**REPORT OF THE UNIVERSITY PRESIDENT:**

President Angel stated he had six items to discuss.

- The Chancellor’s office has been reviewing the compacts and master plans and will advise colleges/universities to take one of three actions: continue, revise or do over. It is Dr. Angel’s understanding that after the first review Marshall will fall in the third category and he would like to thank all those involved. *(Corrected per Jim Sottile at the April 26, 2001 FS meeting)*

- The new Chancellor will be on campus for the statewide faculty senate president’s meeting to be held on April 23rd.

- Housing/Parking decision made recently. This $48 million project will address the needs to provide more housing and parking for the university.

- Working hard toward the construction of the Science Technology Building which had, this past December, $25 million earmarked by Congress.

- Legislature is meeting in its last two weeks. What is going to happen? No one has a good handle on what is going to happen. Governor did not put any money in the budget for SB653 but he is in favor of higher education.

- An enhancement bill (SB703?) has been drafted to SB653. Half of the new bill is totally new language that revises SB653. It also deals with community and technical colleges in that they should be independently accredited.
