• DUE PROCESS - Students have the right to be treated in an impartial and judicious manner by the University, as provided for by law and University rules and regulations.

• PARTICIPATION - Students have the right to establish and elect a democratic student government, to organize and join student organizations, and to be selected or appointed as members of appropriately designated University committees, in accordance with University rules and regulations.

• REDRESS OF GRIEVANCES - Students have the right of access to copies of University rules and regulations directly affecting them and to petition for the redress of grievances, within the University’s grievance and appeal procedures. All of the above rights can be exercised only in accordance with University rules and regulations, federal, state and local laws.

Students charged with violating University regulations or standards are guaranteed to receive notification of charges, the outcome of hearings, the imposition of sanctions, and the routes of appeal. Marshall University pledges to uphold student’s rights guaranteed under the United States Constitution, Federal and State statutes.

JURISDICTION

Because the primary purpose of this Code is to support the protection and advancement of the University community’s educational interests, unacceptable conduct will be reviewed under the Code of Student Rights and Responsibilities. These behaviors can occur on or about University premises, at University-sponsored events, or at functions in which University-recognized student organizations are engaged. On or off-campus conduct issues may fall under the University’s jurisdiction and are subject to review under the Student Conduct System when the conduct of the student(s) is alleged to:

• Interfere with the Mission of the University
• Compromise the University’s integrity in the granting of degrees or other certification
• Threaten the health or safety of members of the campus community
• Interfere with the orderly operation of the University.

Complaints about students’ off-campus behavior will be considered on a case-by-case basis, following these guidelines stated above, to determine whether they merit review within the Student Conduct System.

Marshall University enjoys close and mutually supportive relationships with the communities in which its campuses are located and expects University students to abide by the laws of these communities. Marshall University acknowledges the right and duty of these communities to prosecute and hold accountable any person found in violation of their laws.

GROUP RESPONSIBILITY

The Code of Student Rights and Responsibilities applies to the behavior of recognized student organizations both on and off campus. Marshall University has established the following group responsibility policy to define organizations’ responsibility for the actions of their members. This policy pertains, but is not limited, to incidents involving hazing, discrimination, vandalism, theft, alcohol or substance abuse, dishonesty, disorderly conduct, violence, misuse of organization or University funds and any other violations of the Code of Student Rights and Responsibilities.

Upon registration or re-registration, or application for recognition, or application for recognition by the University, each student organization becomes responsible for acting in accordance with the provisions of the Code of Student Rights and Responsibilities, and all other applicable University and community policies and
standards. Official University action will be taken when the behavior of the members of a student organization violating is in violation of community standards and interferes either with the University’s educational purpose, or with its duty to protect individual health, welfare, and property.

Student organizations may be held responsible for the acts of individual members. The degree to which an organization is responsible for the activity of its members is not necessarily dependent upon the number of members engaging in the activity, but depends upon whether the activity is related to the organization as described in the following four categories; listed below, student organizations may be held responsible for the acts of individual members:

- When a member of an organization is violating local, state, or federal law or present, by failing to discourage such activity, or by clearly implicitly condoning the behavior;
- When the acts grow out of or are directly related to the student organization’s activities or an environment created by the organizations;
- When the acts are those of guests of an organization, or persons authorized to represent themselves as connected with the organization;
- When an organization places prospective members in a subordinated status prior to achieving full membership, or imposes any kind of probationary period prior to full membership, and hazing occurs.

In addition to the group being held culpable, members and officers may be cited and held responsible as individuals for their roles in any violations of the Code.

STUDENT BASED SYSTEM:

Marshall University has a student based system. This system is designed in such a way as to give students a major role in the formulation of basic policy concerning student conduct and in the adjudication of cases arising under those policies. Upon enrollment at the University, each student becomes responsible for acting in accordance with the provisions of the Code and all other applicable University and community standards. Official University action will be taken when a student’s behavior violates these standards and interferes either with the University’s educational purpose, or with its duty to protect health, welfare, and property. A student or organization suspected of misconduct may be referred by any member of the University community to the Office of Student Conduct. If there is sufficient evidence of a violation, the student will be given the opportunity to accept responsibility and have the case adjudicated informally by the Director of Student Conduct. Only an alternative, the student may request that the case be heard by either a hearing panel or an administrative hearing examiner. Regardless of the hearing option, in most cases, a student advocate will represent the University’s case, and the accused will have the right to student representation as well. Members of the Student Judiciary, including all student advocates, have studied and received extensive training regarding the procedures for University conduct hearings and the University Code.

