man with steel legs and unflinching determination, turned in his second record-breaking performance in as many weeks Saturday when he led Marshall's Big Green cross country team to a 25-32 win over Bethany College at Bethany, W. Va. Westminster (Md.) College helped the wearers of the Green and White spoil the day for a homecoming crowd of 2,000 fans by defeating the Bisons, 20-7, in the feature football attraction.

Dudley stole the show for Marshall as he sped over the 4.6 mile course in the remarkably fast time of 26 minutes and 56 seconds. Liedke of Bethany, the previous record holder, was content to place with a time of 27 minutes and 12 seconds. Both runners broke the old mark that stood at 27 minutes and 31 seconds.

Other Marshall finishers in order were Jim "Fuzzy" Artrip, fourth; Fred Tomblin, fifth; Dave Caldwell, sixth; James Byrd, ninth; Charles Lanham, tenth, and Bob Keyes, eleventh.

The victory over the Bisons was a sweet one for Coach Swede Gullickson who had continuously reminded his charges that Saturday's opposition was being furnished by the same Bethany team that finished fourth in national AAU competition last year at Pittsburgh.

Next test for the Big Green harriers will be against the Bradley University Braves next Saturday at Peoria, Ill.

Varsity M Rolls On Unchecked

By ED PIERCE

Three touch football powerhouses emerged victorious in third round intramural league action last week. They are Varsity M, Hodges Hall Screwballs and the Big Green Grill. The Galloping Gaels and the Highlawners, former local high school footballers, bowed for the first time.

Varsity M picked on the winless Green Flashes Monday and when playing time ran out they had squashed the wilting Flashes, 67-6. Each member of the Varsity M contributed to the score with Arch Griffith leading the parade. Passes from every angle, down-field laterals and passer protection wrecked the defense of the Green Flashes.

THE HODGES HALL Screwballs continued their winning ways by spoiling Allen Court's entry into the league, 22-0. John Sayre passed for two touchdowns, ran the other and passed for both extra points, making him look like a repeat candidate for all-star honors.

The Galloping Gats fell victims of the Big Green Grill in a rampaging battle Friday afternoon. A surprise pass play on the second-half opening kickoff from John Booth to Raymond Campbell put the winners ahead 13-6, and they remained in front throughout the rest of the game. Numley Powell ran left end for the first Big Green score and a "Chuck" Owens to Booth pass accounted for the last six-pointer.

A revitalized Warriors' team beat the Green Flashes Thursday, 19-6.

Marshall's Big Green cross country team, above, is undefeated in West Virginia intercollegiate competition this season. The Herd harriers registered their most recent victory Saturday over the Bethany College Bisons, 25-32, at Bethany, W. Va. (Staff photo by Steele).
