MARSHALL COLLEGE STUDENT NEWSPAPER

Vol. 53

HUNTINGTON, W. VA. FRIDAY, MARCH 18, 1955

No. 47

Year's First Senior Recital To Be Presented Tuesday

By JULIA SADD

The first senior recital of the year will be presented by Miss Dolores Kinder of Nitro, soprano; and Miss Barbara Keyser, Huntington, pianist; Tuesday, March 22, at 8:15 P. M., in the college auditorium, according to Dr. C. L.

Series Tickets Are Available Monday

Students may get their tickets for the Victor Herbert Festival to be featured on the Artist Series March 29, next Monday, and Tuesday in the hall of Old Main between 8:30 A. M. and 2:00 P. M.

This performance is one of six that students may elect to attend.

The program will be a concert of hit tunes from Victor Herbert's operas. Heading the cast of four soloist is Robert Rounseville, leading tenor of opera, motion picture and television, who will act as host for the performance.

'Singing Sergeant' To Appear

In the baritone lead is Glenn Darwin, the famous "Singing Sergeant" featured in Europe and America with the Air Force Band. Lillian Murphy, soprano of Broadway musicals and Jean Leslie, mezzo-soprano of the Philadelphia Civic Opera make up the solo cast.

A two-piano team and chorus will accompany the four soloists. The entire production is under the direction of Emerson Buckley who for nine years was Musical Director of the Mutual Network.

Symphonic Choir To Appear On Television

The Symphonic Choir will make appearances this weekend on WSAZ-TV in a final effort to raise money for their New Orleans trip, March 24-29, according to R. Wayne Hugoboom, associate professor of music.

The choir will be on television Sunday, from 3 to 3:30 P. M. for a concert.

At 4:30 P. M., Sunday, the choir will give their last benefit concert at the First Methodist Church. These selections will be taken from the tour program.

Kingsbury, head of the music department.

Miss Kinder will be accompanied by Donita Bentley, Huntington junior. The soprano's selections will include: "Addio Di Mimi"; "Donde lieta (La Boheme)", Puccini; "Spirate Pur, Spirate," Donaudy; "Depuis le jour" (Louise), Charpentier; "Apres un Reve", "Notre amour", and "Adieu," by Faure.

American Selections

American selections to be sung by Miss Kinder are: "At the Well", Hagemen; "Spring Song of the Robin Woman", Eberhard and Cadman; "Christopher Robin", Simpson; and "This Day is Mine," by Ware.

Piano selections of Miss Keyser will be: Sonata op. 81a in four parts; Les Adieux, L'Absence and Le Retour, by Beethoven; "Papillons", Schumann; and "Passacaglia" by Copland.

Students of Creighton and Jones

Miss Kinder is a student of John Creighton, assistant professor of music. Miss Keyser is a student of Mrs. Lavelle Jones, assistant professor of music.

An active member of Music Educator's Club, Miss Kinder also belongs to the Student Christian Association, Choral Union, is secretary of Symphonic Choir and vice-president of Delta Omicron, national professional music fraternity, and a member of the Charleston Light Opera Guild.

A member of Music Educator's Club also, Miss Keyser belongs to Fagus, honorary senior women's organization, Choral Union, Symphonic Choir and secretary of Delta Omicron.

All girls now residing in private homes, who wish to room in the dormitory (either Laidley or College Halls) next fall or during the summer may make reservations on Thursday afternoon, March 31, or all day Friday, April 1. A \$10 deposit is required for fall, and \$2 is required for summer. Reservations must be made in the office of the Dean of Women.

College Theatre Presents Final Performance Tonight

Play Begins 8:15 In Main Auditorium

The final performance of College Theater's second production, "An Inspector Calls", will be given tonight at 8:15 P. M. in Old Main Auditorium. Clayton R. Page, director of College Theater, will direct the play.

Visiting students, who wish to see the play will be given special rates and may get their tickets at the box office on the first floor of Old Main tonight. Tickets will be thirty cents.

"An Inspector Calls", written by J. B. Priestly, is the story of an English family who is involved in a series of events concerning the suicide of a young girl.

Cast of Six

The cast includes Hugh Fultz, Huntington senior, who has had several years of College Theater experience. Beverly Barton, Huntington sophomore, who has appeared with the Community Players; Sharon Bourn, Barboursville sophomore, who has also appeared with the Community Players; Dianne Wilson, Parkersburg freshman; Fay Murray, Milton freshman; and Edwin Levin, New Jersey graduate student, who are all newcomers to College Theater.

