President Asks Students To Obey Traffic Rules

A plea to student-motorists to drive safely by observing all regulations governing traffic on College Avenue was voiced Tuesday by President Stewart H. Smith following a conference with Huntington Mayor Douglas C. Tomkies, Police Chief W. Z. Smith, and Traffic Director C. J. Jarrell.

"Our main consideration," President Smith said, "is the safety of students and faculty. Speeding on this narrow street or driving in the wrong direction constitutes a hazard for thousands of students, the faculty, and laboratory school children who cross it daily."

College Avenue borders the southern end of the campus, paralleling the laboratory school, gymnasium, student union, and science hall.

To direct attention to the 15-mile per hour and one-way-street zone prescribed by city regulations, new signs will be erected by the city. A city patrolman, Woodrow W. Hunter, will be available at President Smith's request if stricter control of traffic is deemed necessary.

"The city government and police force do not want to meddle in our affairs," Dr. Smith added. "We believe our students will recognize the importance of adhering to these regulations; there is no reason why we should not work out our problems by ourselves."

Psychology Clinic Set Up In Main

A Psychology Clinic has been established in Room 127, Old Main for those students who need and desire assistance in vocational guidance and emotional problems, Dr. Kenneth L. Loemker of the Psychology Department said Wednesday. The clinic will be headed by Mrs. C. W. Feil, formerly associated with the Psychology Clinic of Ohio State University.

Varied tests concerning intelligence, interest, achievement, aptitude and reading will be available through the clinic in cooperation with the Psychology Department.

Tests may be taken by appointment only. Appointments may be made in Main 127. Office hours of the clinic will be from 9 A. M. until 5 P. M. Monday through Friday.

"Madame Butterfly," with a cast of 80 and an orchestra of 30, will open the twelfth season of the Marshall Artists Series at the Keith-Albee Theatre Tuesday, October 14, Prof. Curtis Baxter, series director said Wednesday. There will be two performances, one a special student matinee at 3 P. M. and another at 8:30 P. M. Classes will be dismissed Tuesday at 2:45 P. M.

PUCCINI's opera tells the story of an American naval officer in command of a ship in Japanese waters. The officer, Lt. B. F. Pinkerton, lives in a bungalow at Nagasaki with Cio-Cio-San (Madame Butterfly), a lovely and ingenuous maiden, in accordance with Japanese customs. Called back to the

States, Pinkerton lightly promises Butterfly that he will return to her "when the red-breasted robins are singing." Butterfly leans too heavily on her love for the navy man, for Pinkerton marries a girl back home. When he returns with his wife to face the Japanese maiden (who meanwhile has borne him a son appropriately named "Troubles"), Madame Butterfly kills herself.

Laura Castellano, soprano, will appear in the title roll, while Edward Nyborg, tenor, will sing the role of Lt. Pinkerton. Director of the score will be Edwin McArthur, past conductor for the Metropolitan and San Francisco Operas, The New York Philharmonic Symphony, The Philadelphia Orchestra, and The National

and San Francisco Symphonies. Artistic direction will be under Desire Defrere, stage director for the Metropolitan Opera for 16 years, and the Tuesday presentation promises new costumes, good lighting effects, and a large chorus.

The special student matinee, which will be carried out through the whole series, is designed to give students "the best seats in the house," Prof. Baxter said. He also pointed out that activity tickets alone would admit students to the matinees, while those who attend evening performances would have to pay the difference in price for the reserved seats. There will be no reserved seats at the matinee, he added.

Herd Seeks Revenge For 19-0 Canisius Defeat 20 Years Ago

By ERNIE SALVATORE

Marshall and Canisius of Buffalo, N. Y. will resume football relations at Fairfield Stadium tomorrow night after a lapse of exactly 20 years and if the Big Green emulates the elephant and never forgets, then the Griffins are going to be in for a rough evening, indeed.

In 1927, when these two eleven last met, the western New York State club handed the Herd a 19-0 shellacking. Since that memorable day Canisius has risen to greater gridiron heights, retiring the Bishop's Trophy, emblematic of the "Little Three" title, last year. Marshall, too, ascended to loftier levels by grabbing a Buckeye Conference crown and tying for some others.

Conditions for tomorrow night's contest, feature of a Dad's Day program, are just about the same as they were in 1927. Canisius again has a big, strong, fast team, with an array of 21 lettermen, Marshall again has a smaller club which relies on speed, deception, and finesse to bedazzle the foe.

