Randle optimistic despite Herd's history

Nucleus of returners pleases new grid coach

By MIKE RUBEN

Sports Bureau Chief

New Marshall head football coach Sonny Randle has inherited a team that's lost 18 of its last 19 games and hasn't had a winning season since 1964, but he's still optimistic about the Thundering Herd's gridiron future.

(See editorial, page 2.) (See related stories, page 5.)

MU President Robert B. Hayes and Director of Athletics Joe McMullen announced the appointment during a campus press conference Tuesday morning at WMUL-TV.

Randle is a former head coach at East Carolina University and the University of Virginia. He replaces Frank Ellwood, whose contract was not renewed after his fourth straight losing season at the Herd's helm.

"There is a lot of work to be done and it will take everyone pulling together to get the job done," Randle said. "From what I know about the situation, I will inherit the nucleus of a good football team. I am familiar with the Southern Conference and what it takes to win. While I can't make any predictions today, I can pledge every effort to turn things around as quickly as possible."

Randle said he planned to pick his assistants beginning Saturday or Sunday.

McMullen was impressed with Randle's

McMullen was impressed with Randle's football background. "We are excited about having Sonny Randle take the reins of our football program," he said.

"He is an intense individual who has the reputation of being a strong motivator, a great conditioner and a believer in sound fundamentals," McMullen added. "We were looking for a man who had served as a head coach in major college football and Sonny Randle has five years of experience in leading Division I-A football teams."

Randle began his coaching career in 1970 as an assistant at East Carolina and was named head coach there the following year.

Ironically, it was in 1970 that the Marshall football team's chartered jet crashed on its way home from a game at East Carolina.

He said his memories of that night played a major role in his decision to become the Thundering Herd's new coach. "I will never forget that as long as I live," he said. Under Randle, the Pirates were 4-6, 9-2 and 9-2 for an overall 22-10.

His 1972 and 1973 East Carolina teams won Southern Conference championships and he was named league coach of the year both seasons.

In 1973 he accepted the head coaching job at his alma mater. The Cavaliers were 4-7 and 2-9 in two seasons under Randle.

He was reportedly asked to leave Virginia because of disorganization among his staff and players.

He has been football coach and athletic director at Massanutten Military Academy in Woodstock, Va., for the past two years. He's had seasons of 10-1 and 9-2 there.

Randle indicated that several of his

Randle indicated that several of his Massanutten players might be at Marshall next season. "We had eight or nine players who could play with anyone in the country," he said. "See how many come to Marshall next year."