Twelve On Technical Staff

The technical staff includes Dave Collins, Huntington sophomore, lights; Don Grant, Huntington senior, and Peggy Ranson, Huntington freshman, paint crew; Ron Kent, Point Pleasant junior, and Joan Hyldoft, Huntington freshman, prop committee.

Pat Bridgewater, Huntington senior, costumes; Sam Pelsis, Huntington senior, Frank Gault, Windy, W. Va. junior, Ellasue Phipps, Huntington junior and Jill Borrer, Huntington junior, construction crew.

Nancy Snodgrass, South Charleston sophomore, is the assistant director and Jack Ray, Kenova junior, is the stage manager.

BARBARA KEYSER, left, of Huntington and Dolores Kinder of Nitro, are scheduled to be the first to present their senior music recital. The program is set for Tuesday, March 22, at 8:15 P. M. in the college auditorium.

ROTC Gets Preview Of New Equipment

By BILL CHADDOCK

An army quartermaster mobile instruction unit working out of Fort Meade, Md., gave the Reserve Officer's Training Corps cadets here a preview of what they can expect in clothing and uniforms when they go on active duty in a demonstration last Tuesday in the Science Hall auditorium.

Lt. Brehm and Lt. R. M. Laird were in command of the team whose fundamental function is to travel from town to town, visiting the various Reserve units in the Second Army area.

Latest Equipment

In their demonstrations they show the organized reservists the latest things in uniforms, rations, aerial supply procedure and other items of interest.

Included on the program was a demonstration of several types of the latest uniforms, and a pictorial account of the history of the development of the army uniform.

One of the styles was the latest thing in army full dress.

It consists of a dark blue blouse with gold trim and lighter shade trousers with a gold stripe running up the side. The uniforms are not standard issue in the army at this time, and due to the expense probably won't be for several years, Lt. Laird said.

Army Green On Exhibition

Also in the show was the new, shade 44, army green service uniform with the garrison style cap. The uniform consists of a matching green coat and trousers worn with a tan shirt and black shoes. This style of uniform will go into effect as standard issue for all enlisted men in the army, September 1, 1956.

Some of the more unusual uniforms that the quartermaster team showed the cadet corps were the cold-weather fatigues used in Korea, and the "man from Mars" suit that is used for fueling the "niki" anti-aircraft rockets.

Walker Models

The latter uniform was modeled by John Walker, Barboursville sophomore, and consists of an acid-resistant rubberized material over which a cotton covering has been added. The rubber protects the maintenance man from the corrosive action of the acid-like rocket fuel while the cotton covering is saturated, and uses the principal of evaporation to cool the wearer.

An outstanding feature of the winter fatigues are the "mickey mouse" boots that were used so effectively in Korea. The boots consist of two rubber boots in one and are separated by a sealed air pocket that is lined with fleece. The air acts as an insulator keeping the warmth in and the cold out.

The instructor said that the quartermaster corps is presently working on a self-sealing outer boot that will prevent punctures from ruining the effectiveness of

the air layer.

Along with the showing of the uniforms, the instruction team reviewed many of the new principals of aerial supply, and the recent developments that the quartermaster corps has made in the field of rations.

Seven Initiated By Psychology Group

Psi Chi, psychology honorary, initiated seven new members into their organization at a meeting on March 8 in the Psychology Department.

The new members are Boice Daugherty, Huntington junior, Edwin Levin, Paterson, New Jersey graduate, Reynold Stone, Beckley senior, Luella Hoke, Huntington junior, Nora Barbour, Huntington graduate, and Richard Hildebrand, Huntington graduate. Marjorie Martufi, Huntington graduate, was unable to at-

Ripley Students To Take Campus Tour

Forty Latin and dramatic students from Ripley High School are visiting the campus today as guests of the Classical Association, campus Latin and Greek club.

The students arrived at 11 A. M. this morning and visited Dr. Lucy Whitsel's Latin class, and later had lunch in the cafeteria.

A tour of the campus will be followed by a tour of WSAZ-TV station early this afternoon. Slides on Rome will be shown by Dr. Whitsel at 1 P. M. in Main 214 for the Latin students, while those interested in speech will visit Miss Kathleen Robertson's 1 o'clock speech class.