In three starts this season, Coach Earl Brown's invaders have won two while losing one. They dropped a 12-6 verdict to Youngstown College in their opener, but crushed Rider, 79-0, and nipped St. Vincent's, a future Marshall foe, 10-7, on successive weekends.

The Big Green has bowled over three consecutive opponents in three starts and will be seeking their fourth win of the campaign. Minus the services of Marvin Wetzel, fullback, this task will be made more difficult. Cam Henderson, to fill the Wetzel gap, will probably lead off with Don Gibson and blocking quarter, Charlie Fieldson and Bobby Hartley at the halfback slots, and Co-Capt. Chasey Wilson at fullback.

Canisius operates what has been termed a "winged-T" and the back is centered around Norm Castine and Howie Willis, a couple of scatbacks, as well as big Jim Oldenberg, 216 pound fullback. Sitting on the bench but every bit as good as the starting four, are Chet Kwasek, leading Griffin ground-gainer, and Jacque McMullin, number two ground gainer.

Only A Second

It only takes a second to kill. A false step by a student, a heedless dash across College Avenue by a laboratory school kid might take up that second. Then it would be too late.

That's why President Stewart H. Smith has asked that all student-motorists be careful in their driving. Speeding and driving in the wrong direction on one-way College Avenue have been reported. Concern for the safety of students, faculty, and neighborhood children has prompted President Smith to make an appeal to be especially careful when driving on College Avenue.

Saving a second isn't that important—save a life instead. Drive carefully!

It's a Big Bargain

Better seats for students and better stage settings for Artists Series productions were assured when arrangements were made to hold this season's programs at the Keith-Albee theater. A special matinee for students only offers the best seats in the house to Marshallites. In previous years when Series programs were held at the city auditorium, balcony seats only were allotted to students.

Naturally, this involves additional expense. Two performances in lieu of one by the top flight entertainment engaged by Prof. Curtis Baxter, Series director, runs up the bill, and moving into the plush surroundings of the Keith-Albee costs a bit more than staging a performance in the city auditorium. Both moves, however, enhance the value of this year's program.

Our Artist Series has always been a major contribution to the cultural life of the college and the community. This latest step by Mr. Baxter to bring each student into closer and more enjoyable contact with the nation's outstanding talent and entertainment is commendable and appreciated.

YOU probably know a number of men in your class who were pilots in the wartime Air Force. They are the best advertisements for the Aviation Cadet program. Talk with them about it.

Chances are, they'll tell you their service as pilots was one of the most interesting and exciting phases of their lives. Fast action, comradeship, and the chance to serve their country paid them dividends they don't forget . . . added something to their stature and poise that they couldn't have gotten anywhere else.

Cadet life today is no different. As a potential pilot in the new U. S. Air Force, you serve at a time of equal importance to the nation. Freedom, responsibility, the chance to use your own initiative are all yours.

The training you get is the finest your government can provide — \$35,000 worth for every Cadet.

MARGARET BYRNE, Gassaway sophomore, was elected rush chairman for Theta Rho sorority at their regular meeting Monday night.

TIME OUT

WITH

ERNIE SALVATORE

Anytime you see Earl Brown's name listed as head coach of a football team, you can be sure that said team will be of exceptionally high caliber. Brown, while not as eminent as his namesake who handles the destinies of the fabulous Cleveland Browns, is every bit as talented when it comes to building football machines. The fans who root for Canisius College will attest to this.

Mr Brown is bringing a good ball club into Fairfield Stadium tomorrow night. It's a team which has won two straight games following an opening loss to Youngstown College. On it are 21 lettermen from the 1946 squad, including five regulars. All of them are big and fast and ready to give Marshall a drubbing. Naturally, the Big Green has other ideas in mind.

Anyway, the Canisius Publicity Department sent us a history of Brown's coaching career this week and it is so indicative of his excellent teaching caliber that we thought you'd like to digest some of it.

His undergraduate days were spent at Notre Dame where he played varsity football in 1936, '37, and '38. A broken hand kept him out of the 1939 All-Star game in Chicago.

Passing up some juicy professional offers, Brown entered the coaching field as freshman basketball coach and varsity end coach at Brown University, Providence, R. I. In 1941 he switched to Harvard where he succeeded Wes Fessler as varsity basketball coach. He remained with the Crimson until 1942 when he became head football and basketball coach at Dartmouth College. His first Indian eleven suffered but one defeat in nine starts and his first basketball five copied the Eastern Intercollegiate Athletic League crown and got all the way to the NCAA semi-finals before tasting defeat.

