**HANG PROHIBITION**—This gallows, which was erected early this week in front of the Student Union to promote the current College Theatre production, was the object of considerable attention early Tuesday morning. Sometime during the night an unidentified person or persons strung up a broomstick dummy with a sign attached reading, "Lillian Prohibition." Two other signs attached to the post read, "Hang Prohibition, Let Us Keep Our Rights," and "Hail The 21st Amendment." The action followed on the heels of a letter by President Smith addressed to all fraternity presidents threatening a crack-down on the drinking of alcoholic beverages at fraternity and sorority dances.

## An Editorial

### It Could Have Been Avoided

Periodically members of the administration and faculty meet to rehash certain issues that have been plaguing the campus for many years. Each time they seem to arrive at the conclusion that a rule is being violated and that a change must come. But with the passage of time, the violation and change is forgotten and nothing is done.

Not so this time, for they issued a statement Monday saying that the conduct at off-campus affairs must change immediately. This sudden statement and the retaliating broomstick hanging by unidentified members of the student body has finally succeeded in causing disorganization at a time when reasoning and cooperation should prevail.

The old problem of drinking alcoholic beverages at social functions has finally reached and passed the point of no return. Last week the faculty advisers committee, composed of advisers of the seven social fraternities, met long enough to dig into the dust-covered files of old rules concerning drinking and conduct at off-campus social functions.

The committee, knowing that the seldom-enforced rules were in existence, decided that the enforcement of said rules should start then and there, and woe be he who is a violator. Had this happened, and had the committee decided to form a proposed "three-man" investigating team, one social organization might have become the first goat of the committee.

The committee was right in saying that laws were being violated and that this should stop, but they seem to be viewing the problem with only one eye open. It would be asinine for us to say that liquor should be allowed at social functions, yet we feel we have a right to defend anyone who might be on the verge of becoming Example Number 1 for the Let's Stop The Drinking Movement.

If these rules had been enforced from the day they were enacted and had the organizations been given fair warning, we would condone any action taken for the violation of such rules.

In many ways this local "drinking problem" coincides with the resistance that the Southerners are displaying toward the Supreme Court for its decision of May 17, 1954. Anyone who has given careful consideration to these two problems should know that to allow either is a violation of a law.

The Supreme Court ruled segregation illegal, yet it has been in existence for so long that an immediate change is neither possible or feasible. The campus "drinking problem," like segregation, can be solved, but it will take time and cooperation from all who are involved.

We expect that every effort will be made to keep the publicity, that is coming from the actions of the administration and the retaliations of the students, to a minimum. Now that the story has reached the open market, many people will be watching to see how the situation is handled.

President Smith stated that a committee, composed of approximately 30 students and 15 faculty members, would be formed to "investigate reports about the use of alcoholic beverages and the wearing of scanty attire at fraternity dances." A month or so ago, when this problem first came up, Dr. Smith informed us that a committee, such as the aforementioned one, would be appointed to study the "drinking problem."

This incident was hushed to some extent and the problem and committee were soon forgotten. Now, a month or so later, the same proposal is in the air. Much of this latest ruckus and bad publicity might have been avoided had such a committee been formed.

Even though we, the student body, have violated these laws, all of the blame cannot be placed upon our shoulders. Others have also failed.

COMMERCIAL PTG. AND LITH. CO.

It Happened At . .

The "Indiana Statesman," weekly paper at Indiana State Teachers College, has advanced a theory on what constitutes a college man and a college woman, as suggested by the American Collegiate Press.

Breakdown on the fairer sex is:

Accepted Atomic Weight: 120 lbs. (conservative estimate.)

Physical Properties: Boils at nothing and freezes at any minute; melts when properly treated; very bitter if not well used.

Occurrence: Found wherever man exists.

Chemical Properties: Possesses great affinity for gold, silver, platinum and precious stones. Violent reaction if left alone. Able to absorb great amounts of food matter. Turns green when placed beside a better-looking specimen.

Uses: Highly ornamental; useful as a tonic in acceleration of low spirits, and an equalizer of the distribution of wealth. Is probably the most effective income-reducing agent known.

Caution: Highly explosive in inexperienced hands.

The Statesman's description of a college man is as follows:

"A college boy is laziness with peach-fuzz on its face, idiocy with lanolin on its hair, and the "Hope of the Future" with an overdrawn bank book in its pocket.

"A college boy is a composite . . . he has the energy of a Rip Van Winkle, the shyness of a Mr. Peepers, the imagination of Bill Sykes, the aspirations of a Casanova, and when he wants something, it is usually money.