Mrs. Hutchinson and Mrs. Mary Woodworth Evans, teachers from Ripley High, and five mothers are chaperoning the trip. Mrs. Evans is a Marshall graduate.

tend the meeting.

Tom Pritchett, Huntington graduate is the club president. J. D. Perry, assistant professor of psychology, is the club adviser.

SEVEN NEW MEMBERS of Psi Chi, National Psychology Honorary Society, were initiated into the group at ceremonies last Tuesday afternoon. They are: back row from left, Boice Daugherty, Reynold Stone, and Edwin Levin. Front row from left: Nora Barbour, Richard Hildebrand, and Luella Hoke. Absent when the picture was taken was Marjorie Martufi.

SPANISH CLUB

Plans for Pan American Week which will feature a banquet, will be made at the Spanish Club meeting Tuesday, March 22, at 8 P. M. in the Honor Society Room.

Dr. Guzman, of Mexico has been invited to be the guest speaker. Refreshments will be served.

NEWMAN CLUB TO MEET

The Newman Club will meet at the house of the Knights of Columbus Sunday, March 20, at 7:30 P. M. according to Bill Seidel, president of the club.

Seidel said that there will be a "Big Surprise" for all attending the meeting.

Student Christian Association Plans For Howells Mill Meet

Four Speakers Scheduled

The time is growing near for the Student Christian Association's spring Retreat program, scheduled for March 25-27. This year the Retreat will be held at Howells Mill at Ona, W. Va.

The theme will be "The World Series," and the speakers will emphasize taking time to develop a personal and meaningful relationship with God.

FOUR SPEAKERS SCHEDULED

The speakers for the Retreat will be the Reverend Griffith Callahan, Reverend Lyle Newman, Dr. Arthur Beckett and Dr. W. W. White.

Ruth Ann McCabe, Chairman of the Worship Committee, has announced the schedule which will begin Friday in devotions when they will discuss in groups how they can surrender their lives fully to Christ.

Saturday there will be early morning watch, in which they will meditate on the value of our lives and how the relationship with God can be improved.

Students Will Express Ideas

Saturday night there will be a Quaker meeting. This will be an opportunity for each person to give his own experiences or ideas

on a true Christian file. Sunday morning each will have his own meditation on the grounds of the camp. There will also be Sunday morning services.

The recreation will consist of six to ten side shows, ring events such as relay and shoe box races, hiking, softball, and talent and stunt night.

Typical American Meals

Meals for the retreat start Friday evening with a typical American meal; Hot dogs, chilli sauce, mustard, onions, and potato salad prepared and served out doors. The other meals will be more formal.

"This is a Student Christian Association activity, but we want to tell the campus about it and to extend to every student a warm welcome to join with us and to become a vital part of our experience," Mary Thornburg, president of the SCA, stated.

The purpose of the retreat is to help students to relax and regain a calm and purposeful attitude toward their tasks.

Woodpecker scalps, elephant tails, tobacco and beaver skins all have been used as money.

The Social Scene

The social side of the state basketball tournament has many highlights.

Thursday from 2 to 4 P. M. there will be a tour of the WSAZ radio and television station for visiting high school students.

A Breakfast Hop Friday, from 9:30 to 11 A. M. in the Student Union will give the high school visitors free coffee and doughnuts, radio interviews, and dancing to the music of a combo.

Campus Tours

A guided tour of the campus is scheduled from 10 A. M. to 12 P. M. Tours will originate at the Student Union and Greenhouse.

The President's Coffee Hour will feature a style show in the North Parlor of Old Main at 11 A. M. Friday. Parents, teachers, and interested students are invited.

Pi Kappa Sigma sorority will have an open house from 4:30 to 5:30 P. M. Friday, at 1661 Fifth Avenue especially for high school students.

Free Dance At Union

The same evening from 8 to 11 P. M. there will be a free dance in the Student Union with Howard Jennings orchestra.

Saturday morning from 9:30 to 11 A. M. there will be the same line of entertainment as Friday morning... free coffee and doughnuts, radio interviews, and dancing.

The WSAZ tours will be from 11 A. M. to 5 P. M. Saturday.

