The meeting was called to order at 4:02 p.m. by President Dennison.

1. APPROVAL OF MINUTES:

Minutes from the November 19th meeting were approved as distributed.

2. ANNOUNCEMENTS:

Last month the issue of a consultant was discussed, and as a result thereof, the Executive
Committee met with Dr. Gilley and will take the following approaches:
1) Sharon Lord will do an informal consultation and make recommendations.
2) The Executive Committee will be considering the following two groups:

   • Caldwell Consulting, Inc. (Marietta, Georgia) This firm has experience in higher
     education.
   • Harbour Group, Inc. (Marietta, Georgia) This firm has no experience in higher
     education.

   Presidential action on Faculty Senate Recommendations of 11/19/98
   Both recommendations from 11/19/98 meeting were approved.

   Other
   Lisle Brown compiled a report entitled Faculty Liaison to the Graduate Council which
   was distributed to the senate. (A copy is on file in the senate office).

3. REPORT OF THE UNIVERSITY PRESIDENT:

Dr. Gilley reported the following:

The chancellor approved a letter of intent for a Ph.D. in psychology. Vice-President
Sarah Denman, Dean Joan Mead, and faculty of the psychology department are currently
working on a strategy for a complete proposal.
Dr. Jean Smith, the biographer of John Marshall, is joining MU faculty as of July 1, as
the first John Marshall Professor. He is completing a biography of U. S. Grant and is
starting on a biography of Franklin D. Roosevelt. He will be in the Political Science Department and the Drinko.
The Admissions policy passed by senate last month has been discussed with BOT and others. Jim Harless met with 72 high school counselors. Seventy-one were very enthusiastic about the policy and said it would be very helpful.
This afternoon the committee selected the bid for the building of 450 Garden Apartment Style Apartment Bids for the Doctors Memorial Hospital interviewed the two finalists. One of the finalist in lieu of rent for the land that they would build this 4 50 bid apartment complex has offered in lieu of an annual rent payment to build free for the university a parking garage between 400 and 500 cars to be located in a spot chosen by the university on campus. Since we are in the processing of planning a combined parking garage near the new art department building on 6th avenue beside the performing arts center this bid looks very positive.
A document which outlined a draft of the legislative goal for this year was distributed to senators and discussed by Dr. Gilley. (A copy is available in the senate office FYI). Resolution introduced from the legislative setting up a process for major review of WV Higher Education. Our system has been asked to put together a list of what we think are the most critical issues to be reviewed.
Prepare a list of the highest priority capital prices by the end of the second week in January. There is a prospect of a 100 or 200 million dollar bond issue supported not by higher education but by other resources of the state. Dr. Gilley has asked the ad hoc committee on the future to prepare a 100 million capital list in priority order to meet this request.
It looks as though it is a good possibility that legislative leadership is moving forward both on a major capital program as well as a new five year law in higher education. The president has appointed a 24 member ad hoc committee to study the future of MU. This has been done in preparation for this legislative bill that may be introduced next year so that we can identify issues to enable us to be more proactive, and to look at some longer term issues (how large should Marshall be [16,000, 12,000, or 20,000 students?], what kind of new programs do we need, how many students can this campus accommodate, how can we address the issues of quality in the longer term and also the shorter term for the next five year plan?).

4. DISCUSSION OF AFT ISSUES:

There was an informational session of the AFT presented to the senate by two guests. They were: 1) Judy Hale, President of the WV Federation of Teachers, and 2) Bob Brown, National Representative for AFT.

Judy Hale, President of the WV Federation of Teachers, expressed appreciation for the opportunity to speak to the senate. She informed the senate about the history and growth of the AFT as well as its organizing activities here at Marshall University.

Bob Brown, National Representative for AFT, also expressed sincere appreciation for the opportunity to speak to the senate. He talked about the history of AFT, its rapid growth, its mission, and the benefits it provides to all members. He also talked about what he thought the
union's relationship was to the senate; he said that it was not their desire to displace or replace the senate, but to work jointly with the senate on issues of mutual concern. He further reiterated that the senate and the AFT are separate entities with different roles and elaborated on each.

Freidin made a motion to appoint a faculty senate liaison for AFT. Abramson questioned the purpose of this motion. Freidin responded that the purpose would be 1) to become better informed about AFT issues, and 2) to express faculty concerns. Gross moved to postpone until January to for the opportunity to put forth in writing what the duties of this faculty senate liaison would be. MOTION PASSED (19 for / 14 against) to postpone until January.
