Committees For Pageant Work Chosen

Fifty Students Picked To Aid Faculty In Organizing Centennial Display

At the first organization meeting held last week, in the auditorium approximately fifty students were appointed to assist the faculty chairmen already chosen. Over seventy-five interested students attended the meeting at which Prof. Buell Whitehill, director of the pageant, presided.

"The student response to our call for help on the pageant has been very encouraging," Whitehill said. "Students are anxious to help; I haven't seen such student enthusiasm for years," he continued. Whitehill said that he had received offers of group aid from both Alpha Theta Chi and Phi Kappa Nu fraternities.

The committees appointed by Whitehill are as follows:

Costumes: Prof. Theeta Lyon, chairman, Ruth Seelye, Bella Sweig, Frances Snyder, Virginia Gibson, Kenneth McCallister, Beatrice Hardwick, Olga Lipscomb, Lucille Bryant, Jane Hartman, Adelia Bell Calloway, Edna Leonard, Georgia Wilby, Virginia Honnold, Margaret MacNeely, Glenva Starcher, Eunice Byrnside and Maxine Mariani.

Lighting: Prof. Walter Dove, chairman, Lovell Higgins, Aldo Del Checcolo, Malcolm Tabor, Kenneth McKown, Charles Hesson and Fred Fearing.

Properties: Dr. L. B. Murdock, chairman, Maxine McCarty, Eileen Groves, Maxine Mariani and Marjorie Null.

Makeup: Prof. Gertrude Mudge, chairman, Mary Hart, Margaret MacNeely, Virginia Honnold, Martha Ann Armstrong, Jane Kincaid, Kathryn Maurice, Mike Rose, Eloise Taylor and Joe Swann.

Art: Prof. J. S. Jablonski, chairman, Mike Rose, Martha Ann Armstrong, Georgia Wilby and Kathryn Maurice.

Music: Dr. Harry Mueller, chairman, Louise Hart. Publicity: Prof. W. Page Pitt, chairman, Louise Hart, Billy Wolfe, Gene Slutz, Kay Dibbs and Odell Cremeans. Sound: Prof. R. P. Hron, chairman, Robert Coakley and William Nunley.

Prof. Whitehill advised all committee members to watch the College Theatre bulletin board for further announcements concerning their committees.

Wolfard Made Financial Head

President James E. Allen has announced the appointment of Prof. Lee A. Wolfard, head of the Commerce Department, to take charge of the financing of the Centennial celebration.

During the month of May Prof. Wolfard's classes will be conducted by Huntington business men and by other commerce instructors. Mr. Wilbert H. Norton will have charge of the Business Law class, Mr. Monte Little will conduct the Advertising class, and Mr. Pryce Haynes will lead the Selling class. Prof. Wolfard stated that he would be with his classes once a week to make assignments.

Dr. Reaser To Speak On Poe At Assembly

Dr. E. F. Reaser, head psychiatrist of the Huntington State Hospital, will speak on "A Psychological Study of Edgar Allen Poe" Wednesday on the regular assembly program at 10:00 o'clock.

Devotionals will be in charge of ministerial students of the senior class. Prof. K. K. Loemaker, chairman of the assembly committee, has announced that they will supervise the chapel devotionals for the rest of the year.

Dr. Harry E. Mueller, of the music department, will play a number of piano selections.

Tonight -- In The Auditorium -- Let's Sing!

The Fourth Student Swing program will be presented this evening from 7:00 to 9:00 o'clock in the auditorium.

Song sheets will be compiled to facilitate the customary group singing, and a stage program has been arranged by the directors of the entertainment.

Pledges of Delta Sigma Epsilon will present a skit savoring of the old time "I-can't-pay-the-rent" melodrama entitled "The Old Man of the Storm." Members of Phi Kappa Nu will also take part in the Swing program with an offering as yet untitled.

A group of master swingers will offer a square dance under the leadership of "Buckshot" Underwood, whose indescribable grace while swinging over a barn floor has been the topic of much comment.

And Hansel (Hamlet) Warner will interpret the tribulations of Shakespeare's gloomy Dane with well-nigh professional melancholy.

The orchestra is as yet not decided upon, but the show will be in the deft hands of Master of Ceremonies Lovell Higgins.

The seats are free, the time is tonight, and the fun is yours for the taking.

Dr. Mueller To Give Recital

Madrigal Club To Supplement Organ Program At Trinity Church Tonight

Dr. Harry E. Mueller, of the music department, will give an organ recital tonight at 8:00 o'clock at the Trinity Episcopal church, under the auspices of its rector's Guild.