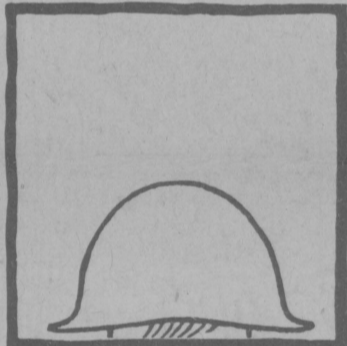

The Blue Mountain Blast of Sigma Phi Epsilon fraternity will be Saturday from 9 P. M. to 1 A. M. at the Cabaret Room in Camden Park. C Minor and her orchestra will play for the costume dance.

KAPPA DELTA CHI PARTY

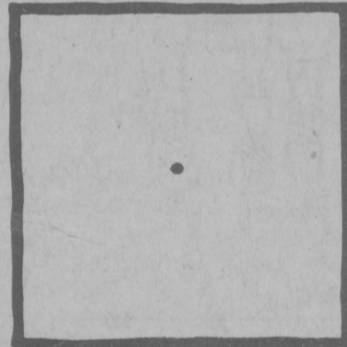

Kappa Delta Chi, honorary religious fraternity, will present a party Saturday, March 19 at 8 P. M. in the First Presbyterian Church. All members, pledges and those interested in joining should attend.

Chaperons will be, Dr. Jennings, Dr. Hess, Mr. Gangi, Mr. McAvoy and Miss Donna Rooney, director of Christian education at the First Presbyterian Church.

STOP HERE FOR LUCKY DROODLES!

END VIEW OF THOUSAND MILES OF VERY STRAIGHT WIRE
Oswaldo Bacchetta
Southern Illinois University

WHAT'S THIS?

For solution see paragraph below.

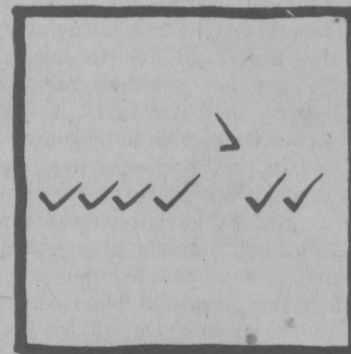

YOU'LL GET A BANG out of the Droodle above. The title is: Daredevil enjoying better-tasting Lucky just before being shot from cannon. Luckies are going great guns everywhere. The reason for their booming popularity is simply this: Luckies give you better taste. They taste better, first of all, because Lucky Strike means fine tobacco. Then, that tobacco is *toasted* to taste better. "It's Toasted"—the famous Lucky Strike process—tones up Luckies' light, mild, good-tasting tobacco to make it taste even better... cleaner, fresher, smoother. Enjoy yourself when you smoke. Have a little fun. Light up the better-tasting cigarette... Lucky Strike.

DROODLES, Copyright 1953 by Roger Price

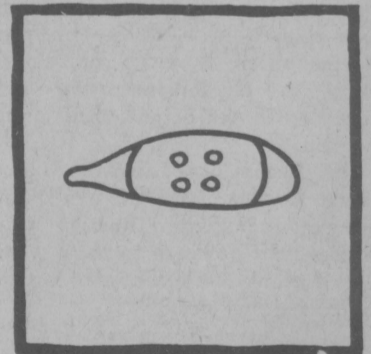

COLLEGE SMOKERS PREFER LUCKIES!

Luckies lead all other brands in colleges—and by a wide margin—according to an exhaustive, coast-to-coast college survey. The No. 1 reason: Luckies taste better.

NET SQUAD CAPTAIN Lynn Buskirk is pictured displaying a fore-hand shot in practice sessions on the campus courts. Buskirk is one of two returning lettermen that Tennis coach Lannie Brisbin will have on hand when the Big Green netters open their season next Saturday against Michigan State. Buskirk, a senior, was appointed captain of the squad by Brisbin. This season, Buskirk will be playing either the number two or three position. Last season Buskirk played number three on the net squad.

50 New Cage Records Set In Mid-American Conference

Oxford, Ohio, March 15 — Six new Mid-American Conference basketball records today were credited to Dick Howard, Western Reserve's 1955 conference scoring champ, in the final season tabulation of MAC statistics.

In all, twenty miscellaneous new MAC records were noted, some of them attributed either to the bonus free throw rule or the fact that all teams played 14 conference games for the first time this year.