"He likes good liquor, bad liquor, cancelled classes, float hours in the Grill, Playtex ads, and girls on Co-Ed Weekend. He is not much for hopeful mothers, irate fathers, sharp-eyed ushers, campus policemen, alarm clocks, or letters from the dean."

"A college boy is a magical creature — you can lock him out of your heart but not out of your bank account. You can get him off your mind, but you can't get him off your expense account.

"He is a no-account, girl-chasing bundle of worry. But when you come home at night with only the shattered pieces of hopes and dreams, he can make them seem mighty insignificant with four magic words: "I flunked out, Dad!"

# College Social Activities Limited In Grandma's Day

.... By SUZANNE HENSLEY ....

Did Grandma have it better than the dormitory residents of today? A recent peek into some of the older college catalogues brought some interesting rules to light.

These rules appeared in the 1876-77 catalogue: "Ample croquet grounds and daily walks, under the supervision of lady teachers, furnish opportunities for the exercise and the recreation of female pupils while living in the dormitory."

Due to limited housing in 1876-77 all students were housed for a while in College Hall. Here are some rules for that year to cover this situation: "Gentlemen are not to visit ladies' rooms, or ladies the rooms of gentlemen, for any purpose whatever."

"Ladies and gentlemen are not to walk or ride out together, without special permission."

For entrance to normal school, which was Marshall College as a baby, a female must not be less than 13 and a male had to be at least 15 years old. Compulsory chapel attendance on Tuesdays and Thursdays was also required.

1897-98 found this rule on the books: "If parents send sweets to the female pupils, then a box of medicine and full directions of dosage should accompany it, in case the females gorge themselves."

To keep the young men happy, this rule was given to them in 1903: "Use of tobacco in any form on the school ground, frequenting saloons or drinking, in or off the grounds, in the city or out of it, could lead to your withdrawal or suspension immediately."

It was also noted that "Buggy riding with a gentleman or a loud woman could cause unsavory gossip about a young woman's reputation." As an added feature of 1903: "No

student is expected to leave the school grounds before his recitations for the day are over unless accompanied by some teacher."

Limits on callers was set in 1902. The rule states that "Ladies do not receive callers. However, every Saturday evening the dorm is open to young men, who have been invited by teachers for a social hour from 8 to 10 P. M. A young woman can request that any particular young man be asked. Sitting in the corner in two's is not allowed, one must help entertain all callers."

The faculty made this statement regarding this time limit on calling: "This we regard as calling enough for any school girl."

In 1906 this one was added. "No overnight permission will be given. The officials, who know the city and its people, feel that daytime is time enough for city calls." As to campus calling, this rule: "Calling on the young ladies of the Hall is permitted when and to whom the Hall matron sees proper, and she is a most reasonable lady."

These study rules were set up in 1911. Study hours were from 2 to 4 P. M. daily and 7 (7:30 in late spring) to 9:45 P. M.—during which time no visiting was permitted. "This," the officials felt, "is essential to good studying."

Thus go the rules of yesterday.

## GRADUATING SENIORS

Orders for graduation announcements and calling cards are now being taken, according to Don Morris, manager of the Student Union.

All seniors and graduating students may place their order in Morris's office which is located in the downstairs of the Student Union. "Orders may be placed until April 27," Morris said.

ANITA SHAHAN, Grafton freshman, was elected Queen of the Grafton Centennial Celebration, over 32 other candidates. She will be crowned May 30 and will reign over the week-long festivities. Two other Marshall students were chosen to attend Miss Shahhan as princesses at the celebration. They are Mary McKinney and Sandra Courtney, Grafton freshmen.

## Forensics Tryouts For Speech Meet Begin March 27

Contests to choose representatives for the State Inter-collegiate Forensics Tournament will be conducted Tuesday, March 27, by Ben W. Hope, associate professor of speech.

Positions in the divisions of oratory and extemporé speaking are open, and winners will be selected by Professor Hope, in individual tryouts arranged to suit students' schedules.

Winners in Tuesday's contests will participate in the Province of the Lakes Pi Kappa Delta meet at Grove City, Pa., April 9-11 in addition to the state tournament.

Members of the debate team will take part in the debate divisions of both meets.

## Pi Kappa Alpha Solicitations Ruled Legal By Student Court

The Student Court ruled last week that Pi Kappa Alpha fraternity's action in soliciting money in support of their candidate for the "Ugly Man" contest was legal and not contrary to any ruling.