JUDICIAL MEDIATION:

Mediation is a method of resolving disputes and conflicts as an alternative to the formal student conduct process. It is a voluntary process requiring the participation of a mediator who operates from an impartial base and whose primary role is to promote agreement. The purpose of mediation is not to judge guilt or innocence, but to help parties get to the root of their problems and to devise their own solutions. Compromise is at the heart of a successfully mediated dispute and the end result of a mediation session is that there are neither winners nor losers, but rather, it is hoped, generally satisfied individuals. If a satisfactory agreement cannot be reached through mediation, the complainant may refer the complaint to the Office of Student Conduct for student conduct action.
EMERGENCY AUTHORITY:
The president (or designee) may invoke the emergency authority to impose the sanction, among other things, of suspension to a group of students whose conduct is non-peaceful, disruptive, or constitutes a danger to health safety or property. The President (or designee) may invoke emergency authority to impose the sanction, among other things, of suspension to a student or group of students whose conduct is non-peaceful or is disruptive or constitutes a danger to health safety or property in this situation provided that a hearing is held within seventy-two (72) hours of the decision to suspend a student and is subject to a forty-eight (48) hour extension at the option of the student. Emergency dismissals from University Housing and/or emergency suspensions as well as revocations of computing privileges resulting from violations of the Code of Student Rights and Responsibilities will be handled in the same manner as emergency suspensions.

COMPLAINTS:
Any member of the University community may refer a student or student organization suspected of violating the Code of Student Rights and Responsibilities to the Office of Student Conduct. Complainants and other persons making student conduct referrals are expected to cooperate with the Office of Student Conduct to provide all information relevant to handling and deciding the case. Complaints must be filed within twenty-one (21) days of the alleged violation, or within twenty-one (21) days from the date the complainant became aware of the violation. The Director of Student Conduct in consultation with the Dean of Student Affairs and the President may waive this requirement in appropriate circumstances. Students and employees who witness violations of the Code of Conduct are expected to cooperate in campus judicial proceedings. Under West Virginia Board of Governors' policies, accused students have the right to know the identity of people who testify against them, and to ask questions about witnesses' testimony in campus conduct proceedings. By filing a formal, written complaint or incident report with the Office of Student Conduct, the complainant gives permission for his or her name to be so included in the disciplinary record of the accused student. The Office of Student Conduct strives to respect and uphold the safety and privacy concerns of complainants and witnesses. The educational conduct records of all students are subject to complex regulations for confidentiality, information about witnesses, complainants, and the accused is generally restricted to those persons directly involved in deciding the outcome of the case or who have a bona fide legitimate educational need to know. Complainants, witnesses, and members of the public are not usually entitled to information about a student's campus conduct proceedings and educational record. However, victims of sexual assault and/or violence are in most circumstances entitled to know the final outcome of conduct proceedings against their alleged attackers. Complaints filed with the Office of Student Conduct are not criminal complaints and campus conduct proceedings are not offered as substitutes for criminal prosecution. Persons who witness criminal acts by students should report those acts to the appropriate law enforcement agency.

CONCURRENT CRIMINAL PROCEEDINGS:
Because students are also members of larger communities such as city, state and nation, their conduct may also be subject to review within another jurisdiction(s) when such conduct violates the laws of these jurisdictions. Criminal prosecution in the court system is designed to be punitive and to provide social consequences for convicted offenders. Therefore, disciplinary action under the Code of Student Rights and Responsibilities cannot substitute for judicial mechanisms of the larger community. Students charged under the University's Code of Student Rights and Responsibilities may also be held responsible for violating existing local, state, and federal law. Because the purposes and consequences of the two processes are so different, such concurrent reviews are mutually exclusive and do not create double jeopardy for charged students.

