3. REPORT OF THE UNIVERSITY PRESIDENT:

Dr. Stickler reported for Dr. Angel that we are somewhat fortunate that the mid-year budget reduction was 1.4% instead of 2.9%; the 1.4% reduction was achieved because of the proactive position Marshall University personnel had taken. There is a lesson in this in that we should be proactive throughout the upcoming legislative session. The university has received good news in the fact that PEIA costs will not go up for employees or employers as the increased cost to the university last year was $660,000.

An open invitation to the president’s box at Edwards Stadium has been extended to the president of Faculty Senate and/or the faculty representative on the MU Board of Governors for each future game.

4. ACF REPORT:

Dr. Ben Miller expressed thanks to Drs. Wang and Stickler for attending the December 4, 2003 ACF meeting and pointing out the inconsistencies in its legislative agenda.

The ACF is working to have the governor acknowledge higher education award winning faculty during his state of the state address as he does for the public school’s teacher of the year.

The HEPC is concerned with the effectiveness of the teaching of science in public schools, especially the colleges’ K-12 teacher preparation, which a committee will be reviewing.

Dr. Miller attended a video conference conducted by the HEPC for the discussion of financial goals.