During the war Brown served in the Merchant Marine and after rising to the rank of Lieutenant, (j. g.) he was assigned to the new United States Merchant Marine Academy, Kings Point, L. I., N. Y., as football coach. His first Mariner eleven was a powerhouse, winning better than 80 per cent of its games.

Marshall Backfield Coach Joe Pease, who saw the Griffins defeat St. Vincent's College (another future Green foe) last week, had this to say concerning Brown's club, "They are big, they are fast, and they hit like mules." Shuddering, he stomped off.

Well, things aren't really as bad as all that. Coach Cam Henderson is quite a grid mentor also, and he has a good team this year. Which means an interesting evening in the science of football on the morrow.

Side Shots: The greatest story of the 1947 World Series is not Al Gionfriddo's miraculous catch of Joe DiMaggio's 415 foot blast in the sixth game; it is not Cookie Lavagetto's game winning double for Brooklyn in the fifth game; and it is not the masterful relief hurling of "Smoky Joe" Page for the Yankees in the seventh game. Nope, it is the story of Jackie Robinson, former UCLA grid star, former Army fighter pilot, and first Negro to play major league baseball. Robinson is a credit to the people who daily fight intolerance and his fine race.

The Marshall Victory Bell is not a bell but a piece of railroad railing.

Croquet matches were all forfeits and tennis single results were not available at press time. Plans for a golf tourney were discussed at a meeting last Friday.

Plans for a golf tournament will be drawn today at a meeting in the Campus Gym,

KA, Baptists, Screwballs Also Score Grid Wins

By CHARLES OPPENHEIMER

Gridiron competition rose to fever heat this week as mural squads took to the green with one eye on league crowns and the other on the coming schedule.

In a Wednesday match Allen Court passed to a 19 to 0 win over Alpha Sigma Phi and the KA's under the tutorship of Potter, raced to a 12 to 0 victory over Alpha Theta Chi. Tuesday's bill featured a 19 to 0 win for the Baptists over the Horrible Handful and a close 2 to 0 triumph for the Screwballs over the Big Sandy Boys.

Thursday, the Red Dogs turned back the Bombers, 13 to 0.

Operating from a T-formation, Allen Court met stiff first quarter resistance from the Alpha Sigs but moved to a quick score in the second as Stone took an aerial from Harris and harled the leather into paydirt. Moments later another pass from Harris, this time to Herbert, who with the help of a solid block on the part of teammate Lenore, traveled the rest of the route for a tally. The Alpha Sigs ripped four more Court goaline advances, but gave up a fourth period marker when Harris fired a crossfield flip to Lenore. Hoskins chalked up the extra point on a pass from the educated arm of Harris.

It was little Johnny Potter dis-

playing heads up football for the KA's against Alpha Theta Chi as he slipped through the line and headed for open country and a first period marker.

Peraldo twice intercepted Alpha Theta pitches and Dunkle scampered past midfield for a long gain which was nullified by a 15-yard holding penalty. Drewry, in the fading minutes of the first half, broke off left tackle and high tailed it for the last yard stripe and a KA tally.

Haywerth was the big gun for the Baptists against Horrible Handful, running one and pitching a second touchdown pass to Moore, while Carroll traveled the ground route for a third tally and booted the extra point. An attempted aerial proved the margin of victory for the Screwballs against the Big Sandy Boys as Smith was tagged in the end zone. Calahan furthered the Red Dog cause over the Bombers as he gathered in a pitch from Fez.

Student Seating Is Increased At Stadium

Expanded seating facilities in the student section at Fairfield Stadium have been increased to accommodate the parents, wives, and intimate friends of students, Luther Poling, Athletic Director, announced this morning.

"These guests will be honored with seats in the student area for the price of a general admission ticket, provided they are accompanied by a student," Mr. Poling added.

He warned that if this privilege, which provides excellent seating at a reduced cost when compared to the public prices, is abused then it will be immediately revoked.

A request for callers for square dancing has been made by Otto "Swede" Gullickson, intramural director, who is also looking for a hill-billy band to include a violin, piano, and banjo player.

The Marshall faculty in 1869 consisted of one man and three women.