Assisting soloists in the recital are Mrs. Mildred Holmes Stinson, soprano and the Madrigal club.

The program will include the "sonata in C Minor," by Guilman, played by Dr. Mueller; "Shepherd of Israel," by Bortniansky, "Beautiful Saviour," arranged by Christiane, and "Hospodie Pomilui," by Lvovsky, all sung by the Madrigal club; "Ave Maria," by Bossi, "Dreams," by Stoughton,

New A. B. Requirements Are Announced By Dean

Independents To Back Jacobs For President

Progressives Announce Partial Slate

A new political party, the Independent Progressives, the first cohesive non-Greek organization since the campaign of 1934-1935 that swept an Independent student president and council into office, yesterday announced an incomplete roster of candidates for student government posts with Eph Jacobs as its candidate for the student presidency.

Party spokesmen stated that the party would endeavor to improve the campus, strive for a more democratic type of student government and in general place the affairs of the college in the hands of the student body. It was further stated that the campaign would be carried out in as clean a fashion as possible. "Mud-slinging", if any, would have to come from the opposition.

Partial List Made

The party roster, headed by Eph Jacobs for student president, has Joe Schmedding for senior class president, Sam Stout and Dan Churton for senior council seats, Rebecca Blizzard for junior councilwoman, Ben Herman for sophomore class president and Norma V. Thacker and Robert Coakley for sophomore council members. The several vacancies in the roster as it now stands will be filled later, according to the campaign manager.

Student president Larry Tippet announced last night that the election board would sit in the Club Room of Student Union to receive the petitions of the candidates for council members and class presidents at 10:00 o'clock Wednesday, May 5th. All petitions must bear the signatures of 10 per cent of their class.

Ten Positions Open

Offices to be filled by this spring's election are: student president, three class presidents, three freshmen to serve as sophomore councilmen, two sophomores and two juniors to serve as senior councilmen.

Nominations for the office of student president will be made from the floor of the auditorium at the close of the assembly period on May 5th.

Cecelia Wagner Is Convalescing

Cecelia Wagner, freshman resident of College Hall who was stricken with an attack of appendicitis last Tuesday is reported progressing satisfactorily.

Officials at St. Mary's hospital where she is confined have stated that an operation will probably not be necessary.

CLASSICAL ASSOCIATION

The Classical Association will meet in room 20 of Main building tomorrow evening at 7:00 o'clock. Charles Hundley will have charge of the program, which will be taken from Petronius "Trumalchie."

Journalism Teachers Meet

100 Expected To Attend Annual Convention of W. Va., Association Here

About 100 teachers of high school journalism and advisors of high school papers in the state will convene at 9:00 o'clock Saturday morning as the West Virginia Journalism Teachers Association meets in conjunction with 500 delegates to the United High School Press congress, Prof. W. C. Tucker of the journalism department and executive secretary of the association announced. Dean Otis G. Wilson, of teachers college will welcome the assemblage.

George H. Turley, of Clendenin high school will preside over the two sessions of the convention at 9:00 o'clock and at 2:00 o'clock.

Prof. L. Neil Plummer of the department of journalism at the University of Kentucky will address the group of "Blackboards and Galley Proofs". Prof. Plummer holds a master's degree from the University of Wisconsin and has had wide experience in practical journalism. He conducts a weekly news program over a Louisville radio station.

Prof. Royal H. Ray of the school of journalism of Ohio University will speak on "News and Advertising Typography."

Following these addresses, Prof. W. G. Shover of the Morris Harvey department of journalism will lead a round table discussion.

Pitt Dean Is Academy Guest

Dr. Charles S. Tippetts Will Address Science Meeting Here Friday

Dr. Charles S. Tippetts, dean of the school of business administration at the University of Pittsburgh, will address the annual meeting of the West Virginia Academy of Science to be held here Friday and Saturday, April 30 and May 1, according to Dr. Leslie J. Todd, chairman of arrangements.

Dr. Tippetts will speak at the banquet to be held Friday evening at 8:00 o'clock at the Hotel Governor Cabell, speaking on

(Continued on Page 2)

Changes Do Not Affect Present Seniors; New Arrangements Optional Until 1941

Changes in the general and specific requirements for an A. B. degree in the college of arts and sciences which will be contained in the next edition of the college catalog were announced yesterday by Dr. W. E. Greenleaf, dean of the arts college.

The present requirements will continue in effect for those graduating in 1937. Those graduating in 1938, 1939 and 1940 may choose either program of requirements in their entirety. Those graduating in 1941 and thereafter will follow the new program of requirements.