The decision was the result of an appeal by Bill Seidel, Pittsburgh senior; John Corns, South Charleston sophomore; and Dave Dunlap, Huntington senior; charging that the fraternity solicited funds in downtown Huntington.

The court found that there is no ruling, either by the college or the Student Government, prohibiting the action of Pi Kappa Alpha fraternity.

Upon the request of President Stewart H. Smith, the Student Court made the following motion in special session, "That the Court refer to the Student Senate the matter of establishing a ruling on organizations soliciting in town."

In other action during the Student Court session, the Newman Club appealed the Student Senate action in imposing a fine for faculty petitions.

The Court decided that since there was a clear violation of the law by the Newman Club, the Senate's action on the matter was legal.

It is stated in the Official Constitution of the Student Government that, "The Senate shall have power to: determine offenses against the Student Body, categorizing each offense, and fixing maximum penalties and punishments for each category, and when it shall be deemed proper, fixing specific punishments for particular kinds of offenses."

Last year, the Senate accepted the following recommendation: "That each organization turning in a late petition (as in the case of the Newman Club) or failing to turn in a petition at all, be fined 25% of their profit but not less than \$10."

The profit will be determined by a financial report turned in after the illegal event. Failure to turn in such a report and/or failure to pay the fine will prohibit that organization from having further paid social events during that year. This is not to be retroactive."

In the March 8 session this year, the Senate accepted a report and motion to the effect that instead of recognizing the acceptance of a report as acceptance of its content, the acceptance of a report will be an "... agreement upon its insertion into the minutes, no more."

For any action to be taken, the content of the report must be enacted by the Senate in the form of a bill, motion, resolution, or "recommendation."

# Rinky Dinks Roll Over Pi K A's For Cage Title

## Maynard Nets 28 To Pace Champs

By STEVE POSTI

(PARTHENON SPORTS EDITOR)

A highly-touted Rinky Dink team snared the intramural basketball championship Tuesday night at the college gymnasium by rolling over Pi Kappa Alpha's Lockers 69-43. Masil Maynard paced the Rinky Dinks to their 26 point margin win over the Pikes by tossing in 28 points to capture top scoring honors for the night.

The Rinky Dinks — a majority of them former Logan High cage players — opened fire early on the PiKA's and scored 11 points before their opponents could mark up a single point. The Lockers rallied at the end of the first quarter to cut the Rinky Dinks lead to only 4 points, 15-11.

The strong independent contingent continued to build their lead in the second quarter and added 5 additional points to their 4 point lead and at the end of the first half they lead 29-20.

The final half of action found the Rinky Dinks breaking loose with all they had and outscored the Pikes 40-23 to walk off with the triumph.

Three other Rinky Dinks broke into the double-figure scoring with center Marion Brown marking up 13 points, Larry Tyree 12 and Don Adams 10. Arvel Trent, the remaining starter for the Rinky Dinks, netted 6 to round out the scoring.

Bill Seacrist and Ken Brooks paced the Pikes scoring attack with 12 and 11 points respectively. Ron Keaton trailed behind with eight.

The champions moved into the finals of the tourney by copping wins over the Varsity "M", Faculty and ROTC No. 4. The win

## Morris Spot Shooting Champ; Intramural Track Meet Set

Dubby Morris, an independent, won the spot shooting contest, scoring 24 out of a possible 34 points. Bob Cole came in second with 23 out of 34. Kirk and

over ROTC was a season's high 128-46 score.

The Pikes moved into the finals against the Rinky Dinks by first defeating Sigma Phi Epsilon No. 2 and then bumping off top-seeded Sigma Phi Epsilon No. 1 and finally taking a win over one of their own squads, Pi Kappa Alpha Klupes.

Following the championship tilt, President Stewart H. Smith presented the winners with their championship medals.

Daugherty tied for third place with 22 out of 34.

On Wednesday, April 11, the intramural track and field contest will be staged at Fairfield Stadium beginning at 3:30.

The following intramural sports are now posted in the Student Union; cribbage, pinochle, tennis (mixed doubles), croquet doubles, and horseshoe doubles.

Aerial Darts will begin tonight in the gym. Tonight's schedule is as follows: 7:00—Alpha Sigma Phi vs. Tau Kappa Epsilon; 7:45—Sigma Alpha Epsilon vs. Lambda Chi Alpha; 8:30—Cavaliers vs. Rinky Dinks; 9:15—Varsity M vs. Rascals; 9:45—Kappa Alpha vs. Pi Kappa Alpha.

# Women's Journalism Society Celebrates Silver Anniversary

By PATRICIA TALBERT

Fourth Estate, women's journalism honorary society, will celebrate its 25th year this spring.