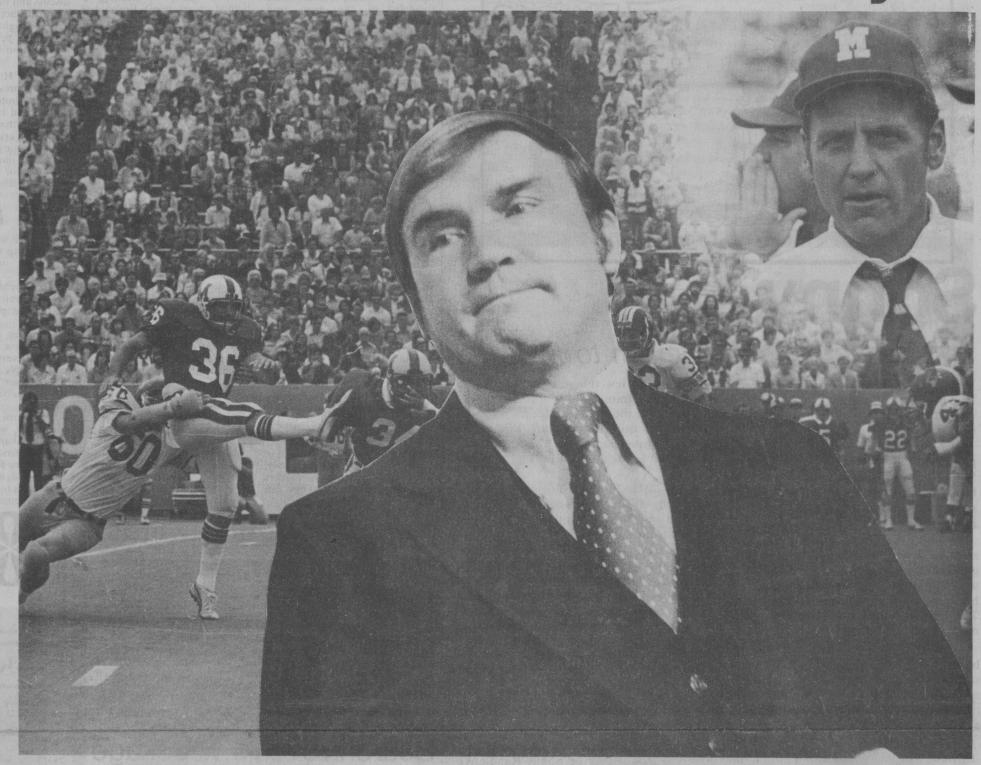

Hayes said he had assigned McMullen and Executive Vice President Olen Jones Jr. the task of seeking "the most outstanding coach we could find, as quickly as possible" so he could begin recruiting.

"I asked them to find someone who could literally 'shake up' our football program and get it moving," Hayes said. "I believe they have done just that. We have talked with people from East Carolina, at the University of Virginia, at the Massanutten Military Academy and elsewhere. They are unanimous in their endorsement of Sonny Randle as the coach who can produce winning football at Marshall.

"From what we have learned about him, I believe it is safe to say he is personable, colorful, demanding, and strong on discipline and fundamentals," Hayes said. "At the same time, he plays a wide-open type of football that our fans will enjoy. He has already demonstrated that he can win in the Southern Conference and we are looking forward to him doing just that for Marshall."

Randle said Tuesday was one of the biggest days of his life. "I'm right for Marshall and Marshall is right for me," he said. Randle also said he is confident he can alter the fortunes of MU football.

"With support, it can happen, and happen in a hurry," he said. "They won't have to fire

Student Govenment is offering transpor-

tation to WVU by three chartered buses.

Tickets will go on sale today at 8 a.m. The

\$8.50 price includes costs of round trip

transportation and game ticket. Hamrick

said 129 seats are available on a first-

come, first-served basis

Namara was pitching batting practice as manager of the Licey club in the Dominican Republic Winter League.

"I'm flabbergasted to have such an

opportunity like this," McNamara said. "I'm still in a state of shock." McNamara previously managed the San Diego Padres and Oakland Athletics and

last season was a third base coach for the California Angels.

"I had hoped to get one more opportunity at managing, but whether it would ever

come, I didn't know," the 46-year-old softspoken manager said.

McNamara said he agreed to terms

Monday night while flying with Wagner back to Cincinnati.

Wagner had met him in Atlanta as he flew in from the Dominican Republic, Mc-

Namara said.

McNamara, a former catcher, got his first

managerial job in the major leagues late in the 1969 season when Oakland A's owner Charlie Finley named him to succeed Hank Bauer

He finished second twice and then served for three years as a coach at San Francisco before becoming manager of the Padres in 1974.

He had a little more than three years with

the Padres, finishing sixth, fourth and fifth, before being replaced by Alvin Dark in May 1977.

Because of the sudden turn of events,

McNamara said he had not had a chance to evaluate the team he will be managing next season.

The Reds' future is currently clouded by

Pete Rose's decision to leave after unsuccessful negotiations and a search for pitching to match the team's powerful batting strength.

Marshall armed with winter weapons in preparation for battle of elements

By KIMA JOHNSON Reporter

Winter is approaching, and Marshall is armed with rock salt, de-icer, snow shovels and ice scrapers to battle the elements.

The city of Huntington also has made extensive preparations. "We're ready," City Manager Dick Barton said.

MU has its normal stock of salt rock for use on streets and parking lots, according to Harry E. Long, administrative services director. Long said supplies had been ordered during the summer to insure early protection.

In addition to salt, the university has approximately a dozen snow shovels and ice scrapers, Long said. MU also utilizes a truck with a snow plow attachment, although it has no regular snow plow.

Three hundred drums of de-icer have been stored for use on sidewalks, according to Long. The university can also hire an outside snow plow from a construction company if bad weather warrants it, Long said.

Huntington has its normal supply of salt as well as some remaining from last year, Barton said.

The city also has six snow plows, Barton said.

Marshall has a program outlined to alert employees for early arrival at work when weather is bad, Long said.