Disciplinary action at the University will in most cases proceed without regard to the status of criminal proceedings and will not be subject to challenge on the grounds that criminal charges involving the same incident have been dismissed or reduced. However, the University reserves the right to postpone campus disciplinary proceedings during the pendency of criminal proceedings when the conduct of such campus proceedings would interfere with the concurrent civil or criminal process. The decision to postpone on the grounds of interference will be made by the President or his/her designee upon the request of the accused student, as of the prosecutor or complainant.
PENDING CHARGES:

During the period in which student conduct charges are pending, a student under charges, unless suspended, or
when his/her continued participation or presence would serve to disrupt the purpose of the University, shall
continue to have the rights and privileges accorded other students. However, grades, records, transcripts, or
diplomas may be withheld pending determination of the charges.

INTERPRETATION OF REGULATIONS:

The purpose of publishing disciplinary regulations is to give students general notice of proscribed behavior. This
Code is not written with the specificity of a criminal statute.

DEFINITIONS:

Activity: All or any operations conducted, sponsored, promoted, operated or otherwise engaged in by Marshall
University, including but not limited to ... and not as limitation of the
foregoing classroom and course activities, recreational and cultural programs, committee or other business
activity, registration, advising, teaching, research, or service.

Administrative Hearing Examiner: A faculty or staff member versed in the student conduct process who, as an
alternative to a hearing panel, hears cases of alleged violations, renders decisions, and recommends sanctions.

Administrative Review Board (ARB): An interim review board to assist the Director of Student Conduct in
adjudicating complicated cases where a decision cannot be rendered based upon the weight of the evidence. The
board will consist of two faculty/staff members and one student who is currently part of the Faculty/Staff Board
Members and the Student Conduct/Advocate Society. This board will act as a decision making body to issue or not
issue sanctions in accordance with the student code when a case is referred by the Director of Student Conduct.

Typically, this will be for cases where the Director is unable to render a sanction or dismissal based upon the
weight of the evidence. This Review Board is not a replacement for the current Student Conduct Program which is
structured for the accused to have the ability to appeal a sanction issued by the Director. Due to the nature of the
Student Code of Conduct, with regard to sexual misconduct and the evidence that may or may not exist, all
cases of this nature will be referred to the Administrative Review Board to determine if a sanction is warranted. The
Director will determine other cases to be referred to the board. As with decisions rendered by the Director all
decisions rendered by the ARB may be appealed through the Student Conduct Process.

Advocate: A full-time student appointed who provides, on a voluntary basis, advice, assistance and
representation to students charged with violating the Code of Student Rights and Responsibilities. They may
also represent the University or assist in the representation of student complainants in presenting their cases at

6. O. Failure to report a change of address to the Register. (P)

SANCTIONS

The purpose of a sanction, in addition to protecting others, is primarily to educate an individual by increasing his/her awareness of the importance of responsibility to the University community for one's actions. This will ordinarily be the guiding force behind the imposition of sanctions by the University conduct system. In some instances, however, the community's need to properly function outweighs the University's ability to so educate an individual. In such a case, for the benefit of both the student and the community, suspension from the University may result. Normally, students facing suspension or expulsion from the institution will be entitled to a hearing prior to the imposition of the sanction. However, a student may be temporarily suspended pending final action on the charges when the student's continued presence on campus would constitute a potential for serious harm to himself/herself or to the safety of other members of the institutional community. Such temporary suspension shall be followed with speedy disciplinary proceedings consistent with these policies, rules and regulations. Also, a student who is expelled from one institution in the Board of Governors' system may not be considered for admission to another institution in the system until one year has elapsed after the student has been expelled. In addition, all other stipulations as stated in the Board of Governors' Policy Bulletin No-SA-1 shall apply.

The following sanctions may be imposed for violation of this code:

Expulsion (EX):

This sanction includes, termination of all student status, including any remaining right and/or privilege to receive any benefits, recognition or certification. Conditions for re-admission may be established only through written appeal to the President no sooner than one complete calendar year from the date the expulsion was placed in effect. During the expulsion, the person is barred from coming onto or using University property and facilities. The action will appear on the student's official transcript until such time as an appeal is made to and granted by the President to terminate the expulsion.