Howard's 355 points in conference play replaced the mark of 352 set last year by Walt Walowac of Marshall. Along with this came four other records for conference play only: 178 free throw attempts and 135 free throws made for one season; a career (four-year) average of 20.99 points a game and total of 965. Howard also set an "all-games" record of 191 free throws for the seasons though he was six shy of the "all games" attempt record, 254, set last year by Al Bianchi, Bowling Green.

Dan Potopsky, Kent State, scoring runner-up with 327 points, set a new conference-play field goal accuracy record of .483 (115 of 238) to replace the .464 mark set by Dick Walls of Miami two years ago. Sinking 97 of 143 free throws, he followed Howard in also breaking Walowac's old free throw records of 94 made and 140 attempted.

Other new marks for conference play only:

Individual rebounds: Total 359

FACULTY TO JUDGE

Three members of the music faculty will be judges at two festivals in Virginia, Saturday, March 19.

R. Wayne Hugoboom, associate professor of music, and Leo Imperi, instructor of music, will judge at the Virginia State Choral Festival, at Roanoke.

Dr. C. L. Kingsbury, head of the music department, will be one of three judges at the Virginia State Bank Festival in Richmond.

'David & Goliath' Combo Mark Spring Grid Drills

WAA Intramurals

By SUZANNE HENSLEY

Betty Plott, Huntington senior, and Donna Lawson, Chesapeake sophomore, met Betty Squire, Huntington junior, and Jacqueline Spaulding, Huntington sophomore, in the finals of the handball doubles tournament. The results were not known at press time.

Women's Athletic Association will meet Monday, March 21, at 3 P. M. in the club room. Several matters of importance to all members will be discussed, according to Miss Louise Mc-Donough, associate professor of physical education, and club adviser.

Aerial dart game schedules will be posted the first of next week. So far, eight teams are registered to participate.

All teams must have two practices to be eligible to play. Only one practice will be permitted each day.

Other teams wishing to enter the aerial dart competition should see Sally Cyrus, Huntington graduate, as soon as possible.

Marshall College has one of the largest and smallest football players in the Mid-American Conference now taking part in spring grid drills. The biggest Big Green player is 259 pound Ted D'Alesio who outweighs diminutive Johnny Allman by a full 130 pounds!

D'Alesio came to Marshall from Youngstown, Ohio, when Pete Pederson was at the head of the Marshall football forces. During the days of two platoon ball, Ted was a defensive player only.

Last season, he blossomed into a two-way star.

The Youngstown boy had to drop out of school one year because of difficulty in class work, but returned last year to make a "B" average. After his playing days are over with the Big Green he would like to play in the pro ranks.

Intramurals - -

By ART KEYSER

Intramural basketball shooting is now in progress with 153 contestants having competed thus far. John Sheils, Huntington sophomore, is leading the activity to date with 25 points out of a possible 34. According to Swede Gullickson, Intramural Director, there has never been a perfect score in this sport.

Aerial darts get under way next Monday when the Cavaliers meet the Rinky Dinks at 6 P. M. at the Athletic Building. The following night at 6 P. M. the S.P.E.'s meet the S.A.E.'s; the K.A.'s meet the A.S.P.'s at 6:45 P. M.; the T.K.E.'s meet the P.K.A.'s at 7:30 P. M. and at 8:15 P. M. the Varsity M meets the winner of the Cavaliers-Rinky Dink match.

Eighteen sports will crowd Swede's spring agenda. Some are already in progress while others will begin as soon as weather permits. Softball, softball throw for distance, hardball throw for distance, track and field, rod and reel fly casting, rod and reel plug casting, badminton singles, badminton, badminton singles, badminton doubles, aerial darts, water polo, swimming, handball singles, handball doubles, handball mixed doubles, archery, miniature golf and a bicycle marathon will usher in the spring program.

The little state of Liechtenstein, between Switzerland and Austria, has been a sovereign state since 1342, says the National Geographic Society.

THE "MIGHTY MITE" of the Marshall team is Johnny Allman of Logan who hopes to make the team on his punt return ability. John would be a little too small for the rough conference play on defense, but would be dangerous on returns. The Logan boy is not only the smallest man on the Marshall team, but the fastest as well. He runs the 100-yard dash in ten seconds flat.