Barton pointed out people are more prepared for a bad winter. "We feel that the training people have received in the last two years has prepared them," Barton said. "People are better attuned to handling the nature of the emergency."

Marshall President Robert B. Hayes outlined three levels of curtailment of operations after problems in recent years with bad weather and energy shortages.

At Level I, classes will be suspended, and

At Level 1, classes will be suspended, and students and faculty will be excused.

At Level 2, routine operations will be

At Level 2, routine operations will be suspended, but staff members involved in operations of residence halls, health services, food service, recreation facilities, Memorial Student Center, James E. Morrow Library, security services and plant operatons functions will be expected to report for duty.

At Level 3, residence halls will be closed and all student-related activities will cease. Security and campus operations will continue under any circumstances. If

conditions warrant curtailment of operations at three levels, the Office of University Relations will notify news media serving the area as quickly as possible.

If curtailment is necessary at Level 1 or 2, when many students remain on campus, many student-related functions will be maintained including Gullickson Hall recreation facilities which will be open noon to 10 p.m. weekdays, noon to 7 p.m. on Saturdays, and 1 to 7 p.m. on Sundays.

The Family Care Outpatient Clinic also will operate during normal hours, and the MSC will be open from 1 to 7 p.m. daily. The James E. Morrow Library and School of Medicine Library will be open 8 a.m. to 5 p.m. during weekdays. The libraries will be open 9 a.m. to 5 p.m. Saturday, and from 1 to 7 p.m. Sunday.

Eight share honors for 'novel' endeavor

Reporter

The winners of the Jesse Stewart Writing Awards prove there indeed can be strength in

The \$200 first-place award, presented Tuesday in the James E. Morrow library's Hoffman Room, was won by eight current and former students who collaborated on a novel during the spring semester.

The work, "Vulcan — A Novel Approach," was written as a project of a political novel class taught by Elinore D. Taylor, assistant professor of English. Each student went to the Mingo County town of Vulcan and was responsible for a chapter of the novel.

First-place winners include Sandy Hatten, Huntington senior; Rick Ramell, St. Albans graduate; Terry Curtis, Huntington senior; Pia Cummings, Huntington senior; Jane Johnson, Milton graduate; Henry Williams, Plainfield, N.J., senior; and former students David White, Hamlin, and Nancy Nelson, Charleston.

A \$100 second-place prize went to Beverly Childers, for a group of poems and a short story, "Flatlander."

Honorable mention winners were Thomas Hughes for two short stories, "Dreaming" and "New Neighbors;" Lenore Savage for "First Time," a short story, and Kirk Judd for the short story "Dark Night." The three were presented with volumes of Jesse Stuart Readers.

Entries were judged by a committee of four Marshall faculty.

Huntington Herald-Dispatch staff writer Dave Peyton presented a brief biographical speech about Kentucky author Jesse Stuart, for whom the awards are named.

Optimism is a desirable quality, especially in the world of sports. A coach and team who believe they cannot win probably will not be victorious.

That is why it is encouraging to hear the positive reactions to the appointment of Sonny Randle as head coach. From the football players to the fans, most people seem pleased, even ecstatic, that Randle will be the Herd's new grid mentor.

Randle says he can turn the program around. He has the talent and the ability to do so. Director of Athletics Joe McMullensays that Randle was a top choice from between 70 and 80 potential MU coaches. The fans are pleased that a quality replacement was found so quickly.

Randle's most optimistic boosters seem to be the football players themselves. From the stories on page one and page five in today's edition of The Parthenon, one can gather that all quarters are excited and enthusiastic about Sonny Randle.

However, too much of a good thing can be harmful, and that goes for optimism also.

Before promises of winning seasons and conference championships are dangled in front of the fans' faces, it would be wise to

advised by faculty, coaches and the admissions office to use ficticious addresses, 'No chance' evidently saving the Edinboro athletic program money, Harless said. When disof residency covered, the admissions director was suspended for two weeks without pay.

falsification

Marshall's admissions office takes precautions to prevent falsifying records, Harless said. "If we see that you seem to be doing something like that, we're going to question it," Harless said. "We're going to ask you to come in for an interview and we're going to ask you to submit five pieces of documentation: where your home is, where you work fulltime in West Virginia and pay

taxes, driver's license, your car tags, and your voter's registra-

Harless said he can remember only two cases of students attempting to falsify residency in 12 years at Marshall. "These students said they were from Huntington, and their grandparents actually lived in Huntington, but they graduated from South Point (Ohio) High School," Harless said. "They attempted to use their grandparents' addresses. Somebody running the application through didn't catch that. When we found out (before the students graduated), we called the students in and told them each 'You owe us \$2,700' and they

Harless said an auditor frequently audits records to make sure the listed address and the address of the check for fees coincide.