Liberalize Curriculum

Three additions to the general requirements were aimed at liberalizing the arts college curriculum. The first is "Of the 128 hours required for graduation a total of 60 hours must be earned in cultural subjects. This will include all the subjects (except physical education) listed under the specific group requirements, as well as geography, music, art and Bible."

The second states "All the specific requirements must be completed before the student is admitted to the junior year, with the single exception of physical education which must be completed before admission to the senior year. Before admission to the junior year, each student must show a "C" average for the first two years."

Defines Major Field

Providing for the establishment of a more comprehensive definition of the major field, the third requirement is "Candidates for the A. B. degree must take 20 semester hours in their field of concentration in courses numbered 200 and above in a department (or departments) with the advice of the chairman of the department in which they select most courses. This is not to be counted as a part of the required 60 hours in cultural subjects. An elementary or 100-199 course may not be counted toward the concentration requirements."

In the specific or minimum requirements several changes may be noted. Hereafter all freshmen shall be given a speech proficiency test upon their enrollment and all those failing will be required to take three hours of speech.

In group B of the specific requirements future graduates are offered an alternate course of study. Three subdivisions of the courses offered in this group are listed and two of these are to be completed to qualify for the degree.

These groups are:
a. Either physics or chemistry, 8 hours.
b. 4-hour lab course in botany and 4 hour lab course in zoology. 8 hours.
c. Mathematics or geology, at least 3 hours.

Any combination of two of the above three groups will fulfill the minimum requirements of Group B.

In group C, where students were formerly required to pre-

Bad Taste

The announced plan of the Student Council to elect a Centennial Queen to preside over the Centennial Ball is an excellent one, but as much cannot be said of the method that has been devised for her selection.

The Council proposes to SELL votes at the rate of 50 votes for five cents, and the woman receiving the greatest number of votes is to be Queen and the next two highest in the balloting will be her attendants.

There appears to be as much sense and reason in this procedure as in the cautious and precise manner in which the council determined that votes should sell at the rate of 50 for five cents. Why 50? Why not one, or ten, or one hundred? The futility of attempting to answer that question is closely akin to the absurdity, no, the out and out impropriety of defiling an honor of this degree with such mercenary practices.

If we designate one woman upon the campus to preside as the Queen of the Centennial Ball let it be one who deserves the office only through her own charm and popularity.

It may be argued that the replenishment of the Student Council coffers by this method will enable it to do this or that for the Centennial or to perform some other honorable function. Whatever may have been the intentions of the Council we maintain that it overstepped the bounds of good taste when it devised this plan.

It is necessary that the Council immediately revoke its action and provide for the election of a Queen in a manner benefiting the dignity of the position.

Students Of Applied Design Aid Centennial Preparations

By ELMORE S. MOSSMAN

Marshall's Centennial is the theme for the majority of the projects being turned out by students in Prof. Joseph S. Jablonski's class in applied design. Students who enroll in this class are allowed to choose from a large variety of materials and are instructed in their use in creating objects or art.

One of the crafts undertaken by students this semester is jewelry-making. Students who desire to engage in this craft design pins, rings, brooches, and other articles of jewelry, plan them carefully, and then make them from silver, gold and other materials which they may desire to use. Frequently the metal is melted and cast in molds which have been made for this purpose.

Linoleum block carving is another favorite craft, one block which is being cut at the present time representing a centennial card in colors. Wood carving, sheet metal embossing, pottery, and engraving are also being pursued by students in this class.

Working with his class Prof. Jablonski is also busy designing and producing various pieces in connection with the Centennial celebration. One of these pieces is a medallion about six inches in diameter, molded in bisque

and glazed. The medallion carries a relief design of John Marshall with lettering around the outer edge, and will be made in two styles, solid green and green and white. The color is determined by the glaze used, it being sprayed on the medallions before they are fired and allowed to fuse so as to become permanent. A few of these medallions, Prof. Jablonski said, will be on sale at the book store.

Another project upon which Prof. Jablonski is working is a pedestal for the bust of John Marshall which will be erected for the Centennial celebration. A model of the pedestal has been made to the scale of one inch to one foot, the completed shaft being about five feet high and two and one half feet wide. The shaft is square with a slight taper a little above the center and seats may be arranged around it either in a semi-circle or squarely about the base. The pedestal with the bust will be placed to the right of the main entrance of Main Building.

Work will also start soon on a support for the large electric clock which is being presented to the College by the Daughters of the American Revolution. Prof. Jablonski will design this shaft also, although no definite design has as yet been decided upon.

