4. **STANDING COMMITTEE REPORTS:**

The liaisons that were present reported to-date on their respective committee; there was no report for the Academic Planning Committee or the Curriculum Committee.

5. **REPORT OF THE UNIVERSITY PRESIDENT:** Dr. Stephen Kopp
A refinancing of the 2001A bonds which provided funds to build the Harless Dining Hall, parking garage and residence halls should proceed the first of November. The university has received ratings from two agencies, Moody’s and Fitch; with both giving the university an A+ rating. Due to the current market, there could be a 3% savings on the overall bond issue.

He expressed gratitude to those who attended the October Campus Conversation where the topic of discussion was the university’s budget process.

There are four issues that he feels need further in-depth conversation to determine what the issues mean, how to proceed, and what the university can do about faculty supplemental pay, faculty release time, promotion increments, and faculty raises/the handling of the raise pool.

6. **REPORT OF THE PROVOST: Dr. Gayle Ormiston**

- The second Campus Conversation was held yesterday and the topic was related to technology in the classroom. There will be a follow-up in the spring.

- Campus Conversations will move to the college/department level.

- A Campus Conversation session is scheduled on the South Charleston campus in November.

- The preparation of the academic master plan is underway with course rotations and staffing for the 2011-12 year due in March 2011. He would like to prepare a four-year plan.

- He reminded everyone of the Student Resource Center’s open house scheduled for tomorrow from 12:00 p.m. to 2:00 p.m.

- He expressed appreciation to those who participated on the P&T Review Ad Hoc Committee and hoped that faculty had attended one of the town hall meetings held this week.

7. **BOARD OF GOVERNOR’S REPORT: Dr. Larry Stickler**

- The Board met in October at the Forensic Science Building and took a tour.
• Dr. Kopp reported on compliance with the Cleary Act; which is available online.

• Dr. Ormiston provided an update on the 2010 Compact; which was submitted on time.

• A discussion was held on issues that will have an effect on the university’s future budget: The loss of revenue when the MCTC moves off campus; the decrease in funding allocation from the state; and the termination of federal stimulus funds.

• The Board’s next meeting is scheduled for December 9, 2010.

• Most faculty should have received the temporary salary increase beginning with their October paycheck.

Dr. Kopp requested time to speak about another issue discussed at the BOG meeting – the OPEB (Other Post Employee Benefits) liability which is an unfunded liability created by the program that permits state employees to convert, upon retirement, their sick leave to payment of health insurance premiums. Currently it is computed to be an $8 billion liability to the state. Due to changes in accounting procedures this liability was transferred to the state entities which added a $4.5 million liability to the university’s budget and this figure will increase each year. There is no best practice on how to manage the liability which is shown on the audit as a large increase in the benefits column. He feels that the state should take responsibility for this liability.