B. Suspension (SP):

This action involves separation of the student from the University as specified by the Student Conduct Board of the Office of Student Conduct for a definite stated period of time up to one academic year. Condition on resumption of activities, if any, also may be imposed. Notification appears on the student's official transcript until the expiration of the sanction. A suspended student may apply for re-admission to the University through the Office of Student Conduct at the end of the suspension period specified by the conduct action. The Office of Student Conduct may deny readmission in those instances where the suspended student fails to demonstrate a positive change in behavior which indicates that the suspended student is prepared to again become a responsible member of the University community. Numerous resources may be used to assist the student in identifying and clarifying experiences, goals, educational and career choices, and other personal objectives.

Two additional forms of suspension exist:

Probationary Suspension (PS):

Suspension is withheld pending careful evaluation of a student's behavior during a probationary period not to exceed one year. If the student is involved in any further offense, or if otherwise warranted, this suspension of disciplinary action may be revoked by the Dean of Student Affairs or his/her designee and the full sanction of
suspension enforced subject to appeal to the Conduct Board. While a student is on Probationary Suspension, any of the conditions outlined under probation may be imposed.

Deferred Suspension (DS):

This is suspension which becomes effective at a specified future date. It is normally used near the end of a semester to avoid the financial penalty of immediate suspension. During this period of deferred suspension, probationary status as described in Probationary Suspension above will exist.

Probation:

This action involves a specified period of time, not to exceed one year, determined by the Conduct Board or the Student Conduct Office during which a student in violation of one or more University regulations is given an opportunity to prove that he or she can become a responsible and positive member of the University community. A student violating any University regulation or the terms of probation while on probation may be subject to further disciplinary action as specified under this Code. When a student is placed on probation, the Office of Student Conduct will notify appropriate University offices of that action.

Probation may include one or more of the following:

- **Loss of Participation**: The student may not represent the University in any extracurricular activities such as intercollegiate athletics, debate teams, University Theater, band, etc.; however, the student may participate in informal activities of a recreational nature sponsored by the University.

- **Self-Improvement**: A program of self-development will be planned in conjunction with a faculty or staff person assigned to assist in a counseling/guidance capacity. Numerous resources may be used to assist the student in identifying and clarifying experiences, goals, educational and career choices, and other personal objectives.

- **Surrender of Student Activity Privileges**: A student required under this section to relinquish Student Activity privileges paid for by the Student Activity Fee may not participate in, or attend, events for which the Activity Fee is required or provides a discount or privilege. Exceptions may be granted by the Student Conduct Office in those instances where attendance at such events is required by academic courses or programs.

- **Loss of Privilege of Participation in Advanced Registration**: The student will relinquish his/her advanced registration privileges for one year. During this time, the student will register at the end of advanced registration for currently enrolled students. Exceptions may be granted by the Office of Student Conduct in those instances where the student is in need of a required course in order to progress academically.

**STUDENT CONDUCT APPEALS**

The party being charged and any complainant other than employees of Marshall University acting in their official capacities may appeal the decision.

1. Appeals from decisions of the Director of Student Conduct or the Administrative Review Board will be directed to the Conduct Hearing Panel.

2. Appeals from recommendations of the Conduct Hearing Board shall be directed to a) the Conduct Hearing Board or b) the President of Marshall University. Decisions of all appeals must be rendered within 10 days.

3. The Conduct Hearing Board shall consist of three voting members: the Dean of Student Affairs as Chair or an appointed Hearing Officer, a full time faculty member, and two University students. The Chair of the Faculty
Senate will select the faculty member. In consultation with the Dean of Student Affairs, the Student Government President will appoint the student members. Both the faculty and student appointments will be selected on a case by case basis, ensuring that the board representatives are not affiliated with the accused student. At the discretion of the Chair, substitutes may be named when necessary.

4. The Conduct Hearing Board will address all appeals where the recommended sanction is formal warning, probation, probationary suspension, or other sanctions of less severity. In these cases the decision of the Conduct Appeal Board is final.

5. Appeals for cases wherein the sanction is Deferred Suspension, Suspension, or Expulsion shall be considered by the President or his/her designee, which may include the Conduct Hearing Board. Except in cases where the recommended sanction is expulsion, the decision of the President is final. In cases where the President has imposed a sanction of expulsion, an appeal may be filled with the Marshall University Board of Governors.