"To recognize and encourage women in the field of journalism is the basis of the Fourth Estate," said Virginia Lee, assistant professor of journalism and founder of the organization.

The eleven charter members of twenty-five years ago, set up two precedents. One being that there will be no speech at the annual spring initiation banquet and two that awards will be presented at the banquet. One to the member who has written the most outstanding story and an award to the member who has worked most consistently in the field of journalism.

Four well known alumnae in Huntington are Estelle Belanger, city editor of the Herald-Advertiser, Dorothy Buzek, reporter for the Advertiser, Ruth Napier, society editor of the Herald Dispatch, and Margaret Neff, society editor for the Herald-Advertiser.

Gay Pauley, feature writer for the United Press, and Sharon Workman, a reporter for Life Magazine are also among the notable alumnae of Fourth Estate.

"Perhaps the most worth-while project of Fourth Estate was carried on during the war," said Professor Lee. "The members would meet every Friday afternoon and mail over 400 Parthenons to service men."

A homecoming for Fourth Estate Alumnae is being planned

MISS VIRGINIA LEE, assistant professor of journalism, is celebrating her 25th year as faculty adviser to Fourth Estate, women's journalism honorary. Miss Lee founded the local organization in May, 1931.

New pledges of the organization are: Marjorie Cappellari, Point Pleasant sophomore; Pat Cooper, Laverne Logan, Jeanne McClelland, and Geneva Scott, Huntington sophomores; Pat Friend, Ivydale junior; Betty Frame, Birch River sophomore; and Eugenia Damron, Barboursville, sophomore.

## JOB INTERVIEWS

Job interviews will be conducted in the Dean of Men's office Tuesday, March 27, and extended through March 29.

Companies and majors desired are: March 27, Kroger Company, Business Administration, Economics, and Political Science; March 28, Standard Oil, all majors; and March 29, Life Insurance Agency, Business Administration.

## A Unique Experience . . . Talented Mother, Daughter Share Room In Dormitory

By PAT FRIEND

Often women college students wish it were possible for their mothers to be on hand to share their college experiences, but for Betty Minter, Beckley junior, this wishful thinking has become a reality.

Miss Minter's room-mate, Mrs. Basil Minter, is also her mother, who in addition to attending college, is a songwriter, poetess, teacher, social worker, and entertainer.

Mrs. Minter is currently doing graduate work toward an M.A. in guidance and counseling, while Miss Minter is majoring in speech and English.

As a songwriter, Mrs. Minter, has composed eight songs and owns copyrights on six. She has written many types of songs, among them, folk, hymns, spirituals, waltz and "pop". One of her most successful tunes is "I'm Going to Write My Baby a Letter" which was recorded by RCA Victor. Both words and music are written by Mrs. Minter.

Mrs. Minter has first hand knowledge of the composing of top hits. She relates that her family had as a visitor last summer Ben Rowley, a well known song publisher, and author of such hits as "Laughing on the Outside, Crying on the Inside," "Faith Can Move Mountains" and many other top tunes. While there, Rowley happened to go to the Beckley 4-H Lake where he observed a number of teen-aged girls dancing in dungarees, and according to Mrs. Minter, the idea for a song was born. His composition, "Dungaree Doll," is now a popular favorite.

In the past Mrs. Minter has taught Home Economics in Logan and Raleigh counties, and also at Alderson, federal reformatory for women. After resigning her position at Alderson she spent five years doing social work during which time she organized and served as president of the Raleigh County Crippled Children's Society. Following that she organized the Raleigh County Cancer Society and is currently on leave of absence from her position as Director of the Raleigh County Cancer Center in Beckley.

Approximately five years ago, Mrs. Minter and Miss Minter began performing together before various clubs and organizations. The act had its beginning when Mrs. Minter began to be in demand as a speaker and later as entertainer before Beckley groups. When Miss Minter became interested in the act, Mrs. Minter organized a group of teenagers and appeared with them doing monologues, dance routines, and musical numbers. The act was broken up when Miss Minter received a talent scholarship to Intermont Junior College in Bristol, Virginia, in 1953.

While at Intermont, Miss Minter played the lead in the college's productions of "Ladies in Retirement," "Death of a Salesman," "Royal Occasion," and others. She also participated in numerous talent shows in Bristol. As student at Intermont, Miss Minter belonged to Delta Psi Omega, honorary dramatic fraternity.

Miss Minter plans for the future include entering medical school and eventually becoming a doctor.