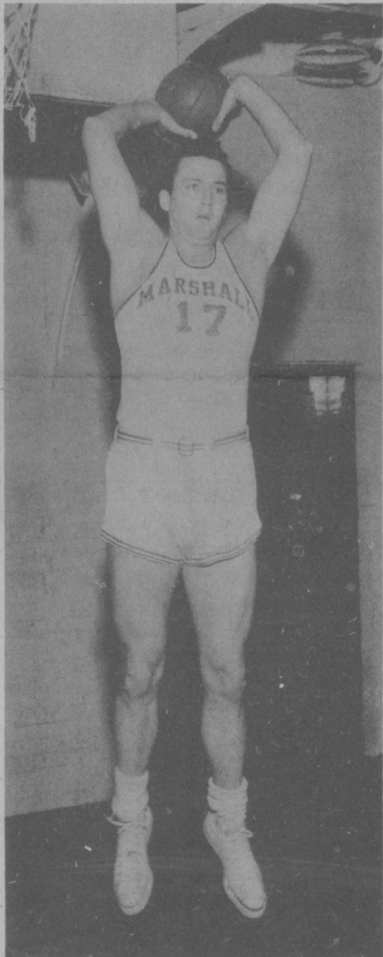

In September, Allman tried to come out for the freshman team but Coach Herb Royer bucked because of his size. So John took over the position as one of the team managers.

Each day Allman would pick up a loose piece of gear until he had gathered a complete uniform. When his outfit was complete he showed up for practice without anyone knowing that he was in camp, and little John has been around ever since.

TRAINER Ed Prelaz remarked one time that there was less danger of Allman getting hurt than most people would imagine. He credits the fact to Allman's ability to handle himself. His build is unusually solid for a man of his weight.

John is of Mexican parents and speaks Spanish fluently. D'Alesio is of Italian descent. Although they differ greatly in size the pair has a lot in common. They both are of catholic faith, both are majoring in physical education, and the families of both came from foreign lands.

In spite of size, both boys will give the Marshall team a boost in trying to better its 1954 record of four wins and five setbacks.

MR. REBOUND
Charlie Slack
(See Story On Left)

and average of 25.6 per game, Charlie Slack, Marshall, setting a new mark for third year.

Team free throw attempts: 549 by Kent State (old record 470 by Kent, 1954).

Team free throws made: 374 by Kent State (old record 298 by Bowling Green, 1954).

Team free throw accuracy: .735 by Western Michigan (old record .705 by Reserve, 1954).

TEAM scoring: 1153 by Marshall (old record 1086 by Bowling Green, 1954).

Team field goals: 451 by Marshall (old record 394 by Bowling Green, 1954).

Least Team Personals 15.5 per game by Marshall (old record 16.6 by Marshall, 1954).

New highs in over-all season performance by Mid-American members include the following new "all games" records:

Individual field goal accuracy: 475 by Charlie Slack, Marshall, with 153 of 322; old record .472 by Dave Robinson, Marshall, 1954 (averages of .535 for Bob Strawser, Ohio, and .509 for Alan Barkeley, Western Michigan, discounted because 100 field goals are required for record).

Individual rebounds: Total of 5.38 and average of 25.6 per game by Slack; old marks 466 and 22.1 by Slack, last year).

Team free throw accuracy: .745 by Western Michigan (old record .684 by Bowling Green, 1954).

Team field goal accuracy: .432 by Marshall (old record .413 by Toledo, 1954).

Marshall's Cebe Price was the only West Virginian named to the all - Mid - American Conference team. Price, a sophomore hails from South Charleston. He finished second in the conference in individual scoring with a 24.3 average per game.

College Astronomy Classes Will Study Heavenly Bodies

By NANCY WILLIAMS

From there the roof is reached by ladder-like stairs. Marshall has an answer to Mount Palomar. On the roof of the Science Building is a small fenced-in enclosure from which classes in the study of science and astronomy view the skies on clear nights, using either a two-inch or a three-inch refractor telescope.

Study Constellations

According to Dr. Clayton Darlington, professor of science, his classes in Science 109, when studying astronomy, search the skies for different characteristics of the planets, such as Jupiter's four moons, and phases of Venus, and Saturn's rings. They also study movements of various constellations and the moon's craters and mountains.

"Everytime you look into the sky, you realize what a perfect time-piece our solar system is," says Glenn Miller, Huntington junior.

The observation platform is reached by the stairways at either end of the building and by the elevators which go up to the attic.