"With 11,000 students, we've got at least one tenth of one percent who are going to try and beat us," Harless said.

Collection

Additional volumes to be purchased for Hoffman medical reading room

This year an income of \$4,900 will be expended for the Hoffman's library from the Dr. Charles A. Hoffman fund, according to Kenneth T. Slack, library director.

This collection and room housing was established in 1973, shortly after Hoffman's term as president of the American Medical Association.

Members of the Marshall's staff had pursued Hoffman to see if he would consider depositing his private papers in the library's special collec-

In a subsequent meeting, Hoffman recalled how the gift of a book containing the minutes of the West Virginia State Medical Society's eighth annual meeting and material from the late nineteenth century had triggered in his mind the need for a library of the history of medical

He believed students in the health sciences needed the historical perspective and appreciation which comes from the study of the history of medicine, Slack said.

Dr. Hoffman acted on his idea and the result was a reading room in the special collections department. In the reading room, handcrafted

cabinetry was built to house rare books that are to be purchased from a special endowment sponsored by Hoffman. The goal of the endowment was to raise \$250,000, the amount required to purchase needed volumes.

At this point, the fund is 44 percent complete, Slack said. Approximately \$110,000 has been raised by Hoffman and his friends.

Frank E. Hanshaw, a Huntington businessman, has worked in conjunction with the Marshall foundation to create the fund.

Among the projects directed by Hanshaw was a special mailing to all members of the American Medical Association. Also, Hanshaw hosted a fund-raising dinner Nov. 17, 1977 at the Guyan Country Club.

During the meeting, Dr. George J. Hill, chairman of the medical school's surgery department, discussed the significance of the study of the history of medicine. He said, "It is a constant source of enrichment to the physician's life. The study of our past lends perspective to today's medical world. For those who study it carefully, the past provides suggestions for new dis-

String ensemble performs tonight

The Trio d'Accordo, an American string ensemble, will perform Thursday at 8 p.m. in Smith Recital Hall, as the final program this semester of the Marshall Mount (Student) Series.

Appearing with the ensemble as guest artist is Katherine Collier. pianist, who has won first place in the National Young Artists Competition in the United States.

Members of the group include Jorja Fleezanis, violinist; Yizhak Schotten, violinist; and Karen Andrie, cellist, founders of the Rocky Mountain Chamber Music Festival in Colorado for young

Fleezanis was member of the Chicago Symphony Orchestra, and is currently concert master of the Cincinnati Chamber Orchestra. Schotten is a former member of the Boston Symphony and is currently principal violinist with the Cincinnati Symphony

Andrie is also a current member of the Cincinnati Chamber Orchestra, and has performed extensively in Europe.

The trio is involved in teaching master classes in universities and participating in summer music festivals.

The group will play music from Schubert including "String Trio No. 2 in B Flat Major," "Sonata 'Arpeggione' in A Minor for Viola and Piano" and "Piano Trio No. 2 in E Flat Major (Opus 100)."

Tickets are free to students with activity cards and I.D.s. Admission will be \$1 for MU students with I.D.s only. General admission is \$2. Tickets are available at Kenney Music, the MU music department office, Smith Music Hall Room A154, and the Memorial Student Center Room 2W23, according to Nancy P. Hindsley, adviser for student activities and cultural events.

MU Wind Symphony to present concert

The Marshall University Wind Symphony will present a concert today at 8 p.m. in Smith Recital Hall. Conductor Richard Lemke, assistant professor of music, said the symphony will perform some familiar Christmas music as well as other types of music.

During the first half of the program the 61-piece symphony will perform Rossini's overture to "The Barber of Seville," which is entitled "Italian in Algiers," Bach's "Fantasia in G Major," and Aaron Copland's "Lincoln Portrait." "Lincoln Portrait" will be narrated by Leo V. Imperi, associate professor of music.