The request for appeal from a recommendation of the Director of Student Conduct, the Administrative Review Board, or the Conduct Hearing Board must be submitted in writing on Intent to Appeal Form to the Office of Student Conduct within forty-eight (48) hours (not including days the University is closed) from the conclusion of the Conduct Hearing or receipt of an official notification from all other decisions. The President or Dean of Student Affairs at his/her discretion may extend the deadline for filing an appeal upon the motion from either party.

The Conduct Hearing Board’s findings regarding the charge(s) must be affirmed or remanded to the original hearing board. The Conduct Hearing Board’s recommendation regarding sanctions may be affirmed, modified, or remanded to the original hearing board for further action as deemed appropriate. A written explanation of the grounds for appeal should be presented by the appellant within three (3) business days from the date of the appeal is filed. The scope of review shall be limited to the following:

1. Procedural errors.
2. Evidence not available at the time of the hearing.
3. Insufficient evidence to support the findings of the Conduct Board.
4. Misinterpretation of University policies and regulations by the Conduct Board.
5. A sanction or sanctions disproportionate to the offense.

All appeals to the Conduct Hearing Board or the President shall be considered upon the record of the original proceedings of the Conduct Hearing Board. The President or Dean of Student Affairs, at his/her discretion, may defer the imposition of sanction pending final disposition of the appeal. In the case of expulsion, the President must defer the imposition of sanction when a student files an appropriate appeal with the Board of Governors. A student desiring to appeal the sanction of expulsion must, within three (3) working days, indicate to the President, in writing, Intent to appeal the decision to the Board of Governors. A written petition of appeal must be filed with the Chancellor of the Board of Governors within fifteen (15) days of the institutional President’s decision. If the Board of Governors determines that the petition will not be heard, the decision of the President of the institution is affirmed and sanctions imposed therein shall be effective upon the President’s receipt of the statement of denial.

NOTIFICATION TO PARENTS:

The Dean of Student Affairs has the authority to notify parents or guardians when students under the age of 21 are found to have committed violations of University policies related to the possession, use, or distribution of alcohol or drugs. The notification of parents is indicated when:

(1) The violation involved harm or threat of harm to persons or property
(2) The violation involved an arrest in which the student was taken into custody
(3) The violation resulted in or could result in the student being suspended from the University and/or dismissed from residence halls.

(4) The student has shown a pattern of violations - even if they are minor. Two or more violations associated with drug or alcohol use would be reasonable cause for notice.

(5) The student who committed the violation became physically ill and/or required medical intervention as a result of consumption of alcohol and/or drugs.

Nothing in these guidelines shall prevent University officials from notifying parents or guardians of health or safety emergencies, regardless of the conduct status of the student. Nothing in these guidelines shall prevent the University from notifying parents or guardians when students under the age of twenty-one are involved in a group activity off campus, in which the students' organization is found to have violated University policy with respect to the use and/or consumption of alcohol or drugs. Whenever possible, students will be informed that parental notification is planned in advance of their parents' receiving the notice. The notification of parents is simply an act of notice and is not subject to Conduct Appeal.

RESIDENCE SERVICES POLICY AND CONTRACT VIOLATIONS:

The Department of Housing and Residence Life (HRL) establishes, with the approval of the Student Conduct and Welfare committee, rules, policies and enforcement structures necessary to maintain the orderly functioning of campus residence halls.

By signing the Housing and Residence Life Contract, the student agrees to respect and adhere to all policies, regulations and procedures pertaining to University housing and food services as outlined in the contract. If the student is found to be in violation of any University policies or regulations as specified in the contract, the University reserves the right to change the student's assignment or to consider the contract terminated. When residency is terminated under these conditions, refunds will be made in accordance with the terms of the contract. All University students are expected to abide by the Housing and Residence Life rules and policies when visiting residence halls. Any University student who violates HRL Policies may be subject to loss or restriction of residence hall privileges.

HRL policies and procedures (referred to in Standard 6.F. of the Code of Student Rights and Responsibilities) are described in the Residence Hall Guide. Violations result in HRL based sanctions. HRL incidents that involve suspected use or possession of drugs or alcohol, or any actions that could, under the Code, result in Suspension or Expulsion, must be referred to the Office of Student Conduct.