Robert Tweel, Huntington senior, replied thoughtfully, "Every time I look at the sky I realize how small man is, and I realize more than ever that we are governed by the laws of nature."

Classes Number 32

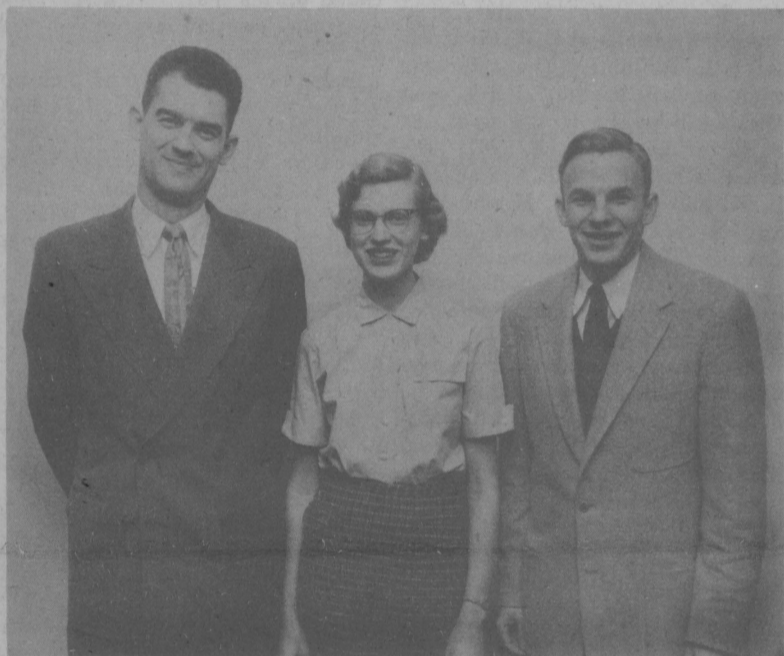

Dr. Darlington's classes usually consist of thirty-two students. Each class goes up to the platform about four times during the course of a semester.

The main difficulty encountered by Dr. Darlington in scheduling these observation meetings is determining far enough ahead of time when there will be a clear night. He says that there is no definite way to foretell it. Often he asks the weather bureau, but even this proves inaccurate at times because the sky may be clear at 7 and cloudy at 8 P. M.

Dr. Darlington sums it up saying, "Looking into the solar system ought to make man feel big because he is the astronomer of the universe."

"THERE GOES HALLEY'S COMET!" Students in Dr. Darlington's Science 109 class journey up to the observation platform on top of the Science Building to view the solar system about four times during a semester. In the background, light from the C. & O. Building on Fourth Avenue can be seen.

THREE STUDENTS were recently pledged by Pi Omega Pi, national honorary society for business education students, in ceremonies held in the Honor Council Room. New pledges from left to right are: Homer Hall, Margaret Lindsay, and Ralph Rowlette.

Meet The Presidents

Tom Damron, Williamson junior, is this year's president of Eta Mu Pi, national honorary retailing fraternity.

Damron is a 1952 graduate of Williamson High School where he was a member of the Varsity Club, the Distributive Education Club, the Dramatic Club, and the Masque and Gavel Club.

He was also a member of the Thespian Club, the Hi-Y, the Junior Rotarian, and De Molay, a junior masonic organization.

Damron's hobby is model railroading. He has a big collection of trains and accessories.

TOM DAMRON

SENIOR NOTICE

Percy Galloway, manager of the book store, says that he wants to remind graduating seniors that they may obtain their caps and gowns during the week beginning

Monday, March 28.

There will be a \$2.50 rental fee and a \$10 deposit, which will be refunded when the caps and gowns are returned.

Campus Briefs

ROBE PLEDGES FIVE

Five men were pledged by Robe, men's honorary organization, at a meeting last week in the Honor Council Room.

Those pledged were: David Straley, Baileysville senior, Everett Roush, Charleston junior, Ronald Keaton, Hinton junior, Estil Brumfield, Logan junior, and Milton Crews, Beckley junior.

GERMAN CLUB

The German Club will meet Tuesday, March 22 at 7:30 P. M. in the new Student Union club room, according to James T. Woelfel, club president.

There will be a panel discussion on German Rearmament with club members and guests.

ALPHA XI AWARDS

Alpha Xi Delta social sorority presented its pledge class awards last Sunday at a banquet at the Frederick Hotel.