Gracie & Sons Get Contract For Pedestal

The contract for the cutting of the shaft or pedestal for the John Marshall bust has been awarded Gracie and Sons of this city. The pedestal will be completed during the latter part of May. It will be five feet high, 24 inches wide and 20 inches deep.

William C. Estler, alumni secretary and chairman of the statue committee, who negotiated the deal, did not make known the amount of the contract grant.

Two stone benches which will be placed on either side of the pedestal will not be ready in time for the Centennial, but will be placed about the statuary at a later date.

Richard Flesch, sculptor of Washington D. C., who is executing the bust of the Chief Justice, has completed designing the plaster model of the subject and is now working on the marble likeness, which will be of Alabama carrara marble. The bust will stand two and one-half feet high and is proportionately wide and deep.

Faculty Motion Mourns Death Of Prof. E. E. Myers

A resolution mourning the death of Prof. E. E. Myers, was passed last week by the faculty. The resolution characterized Prof. Myers as a wise counsellor, a devoted friend and a stimulating teacher who not only founded the art department, but who, in his thirty-five years of service, took an active part in its development and growth.

"Be it resolved that we, the members of the faculty of Marshall College, take this means of expressing our deep appreciation of having been associated with a man who never expressed an unkind criticism of his co-workers and whose genial sympathetic nature endeared him to all, and our sorrow at his passing."

107 Listed On Teachers Roll

Five Straight "A" Averages Are Included On Mid-Semester Honor Roll

With five students making straight "A" grades, Dean Otis G. Wilson lists 107 students on the teacher's college mid-semester honor roll with averages of B or above. The five perfect marks are freshman Sister M. Beata Ruggle and seniors Mary Woodworth, Kathleen Curry, Frances Waring Fletscher and Lucile Hamilton.

Following is the teacher's college honor roll:

Green Loses To Miami, Meets Charleston Today

Redskins Trim Farley's By 10 To 5 Count

Errors Are Costly As Green Loses; Cincinnati Tilt Rained Out

The Big Green will step out of intercollegiate ranks this afternoon and invade the professional field, meeting the Charleston Senators, Middle Atlantic league members, at the Capitol City.

Friday afternoon saw the first defeat of the Big Green. Miami university's Redskins took advantage of a big fourth inning and trimmed the Green 10 to 5. Saturday's scheduled clash with the Cincinnati Bearcats was rained out.

In sustaining their first loss in Buckeye conference competition for the season the Big Green pounded the Redskin hurler Heldman for a total of 10 bingles, outslugging the Miami team by 2 hits. Errors figured heavy against the Green. They committed five during the nine hectic innings.

Errors Costly
Johnny Casey, tasting service for the first time, held the Redskins for the first three innings but a series of costly errors paved the way in the fourth for the Ohioans to tally nine runs. Nelson Bragg took up the pitching burden late in that fatal inning and pitched two-hit ball for the remainder of the 5 and 2-3 innings. He gave up one run.

Coach "Skeets" Farley will take his team to Charleston today, hoping to turn the same trick that the Morris Harvey Eagles did a few days ago. They trimmed the Senators by a 12 to 8 score.

Senators Strong
Little is known of the power of the Senator nine, but potential-

K. A. Wins Bowling Crown; Team Rolls Ohio State Sunday

Champions Retain Undefeated Record; Harrell Cops High Average

Fraternity bowling drew to a close Sunday afternoon when the last of the twenty-five match schedule was completed. Kappa Alpha continued their unbroken string of victories to emerge from the first annual league with ten wins and the intramural crown.

Alpha Theta Chi turned back the Alpha Kappa Pi rollers in the playoff of a postponed match and annexed second place in the final loop standings. Following Alpha Kappa Pi in third place were two teams, Phi Kappa Nu and Phi Tau Alpha, deadlocked for fourth place. Epsilon Delta drew a complete blank, losing ten straight games to end up in the cellar.

Henry Harrell, Kappa Alpha, retained his lead as individual high scorer, finishing the card with an average of 180 pins for eight games. Following him was Bob Jones, Alpha Theta with an average of 165 for ten games. Ben Keith, Kappa Alpha tallied 149 in six games; Nash Campbell Alpha Kappa Pi rolled up 148 in ten games; Eddie Altizer, Kappa Alpha scored 147 pins in 8 games; and Dallas Higbee, Phi Kappa Nu, rolled 145 pins in ten games.

The personnel of the team which will meet Ohio State bowlers at Columbus next Sunday has not been determined. Harrell, Jones, Campbell are certain choices. Higbee and Keith will roll to determine who will be the fifth member of the team.