The symphony will perform Christmas music during the second half of the concert and will start with a non-traditional arrangement of "Jingle Bells," Lemke said. The symphony will also perform Leroy Anderson's "Sleigh Ride"

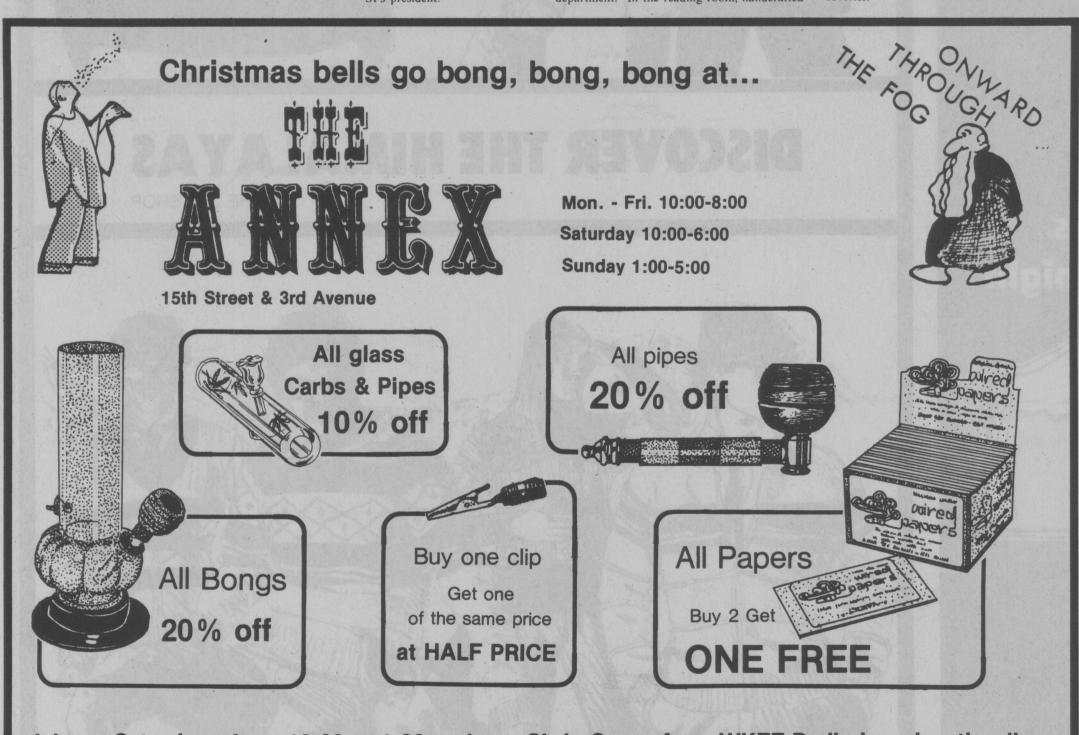

and a medley of Christmas carols including "O, Christmas Tree," "Adeste Fidelis," "God Rest Ye Merry Gentlemen," "Away in the Manger" and "Joy to the World."

The concert is scheduled to conclude with a presentation of Russian Christmas music composed by Alfred Reed. The music is based on the music of the Eastern Orthodox Church and includes an ancient Russian Christmas carol.

The concert is free to the public

Sooners' Sims wins Heisman

By the Associated Press NEW YORK - Junior halfback Billy Sims, the nation's leading rusher who smashed the Oklahoma and Big Eight Conference single-season groundgaining records, won the Heisman Trophy Tuesday as the nation's outstanding college football player. In voting so close that a

recount was ordered this morning, Sims won out over Penn State quarterback Chuck Fusina, Michigan quarterback Rick Leach and Southern California running back Charles White. Sims, a 205-pound speedster

from Hooks, Texas, received 151 first-place votes, 152 secondplace votes and 70 third-place ballots for a total of 827 points on a 3-2-1 vote basis. Fusina received 163 first-place

votes, 12 more than Sims, but only 89 second-place votes and 83 first-place ballots for 750 points. He leads the nation in rushing,

with a high of 160.2 yards per game and 7.6 yards per carry, and in scoring with a total of 120

Sims is the third Oklahoma player to win the Heisman.