Residence Services Sanctions and Disciplinary Points:

Each sanction carries a point value. An accumulation of 6 points in any academic year shall result in cancellation of the student's housing contract or, for non-residents, cancellation of visiting privileges, subject to appeal as defined below.

- Residence Services Written Warning — 1 point
- Residence Services Restrictions / Loss of Privileges — 2 points
- Disciplinary Room Change (may also include restrictions) — 2 points
- Residence Services Probation (may also include restrictions; room change) — 3 points
- Contract Cancellation/Cancellation of Non-Resident Privileges — 6 points

The Department of Housing and Residence Life may also assign points to students who are found to be in violation of the Code of Student Rights and Responsibilities as a result of acts committed in Residence halls, or as a result of
acts that affect or endanger persons, property, or services within the residence halls. The Office of Student Conduct notifies the Department of Housing and Residence Life of the final outcome of all disciplinary proceedings related to residence halls. HRL may assign 1 point for each Formal Warning, 2 points for Probation, and 3 points for Probationary Suspension received as sanctions through the Office of Student Conduct.

Resident contract cancellation or non-resident privilege cancellation by the Department of Housing and Residence Life for disciplinary reasons shall be recorded in the student’s file in the Office of Student Conduct as a probationary-level violation of Standard 6 of the Code of Student Rights and Responsibilities. The Residence Services points system does not affect the University’s authority to dismiss or ban a student from campus housing as a condition of a disciplinary sanction issued under the Code of Student Rights and Responsibilities.

For information about disciplinary and appeals processes in Residence Halls, consult the Residence Hall Guide.
The Code of Student Rights and Responsibilities, also referred to as the Code of Conduct, reflects the University community's expectations and standards established for each of its members. The Code and Student Conduct system are founded on principles of fairness and due process, and a commitment to the educational development of students, and are designed to balance the interests of the University community as a whole with the protection of student's individual liberties.

Disciplinary action on campus deals administratively and developmentally with prohibited or unacceptable student behavior in the University community. Any complaint may refer any student or organization to the Office of Student Conduct. Official University action will be taken when a student's or student group's behavior violates community standards, interferes either with the University's educational purpose, or with its duty to protect and preserve individual health, welfare, and property. When the behavior is aggravated or presents a continuing danger to the University community, accused students are subject to separation from the institution.

Thus, the primary purpose of this Code is to serve the interests of both the Marshall Community and individual student(s) by: (1) Establishing a general policy on student life, including a statement on student rights and responsibilities, at Marshall University. (2) Identifying behavioral expectations for students and certain prohibited acts by students at Marshall University. (3) Prescribing penalties and sanctions for such prohibited conduct. (4) Defining generally the powers, authority and duties to be exercised under the control of the Board of Governors, by the president and the officials of Marshall University in applying these policies, rules and regulations. (5) Implementing sanctions and/or providing conflict resolution in the University setting to protect, deter, and educate.

Authority for Student Discipline

The Marshall University Student Conduct System and the Code of Student Rights and Responsibilities are imposed under the authority of the Board of Governors of the University of West Virginia System. Board of Governor’s Policy Bulletin No. SA-1 sets forth policies, rules and regulations regarding student rights, responsibilities and conduct in West Virginia Universities and Colleges. Students should familiarize themselves with Policy Bulletin 1 which is printed in this Student Handbook. (maybe a page number)

By action of the Board of Governors, the President of the University is responsible for all matters of student discipline, including the preservation of due process procedures. This responsibility is normally delegated to the Dean of Student Affairs and the Office of Student Conduct for the purpose of implementing approved policies and regulations. However, the President is the ultimate authority in the regulation of a student’s conduct, including direct intervention by the President when appropriate.

The Code of Student Rights and Responsibilities and the Student Conduct System are subject to change and amendment. Marshall University’s student-based system gives students maximum opportunities to participate in the formulation of policies concerning student conduct and in the adjudication of cases arising under conduct policies. Maintenance of discipline and preservation of community standards are the concerns of all students, faculty, staff, and administration. All members of the University community will be provided with appropriate opportunities for representation and involvement in the development, revision, and maintenance of the Code of Student Rights and Responsibilities. All changes made shall take effect immediately following approval by the Student Conduct and Welfare Committee, the Faculty Senate, and the President of the University.