Keith maintained a higher average than Higbee, but he rolled in only six games while Higbee rolled ten. The complete team will be announced Friday.

In Sunday's regular schedule results gave Alpha Theta two victories over Phi Kappa Nu by scores of 668 to 611 and 723 to 613. Alpha Kappa Pi trounced Phi Tau Alpha by scores of 539 to 521 and 615 to 568. Epsilon Delta forfeited to Kappa Alpha.

Alpha Theta Chi defeated Alpha Kappa Pi and Kappa Alpha beat Phi Tau Alpha in postponed games.

A.O.X. Downs P.T.A., 9 To 8

Koontz Walks In Winning Run In Fast Game; Jones Gets Circuit Clout

By PAUL LILLY

With two men out, the score tied, and the bases loaded in the seventh, Charles Koontz, pitching for Phi Tau Alpha tossed four balls to "Turk" Robertson, Alpha Theta Chi second baseman forcing in Bob Jones and a 9 to 8 victory for Alpha Thetas yesterday afternoon on the rain drenched intramural playing field.

Phi Tau Alpha went into the seventh inning with a four run advantage but the Alpha Thetas combined an error, three hits, two of them doubles, and three walks to score five runs and their first victory of the season.

Walking the first four men who faced him and giving the next man up a single and five tallies in the first inning Bob Jones bore down to allow only three hits and three runs in the rest of the game. Not only scoring the winning run of the game Jones hit a home run in the sixth with one on base.

Date Set For Track Meet

May 6 Is Date Announced By Gullickson; Entries Due This Week

The annual intramural track and field meet will be held Thursday, May 6, according to an announcement made yesterday by Prof. Otto A. Gullickson, intramural director.

All entries are due in this week. Prof. Tom Dandelet and his track class will handle the meet, scheduled to take place in Fairfield stadium.

Last year Phi Kappa Nu won the meet.

Events scheduled are 100 yard dash, 220 yard dash, 440 yard dash, 880 run, mile run, 120 high hurdles, 120 low hurdles, high jump, broad jump, pole vault, 16 pound shot put, javelin throw, and the 880 relays.

TEACHERS VISIT

Critic teachers Miss Lillian Isbell, Miss Hazel Daniels and Mrs. Edith Amick visited the training schools of the University of Kentucky at Lexington Thursday and at the University of Cincinnati Friday.

Phi Kappa Nu and Wolfpack will swim tonight in the water polo tournament for the right to meet Kappa Alpha for the championship Thursday night in the men's pool. Scheduled time is 7:30 o'clock.

The first rounds of the horse shoe doubles and the men's doubles tennis tournament which were postponed yesterday afternoon will be held this afternoon.

GREEN NINE TO MEET SENATORS

(Continued from page 3) ally they are one of the strongest teams in the M. A. loop. Composed almost wholly of rookies the

professionals will open the game with a lineup new to both the Capitol fans and the Big Green. "Iggy" Walters will open his second season as manager of the nine. He is a seasoned veteran of several campaigns and his prowess is known over the entire baseball world.

Coach Farley will probably start Demi "Lefty" Edwards on the mound. He was carded to hurl against Cincy Saturday, but since the game was rained out he will

probably see opening service today.

DR. MUELLER TO GIVE RECITAL

(Continued from page 1) "The Nightingale and the Rose," by Saint-Saens, and "La Concertina," by Yon, all played by Dr. Mueller; "Largo," by Handel, for the offertory; "Hear My Prayer," by Mendelssohn, with Mrs. Stinson, and "Concert Overture," by Maitland, by Dr. Mueller.

Cary Grant says:

"a light smoke rates aces high with my throat"

"Luckies have been my cigarette for five years now. I rate them a 4 star cigarette. They're always good to the throat, and taste so much better than other cigarettes that it seems to me this 'Toasting' process is a swell idea. Yes, a light smoke like Luckies rates aces high with both my throat and taste."

APPEARING IN THE NEW COLUMBIA PICTURE, "WHEN YOU'RE IN LOVE"

An independent survey was made recently among professional men and women—lawyers, doctors, lecturers, scientists, etc. Of those who said they smoke cigarettes, more than 87% stated they personally prefer a light smoke.

Mr. Grant verifies the wisdom of this preference, and so do other leading artists of the radio, stage, screen and opera. Their voices are their fortunes. That's why so many of them smoke Luckies. You, too, can have the throat protection of Luckies—a light smoke, free of certain harsh irritants removed by the exclusive process "It's Toasted". Luckies are gentle on the throat.

THE FINEST TOBACCO—