Sara Boggess, Huntington freshman, received the scholarship award with a 4. average. Barbara Miller, Huntington freshman, received the model pledge award.

PI KAPPA SIGMA

Joan Hyldoft, Huntington unclassified, was recently elected president of the pledge class of Pi Kappa Sigma social sorority.

Other officers chosen were: Dorothy Hurst, War freshman, vice president; and Sandra Snyder, Whitesville sophomore, secretary-treasurer.

Mars Club Presents Style Show Monday

The Mars Club will present their annual style show for this semester in the Old Main auditorium Monday, March 21, at 8:15 P. M.

Students who will model for the show are: Jim Baylor, Huntington junior; Jerry Meador, Beckley sophomore; Henry Hawkins, South Charleston junior; Larry George, Beckley sophomore; Jimmy Porter, Branchland junior.

John C. Ray, Kenova junior; Tommy Williams, Spencer junior; Robert Miller, Huntington junior; Ronald Morgan, Welch junior; Kenneth Martin, Glasgow junior.

Janis Smith, Huntington freshman; Doris McLane, Clay junior; Sara Hammond, Williamson freshman; Betty Johnson, East Bank junior; Sarah Mandeville, Clarksburg sophomore; Francis Curry, sophomore.

Judith Moberly, Huntington sophomore; Louise Priest, Charleston freshman; Peggy Cogar, Belle freshman; Judie Kennedy, Huntington sophomore; Sara Boggess, Huntington freshman; Patricia Yeager, Pt. Pleasant sophomore.

Anna Meador, West Union junior; Linda Tooley, Huntington junior; Joan Gregory, Charleston freshman; Carol Peters, Huntington sophomore; Pamela Meadows, Huntington freshman; Susan Greenlee; and Pat Lyons.

An amateur uranium prospectors' club is now being formed in the East, composed entirely of women.

Fraternity Initiates 11 New Members

Pi Kappa Alpha, social fraternity, recently initiated eleven men into its active organization, according to Mello Cotton, Mount Gay senior and group president.

Those initiated were: Cebe Price, South Charleston sophomore; Glen Ryburn, Northfork freshman; John Hamer, Kenova sophomore; James Jackson, Logan freshman; James Craig, Richwood sophomore; Jerry Snow, Oak Hill junior; Joe Chandler, Charleston sophomore; Joe Carter, Summersville sophomore; Udy Stover, Mount Hope sophomore; William Seacrist, Belle junior; and Mark Gillimater, Crumpler sophomore.

Beauty Secrets of the Powers Models

Color. It's often the difference between a pretty woman and a plain one. A glowing complexion. A twist of color in a scarf at the neckline, an unexpected flash of color in gloves or shoes.

Basis for a radiant skin is, of course, good health coupled with consistent skin care. But color that is subtle and yet turns heads for a second look is achieved by skillful use of foundation, powder, rouge and eyeshadow.

First step in achieving the right cosmetic shades for your skin is to stop in to our cosmetic department and let the John Robert Powers expert Cosmeticscope your skin. There's no charge, of course, and it takes the guesswork out of buying cosmetics. The scientific Cosmeticscope is a machine that reveals the true complementary — and complimentary color of your skin... the color that's really yours!

Budgeting, whether your job is in an office or at home, takes skill. You can't afford to experiment with cosmetics, from standpoint of either money or good looks. The Cosmeticscope will color-analyze your skin, show you just what shades you should buy. It's just good, sound commonsense to have it done soon.

Once you've learned the right shades of make-up for your particular coloring, use them consistently. It's poor economy to finish up the last bit of an orange lipstick that's all wrong for you just because it's around the house. Discard your old cosmetics and use your new ones all the way through.

And color is, of course, the crucial element in complexion beauty. Not artificial but natural color—your own true skin-shade. How can you discover it? You can't but the Cosmeticscope can. Come in to our Cosmetic counter and let our Powers expert reveal the scientific wonders of the Cosmeticscope to you. (And, she'll have John Robert Powers mail you the fascinating booklet, "Beauty Secrets of the Powers Models", if you just give her your name and address. There's no charge!) Let us discover your very own skin-tone. Then when you start using Powers Fluid Foundation, in the one color that is right for you, you'll find the thrill of discovery in your new beauty. The Powers Fluid Foundation, \$1.25 plus tax. Remember, the Cosmeticscoping is free!
