AGREEMENT

The Marshall Board of Governors (University) and The Marshall University Foundation, Inc. (Foundation) agree as follows:

1) The University will convey to the Foundation its parking lot fronting 300 feet on 5th Avenue, bordered by the Newman Center, 5th Avenue, Elm Street and 5 ½ alley containing approximately 60,000 sq ft. The Foundation will build a “Foundation building” which will contain space to house the Foundation, development office and alumni affairs. The Foundation will design and position the new building to ensure that it is compatible with University architecture.

2) The Foundation will pay the University $1,290,000 and convey to the University its Alumni Center parking lot and building on 5th Avenue containing approximately 27,000 sq ft., being 135 feet fronting 5th Avenue with a depth of 200 feet. Possession of the Alumni Center property will not be transferred to the University until the proposed new “Foundation building” is occupied by the Alumni Association. When the present Alumni building is vacated by the Alumni Association, the Foundation will demolish the present building and then transfer possession of this parcel to the University containing approximately 27,000 sq ft.

3) As a further consideration for the conveyance of the above properties the parties agree that the University will have immediate access to the $1,290,000, plus $915,912.56 in the Foundation’s President Athletic account for a total of $2,205,912.56 which will enable the University to purchase land
for a softball field. Any of the $2,205,912.56 not used to purchase the land may be used to design and construct a softball field.

The parties further agree that the Foundation will provide the University $294,087.44 to help finance the construction of the softball field.
